Legendary Coasts Sadun Boro, Gökçen Adar, Şadan Gökovalı, 2000 Journeys on the Silk Road Through Ages—Romance, Legend, Reality Avijeet Bhattacharya, 2017-10-11 Journeys on the Silk Road Through Ages Romance Legend Reality is a compelling narrative about the legendary Silk Road down the ages It takes us back to the nearly forgotten times when the dusty long road was discovered by herders and nomads in search of pastures and oases It was a long trek into the unknown This gradually turned into the fabled Silk Road spanning from China and across Central Asia with its numerous trade routes staging posts caravanserais on the one hand and the rugged landscape through steppes across mountains deserts and nations on the other The Silk Road stood out like a great artery that sustained for centuries The Road with its routes conveyed not only commerce but also ideas and philosophy of the far east China to the far flung Roman Empire in the west drawing from and contributing to other regions and countries that fell along the way Turkestan Afghanistan India Persia Mesopotamia Palestine Phoenicia and Anatolia thus linking the ancient and the medieval worlds It was an enterprise of gigantic proportions the great highway witnessed trade in almost all products with silk precious stones porcelain metals and horses as chief commodities Of these silk was the foremost merchandise that merchants transported on camel caravans and upon mules from the Land of Serica Slaves too were traded Monks and warriors also walked along the trodden path Merchants exchanged goods which made trade possible bringing in a flow of wealth while monks and warriors exchanged philosophy ideas and statecraft despite conflicts and wars The narrative travels back to the times when the road started making history by joining imperial Xi'an with imperial Rome a distance of more than 8 000kms during the period of China's Han Dynasty sometime around 200 BC This strangely endured till the present days of Communist China and OBOR deliberating the Chinese Puzzle The book is an adventurous amalgamation of history travel and the unanticipated and not merely a clichéd travel account It presents a fascinating story of realms rulers travellers and merchants both ancient and modern with captivating collection of anecdotes lore and current realities from far and wide Its brilliant web makes the book immensely readable *Rock Coast Geomorphology* D.M. Kennedy, W.J. Stephenson, L.A. Naylor, 2014-08-20 Rocky landforms dominate large portions of the world's coast Cliffs and shore platforms form spectacular landscapes yet when compared to other landforms they are relatively unstudied with many contemporary controversies dating back to the mid nineteenth century The past decade has seen a reinvigoration of research driven by advances in technology that now enable precise measurements of erosion to the micron scale and quantification of wave energy onto and through cliff edifices to be made as well as being able to directly date rock surfaces In order to integrate this diverse range of research this volume's regional approach first integrates the latest data with longstanding theory and then analyses this research through the boundary conditions that exist in each area The volume brings together the research leaders in the field includes chapters on nearly all the major rock coasts of the world and identifies future research needs *DK Eyewitness Turkey* DK Eyewitness, 2016-05-17

Margaret R. Greer, Walter D. Mignolo, Maureen Quilligan, 2008-09-15 The phrase The Black Legend was coined in 1912 by a Spanish journalist in protest of the characterization of Spain by other Europeans as a backward country defined by ignorance superstition and religious fanaticism whose history could never recover from the black mark of its violent conquest of the Americas Challenging this stereotype Rereading the Black Legend contextualizes Spain's uniquely tarnished reputation by exposing the colonial efforts of other nations whose interests were served by propagating the Black Legend A distinguished group of contributors here examine early modern imperialisms including the Ottomans in Eastern Europe the Portuguese in East India and the cases of Mughal India and China to historicize the charge

of unique Spanish brutality in encounters with indigenous peoples during the Age of Exploration The geographic reach and linguistic breadth of this ambitious collection will make it a valuable resource for any discussion of race national identity and religious belief in the European Renaissance
