From The Auroral Darkness The Life And Poetry Of Robert Hayden:

From the Auroral Darkness Dr. John Hatcher, John S. Hatcher, 1984 **From the Auroral Darkness** Dr. John Hatcher, John S. Hatcher, 1984 Robert Hayden Laurence Goldstein, Robert Chrisman, 2013-10-16 This collection of essays by leading critics and poets charts Robert Hayden's growing reputation as a major writer of some of the twentieth century's most important poems on African American themes including the famed Middle Passage and Frederick Douglass. The essays illuminate the themes and techniques that established Hayden as a modernist writer with affinities to T. S. Eliot, Federico Garcia Lorca and W. B. Yeats as well as to traditions of African American writings that include such figures as Countee Cullen and Langston Hughes. *Robert Hayden: Essays on the Poetry* is the first and only book to collect significant essays on this distinguished poet. Covering sixty years of commentary, book reviews, essays, and Hayden's own published materials, this volume is an invaluable contribution to our understanding of the poet's vision, experience, artistry, and influence. The book includes forty different works that examine the life and poetry of Hayden, the first African American to serve as Consultant in Poetry to the Library of Congress, the post now called Poet Laureate, and to receive the Grand Prix de la Poesie at the First World Festival of Negro Arts in Dakar, Senegal in 1966. A Study Guide for Robert Hayden's "Runagate Runagate" Gale, Cengage Learning, 2016 A Study Guide for Robert Hayden's *Runagate Runagate* excerpted from Gale's acclaimed *Poetry for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Poetry for Students* for all of your research needs. **A Study Guide for Robert Hayden's "The Whipping"** Gale, Cengage Learning, 2016 **Situating Poetry** Joshua Logan Wall, 2022-10-11 Focusing on five poets of the New York literary scene in the period between 1910 and 1940, the author shows that fractioned ethnic and immigrant groups could locate democratic communities through innovative poetic forms in which belonging was produced not by identity narratives but through attention directed to particular genres. *Crossroads Modernism* Edward Michael Pavlić, 2002 *Crossroads Modernism* provides an in-depth look at how West African cultural legacies are brought to bear in the structure of a truly African American modernist creative process. Whereas much has been said about the generally racist use of blackness in constituting modernism, *Crossroads Modernism* is the first book to expose the key role that modernism has played in the constitution of blackness in African American aesthetics. Publisher Encyclopedia of the Harlem Renaissance: A-J Cary D. Wintz, Paul Finkelman, 2004 From the music of Louis Armstrong to the portraits by Beauford Delaney, the writings of Langston Hughes to the debut of the musical *Show Boat*, the Harlem Renaissance is one of the most significant developments in African American history in the twentieth century. The *Encyclopedia of the Harlem Renaissance* in two volumes and over 635 entries is the first comprehensive compilation of information on all aspects of this creative dynamic period. For a full list of entries, contributors, and more, visit the *Encyclopedia of Harlem Renaissance* website. The Oxford Encyclopedia of American Literature Jay Parini, 2004 The

Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the Encyclopedia lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail, with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The Encyclopedia also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross references helps readers locate information with ease. The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature, libraries looking for one comprehensive source, and readers interested in American literature, its authors, and its connection with various areas of study.

Harlem Renaissance Lives from the African American National Biography Henry Louis Gates (Jr.), Evelyn Brooks Higginbotham, 2009. The Harlem Renaissance is the best known and most widely studied cultural movement in African American history. Now in *Harlem Renaissance Lives*, esteemed scholars Henry Louis Gates Jr. and Evelyn Brooks Higginbotham have selected 300 key biographical entries culled from the eight-volume *African American National Biography*, providing an authoritative who's who of this seminal period. Here readers will find engagingly written and authoritative articles on notable African Americans who made significant contributions to literature, drama, music, visual art, or dance, including such central figures as poet Langston Hughes, novelist Zora Neale Hurston, aviator Bessie Coleman, blues singer Ma Rainey, artist Romare Bearden, dancer Josephine Baker, jazzman Louis Armstrong, and the intellectual giant W. E. B. Du Bois. Also included are biographies of people like the Scottsboro Boys, who were not active within the movement but who nonetheless profoundly affected the artistic and political statements that came from Harlem Renaissance figures. The volume will also feature a preface by the editors, an introductory essay by historian Cary D. Wintz, and 75 illustrations.

A Placeless Sun Dimitri Tishler, 2023-05-29. Allison's plane lands in New York on a wintry November afternoon in 1998, where she will begin a MA in philosophy at Columbia University. In New York, Allison reconnects with an old friend Nava, who introduces Allison to her brother Hooman. Allison strikes up a friendship with Hooman. Allison had begun to experience strange, altered mental patterns that she feared could be an emerging madness, but with Hooman's help, she eventually finds rhythms of convergence in her life within a mystical framework of ideas hidden within old Egyptian funerary texts like the Book of Gates and mystical texts written by Bah'u'llah, the prophet-founder of the Bah' Faith. Together, Allison and Hooman come to realize that the world they knew never existed to begin with; a new world, both disturbingly beautiful and sublime, rises up to meet them, and they will never be the same again, connected as they are.

Cook, James Tatum, 2024-05-31 Constraints on freedom education and individual dignity have always been fundamental in determining who is able to write when and where Considering the singular experience of the African American writer William W Cook and James Tatum here argue that African American literature did not develop apart from canonical Western literary traditions but instead grew out of those literatures even as it adapted and transformed the cultural traditions and religions of Africa and the African diaspora along the way Tracing the interaction between African American writers and the literatures of ancient Greece and Rome from the time of slavery and its aftermath to the civil rights era and on into the present the authors offer a sustained and lively discussion of the life and work of Phillis Wheatley Frederick Douglass Ralph Ellison and Rita Dove among other highly acclaimed poets novelists and scholars Assembling this brilliant and diverse group of African American writers at a moment when our understanding of classical literature is ripe for change the authors paint an unforgettable portrait of our own reception of classic writing especially as it was inflected by American racial politics

Book jacket Liberation Memories Keith Gilyard, 2003-04-01 This first book length study of John Oliver Killens aims to help secure his place in literary history and explores his creation of an inspiring Black vernacular art one that ennoble people of African descent and urges their political liberation No serious history of the development of the African American novel from the 1950s onward can be written without reference to John Oliver Killens A two time nominee for the Pulitzer Prize and founding chairman of the legendary Harlem Writers Guild Killens was regarded by many as a spiritual father who inspired a generation of African American novelists with his politically charged works And yet today he rarely receives proper critical attention Seeking to strengthen our understanding of this important literary figure Keith Gilyard departs from standard critical frameworks to reveal Killens s novels as artful renderings of rich African American rhetorical forms and verbal traditions Gilyard finds that many critics adhering to ideals of art for art s sake or narrative conciseness are ill equipped to appreciate the many ways in which Killens s fiction succeeds Rejecting the pure art position Killens sought to articulate Black heroism particularly within a family or community context offering a set of values he deemed liberatory He focused on rendering noble and polemical characters and his work represents a distinguished fusion of sociopolitical persuasion rhetoric and literary artifact poetics To help illuminate such novels as *Youngblood* 1954 *And Then We Heard the Thunder* 1962 and *The Cotillion* 1971 Gilyard examines Killens s work as an essayist and cultural organizer highlighting his activism His life and literary production can be partly characterized Gilyard suggests by the African American jeremiad a major rhetorical form in the Black intellectual tradition expressing faith that America s destiny is to become an authentic pluralistic democracy
