

Elise Kimerling Wirtschafter

**FROM SERF TO
RUSSIAN SOLDIER**

From Serf To Russian Soldier

Daniel Moran, Arthur Waldron

From Serf To Russian Soldier:

From Serf to Russian Soldier Elise Kimerling Wirtschafter, 2014-07-14 Here is the first social history devoted to the common soldier in the Russian army during the first half of the 19th century an examination of soldiers as a social class and the army as a social institution By providing a comprehensive view of one of the most important groups in Russian society on the eve of the great reforms of the mid 1800s Elise Wirtschafter contributes greatly to our understanding of Russia s complex social structure Based on extensive research in previously unused Soviet archives this work covers a wide array of topics relating to daily life in the army including conscription promotion and social mobility family status training the regimental economy military justice and relations between soldiers and officers The author emphasizes social relations and norms of behavior in the army but she also addresses the larger issue of society s relationship to the autocracy including the persistent tension between the tsarist state s need for military efficiency and its countervailing need to uphold the traditional norms of unlimited paternalistic authority By examining military life in terms of its impact on soldiers she analyzes two major concerns of tsarist social policy how to mobilize society s resources to meet state needs and how to promote modernization in this case military efficiency without disturbing social arrangements founded on serfdom Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Cambridge History of Russia: Volume 2, Imperial Russia, 1689-1917 Maureen Perrie, D. C. B. Lieven, Ronald Grigor Suny, 2006-08-17 A definitive new history of Russia from early Rus to the collapse of the Soviet Union

The Imperial Russian Army in Peace, War, and Revolution, 1856-1917 Roger R. Reese, 2019-11-21 In December 1917 nine months after the disintegration of the Russian monarchy the army officer corps one of the dynasty s prime pillars finally fell a collapse that in light of World War I and the Bolshevik Revolution historians often treat as inevitable The Imperial Russian Army in Peace War and Revolution 1856 1917 contests this assumption By expanding our view of the Imperial Russian Army to include the experience of the enlisted ranks Roger R Reese reveals that the soldier s revolt in 1917 was more social revolution than anti war movement and a revolution based on social distinctions within the officer corps as well as between the ranks Reese s account begins in the aftermath of the Crimean War when the emancipation of the serfs and consequent introduction of universal military service altered the composition of the officer corps as well as the relationship between officers and soldiers More catalyst than cause World War I exacerbated a pervasive discontent among soldiers at their ill treatment by officers a condition that reached all the way back to the founding of the Russian army by Peter I It was the officers refusal to change their behavior toward the soldiers and each other over a fifty year period Reese

argues capped by their attack on the Provisional Government in 1917 that fatally weakened the officer corps in advance of the Bolshevik seizure of power As he details the evolution of Russian Imperial Army over that period Reese explains its concrete workings from the conscription and discipline of soldiers to the recruitment and education of officers to the operation of unit economies honor courts and wartime reserves Marshaling newly available materials his book corrects distortions in both Soviet and Western views of the events of 1917 and adds welcome nuance and depth to our understanding of a critical turning point in Russian history

Late Imperial Russia Ian Thatcher, 2024-06-04 This volume offers a detailed examination of the stability of the late imperial regime in Russia Students and scholars will appreciate the lively summaries of the latest scholarship in political economic social cultural and international history Accessible yet insightful contributions cover the historiography of complex topics such as peasants workers revolutionaries foreign relations and Nicholas II In addition there are original studies of some of the leading intellectuals of the time The late imperial economy is examined through the writings of Tugan Baranovsky There is an account of M N Pokrovskii s radical interpretation of late imperial Russia s historical path of development The state of the Russian theatre is studied through the lives of theatrical impresarios Each chapter also highlights a unique interpretation suggesting new lines of inquiry and research This book will be compulsory reading for students of Russian and European history of the late nineteenth and early twentieth centuries seeking to better understand why Tsarism collapsed in 1917

Strategy and Power in Russia 1600-1914 William C. Fuller, 1998-10-01 A pioneering effort to trace the evolution of military power and military strategy of tsarist Russia during the rule of the Romanov dynasty Richard Pipes Baird Professor of History Harvard University

Reforming the Tsar's Army David Schimmelpenninck van der Oye, Bruce W. Menning, 2004-03-18 This volume examines how Imperial Russia s armed forces sought to adapt to the challenges of modern warfare From Peter the Great to Nicholas II rulers always understood the need to maintain an army and navy capable of preserving the empire s great power status Yet they inevitably faced the dilemma of importing European military and technological innovations while keeping out political ideas that could challenge the autocracy s monopoly on power Within the context of a constant race to avoid oblivion the impulse for military renewal emerges as a fundamental and recurring theme in modern Russian history

The Russian Armed Forces at the Dawn of the Millennium, 2000 This anthology is an outgrowth of a conference titled The Russian Armed Forces at the Dawn of the Millennium held at the Collins Center of the Army War College s Center for Strategic Leadership from 7 through 9 February 2000 The genesis for the conference was the realization by several members of the staff of the Collins Center and Army War College faculty that the U S led NATO operation in Kosovo resulted in a significant shift of Russian views on the United States and NATO The conference also complemented our general objective of examining the changing environment in which the United States including its armed forces finds itself The conference brought together over 50 individuals from academia and the policy and intelligence communities to examine the current state of the Russian military Focusing primarily

on the socio political dimension of the military but not ignoring the military technical dimension the presentations delivered during the conference looked at Russia s domestic environment the state of the military perceived threats and Russia s capacity to generate responses to those threats DTIC web site

Iranian-Russian Encounters Stephanie Cronin,2013

Over the past two hundred years encounters between Iran and Russia have been both rich and complex This book explores the myriad dimensions of the Iranian Russian encounter during a dramatic period which saw both Iran and Russia subject to revolutionary upheavals and transformed from multinational dynastic empires typical of the nineteenth century to modernizing authoritarian states typical of the twentieth The collection provides a fresh perspective on traditional preoccupations of international relations wars and diplomacy the hostility of opposing nationalisms the Russian imperial menace in the nineteenth century and the Soviet threat in the twentieth Going beyond the traditional this book examines subaltern as well as elite relations and combines a cultural social and intellectual dimension with the political and diplomatic In doing so the book seeks to construct a new discourse which contests the notion of an implacable enmity between Iran and Russia Bringing together leading scholars in the field this book demonstrates extensive use of family archives Iranian Russian and Caucasian travelogues and memoirs and newly available archives in both Iran and the countries of the former Soviet Union Providing essential background to current international tensions this book will be of particular use to students and scholars with an interest in the Middle East and Russia

The Abolition of Serfdom in Russia David Moon,2014-09-25

In February 1861 Tsar Alexander II issued the statutes abolishing the institution of serfdom in Russia The procedures set in motion by Alexander II undid the ties that bound together 22 million serfs and 100 000 noble estate owners and changed the face of Russia Rather than presenting abolition as an event that happened in February 1861 The Abolition of Serfdom in Russia presents the reform as a process It traces the origins of the abolition of serfdom back to reforms in related areas in 1762 and forward to the culmination of the process in 1907 Written in an engaging and accessible manner the book shows how the reform process linked the old social economic and political order of eighteenth century Russia with the radical transformations of the late nineteenth and early twentieth centuries that culminated in revolution in 1917

Between Mutiny and Obedience Leonard V. Smith,2014-07-14

Literary and historical conventions have long painted the experience of soldiers during World War I as simple victimization Leonard Smith however argues that a complex dialogue of resistance and negotiation existed between French soldiers and their own commanders In this case study of wartime military culture Smith analyzes the experience of the French Fifth Infantry Division in both pitched battle and trench warfare The division established a distinguished fighting record from 1914 to 1916 yet proved in 1917 the most mutinous division in the entire French army only to regain its elite reputation in 1918 Drawing on sources from ordinary soldiers to well known commanders such as General Charles Mangin the author explains how the mutinies of 1917 became an explicit manifestation of an implicit struggle that took place within the French army over the whole course of the war Smith pays particular attention to the

pivotal role of noncommissioned and junior officers who both exercised command authority and shared the physical perils of men in the lower ranks He shows that soldiers broadly defined learned to determine rules of how they would and would not fight the war and imposed these rules on the command structure itself By altering the parameters of command authority in accordance with their own perceived interests soldiers and commanders negotiated a behavioral space between mutiny and obedience Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Fiscal-Military State in Eighteenth-Century Europe Christopher Storrs, 2016-03-03 In recent decades historians of early modern Europe and above all those who study the eighteenth century have elaborated the concept of what has been called the fiscal military state This is a state whose international effectiveness was founded upon the development of large armed forces whose performance and supply necessitated both further administrative development and the provision of large sums the raising of which involved unprecedented levels of taxation and borrowing by governments The present collection of essays by leading authorities in their individual fields all of whom have published widely on their chosen topic explores the subject of the fiscal military state by focusing on its leading exemplars in eighteenth century Europe Austria Britain France Prussia and Russia It also includes a chapter on the Savoyard state the kingdom of Sardinia a lesser power whose career illuminates by comparison developments elsewhere In addition and rather unusually a further chapter considers the fiscal military state in a broader comparative international context in the arena of international relations Each chapter provides a summary of the state of knowledge regarding the fiscal military state debate insofar as it relates to the state under consideration As well as contributing to that debate they take matters further by systematically analysing the sources of wealth and income and the way these were tapped and the broader impact that this attempt to extract resources had on society and the state both in the short and longer term The differing patterns and the variety of models of fiscal military state makes for ease of comparison across Europe making the volume an invaluable resource to both students and researchers alike

The Crimean War Orlando Figes, 2011-04-12 Please note that the maps available in the print edition do not appear in the ebook From the great storyteller of modern Russian history Financial Times the definitive account of the forgotten war that shaped the modern age The Charge of the Light Brigade Florence Nightingale these are the enduring icons of the Crimean War Less well known is that this savage war 1853-1856 killed almost a million soldiers and countless civilians that it enmeshed four great empires the British French Turkish and Russian in a battle over religion as well as territory that it fixed the fault lines between Russia and the West that it set in motion the conflicts that would dominate the century to come In this masterly history Orlando

Figes reconstructs the first full conflagration of modernity a global industrialized struggle fought with unusual ferocity and incompetence Drawing on untapped Russian and Ottoman as well as European sources Figes vividly depicts the world at war from the palaces of St Petersburg to the holy sites of Jerusalem from the young Tolstoy reporting in Sevastopol to Tsar Nicolas haunted by dreams of religious salvation from the ordinary soldiers and nurses on the battlefields to the women and children in towns under siege Original magisterial alive with voices of the time The Crimean War is a historical tour de force whose depiction of ethnic cleansing and the West's relations with the Muslim world resonates with contemporary overtones At once a rigorous original study and a sweeping panoramic narrative The Crimean War is the definitive account of the war that mapped the terrain for today's world

The People in Arms Daniel Moran, Arthur Waldron, 2006-11-02 The People in Arms first published in 2002 is concerned with the mass mobilization of society for war It takes as its starting point the French levée en masse of 1793 which replaced former theories and regulations concerning the obligation of military service with a universal concept more encompassing in its moral claims than any that had prevailed under the Ancien Régime The levée en masse has accordingly gone down in history as a spontaneous free expression of the French people's ideals and enthusiasm It also became a crucial source for one of the most powerful organizing myths of modern politics that compulsory mass social mobilizations merely express and give effective form to the wishes or higher values of society and its members The aim of the papers presented here is to analyse and compare episodes in which this distinctive ideological configuration has played a leading role

War and Enlightenment in Russia Eugene Miakinkov, 2020-06-16 War and Enlightenment in Russia explores how members of the military during the reign of Catherine II reconciled Enlightenment ideas about the equality and moral worth of all humans with the Russian reality based on serfdom a world governed by autocracy absolute respect for authority and subordination to seniority While there is a sizable literature about the impact of the Enlightenment on government economy manners and literature in Russia no analytical framework that outlines its impact on the military exists Eugene Miakinkov's research addresses this gap and challenges the assumption that the military was an unadaptable and vertical institution Using archival sources military manuals essays memoirs and letters the author demonstrates how the Russian militaires philosophes operationalized the Enlightenment by turning thought into reality

Napoleonic Wars Frederick C. Schneid, 2012 The essential bibliography of the Napoleonic Wars

A Companion to Women's Military History Barton Hacker, Margaret Vining, 2012-08-17 This volume addresses the changing relationships between women and armed forces from antiquity to the present eight chapters review the existing literature an extended picture essay visually documents women's military work and eight chapters illustrate more restricted topics

The Routledge Handbook of the Crimean War Candan Badem, 2021-09-14 The Routledge Handbook of the Crimean War is an edited collection of articles on the various aspects of the Crimean War written by distinguished historians from various countries Part I focuses on diplomatic military and regional perspectives Part II includes contributions on social cultural and international issues around

the war All contributions are based upon findings of the latest research While not pretending to be an exhaustive encyclopaedia of this first modern war the present volume captures the most important topics and the least researched areas in the historiography of the war The book incorporates new approaches in national historiographies to the war and is intended to be the most up to date reference book on the subject Chapters are devoted to each of the belligerent powers and to other peripheral states that were involved in one way or another in the war The volume also gives more attention to the Ottoman Empire which is generally neglected in European books on the war Both the general public and students of history will find the book useful balanced and up to date

The Military and Society in Russia, 1450-1917 Eric Lohr, Marshall Poe, 2002-11-01 This book explores the interaction of the Russian military and society in the early modern and modern period In contrast to straightforward military histories the volume is concerned with the myriad political economic and cultural currents that shaped the Russian armed forces from their beginnings in Muscovite times to the end of World War I The book begins with an attempt by the editors to provide a large frame in which to place the various contributions What follows are three topical sections including 22 detailed often archival based monographic articles The first section concerns The Military and Society in Muscovy the second section focuses on The Military and Society in Imperial Russia The third part analyzes Patriotism Nationality Religion and the Military

The Struggle for the Eurasian Borderlands Alfred J. Rieber, 2014-03-20 This book explores the Eurasian borderlands as contested shatter zones which have generated some of the world's most significant conflicts Analyzing the struggles of Habsburg Russian Ottoman Iranian and Qing empires Alfred J Rieber surveys the period from the rise of the great multicultural conquest empires in the late medieval early modern period to their collapse in the early twentieth century He charts how these empires expanded along moving military frontiers competing with one another in war diplomacy and cultural practices while the subjugated peoples of the borderlands strove to maintain their cultures and to defend their autonomy The gradual and fragmentary adaptation of Western constitutional ideas military reforms cultural practices and economic penetration began to undermine these ruling ideologies and institutions leading to the collapse of all five empires in revolution and war within little more than a decade between 1911 and 1923

Russian Army of the Seven Years War (1) Angus Konstam, 2021-06-24 During the long and costly conflict known as the Great Northern War 1700-1721 Peter the Great and his newly formed Russian army which was modelled on western European lines defeated their Swedish counterparts who were generally regarded as being the finest troops in Europe Angus Konstam examines the development equipment and organisation of the Russian army following the death of Peter the Great and describes its emergence from three decades of experimentation and political involvement as a major military power during the Seven Years War This first of two volumes covers the Russian infantry with its companion Men at Arms 298 focusing on the cavalry

From Serf To Russian Soldier Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free From Serf To Russian Soldier PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free From Serf To Russian Soldier PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries,

ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of From Serf To Russian Soldier free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About From Serf To Russian Soldier Books

1. Where can I buy From Serf To Russian Soldier books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a From Serf To Russian Soldier book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
