From The Fountainhead To The Future And Other Essays On Art And Excellence:

"From the Fountainhead to the Future" and Other Essays on Art and Excellence Alexandra York, 2000 **Philosophers of Capitalism** Edward W. Younkins, 2005-11-10 Philosophers of Capitalism provides an interdisciplinary approach attempting to discover the feasibility of an integration of Austrian Economics and Ayn Rand's philosophy of Objectivism. In the first section of the book Edward W. Younkins supplies essays presenting the essential ideas of Carl Menger, Ludwig von Mises, and Ayn Rand. Building upon these essential ideas, the second portion of the book brings together scholarly perspectives from top academics analyzing Menger, von Mises, and Rand. The third and final section of the book looks toward the future and the possibility of combining and extending the insights of these champions of a free society, emphasizing how the errors, omissions, and oversights made by one theorist can effectively be negated or compensated for by integrating insights from one or more of the others. Featuring a list of recommended reading for the major ideas and theorists discussed, *Philosophers of Capitalism* is an essential book for both philosophers and economists. *Ayn Rand's Atlas Shrugged* Edward W. Younkins, 2016-04-15 Since its publication in 1957, *Atlas Shrugged*, the philosophical and artistic climax of Ayn Rand's novels, has never been out of print and has received enormous critical attention, becoming one of the most influential books ever published, impacting on a variety of disciplines including philosophy, literature, economics, business, and political science, among others. More than a great novel, *Atlas Shrugged* is an abstract, conceptual, and symbolic work that expounds a radical philosophy, presenting a view of man and man's relationship to existence and manifesting the essentials of an entire philosophical system: metaphysics, epistemology, politics, and ethics. Celebrating the fiftieth year of *Atlas Shrugged*'s publication, this companion is an exploration of this monumental work of literature. Contributions have been specially commissioned from a diversity of eminent scholars who admire and have been influenced by the book; the included essays analyze the novel's integrating elements of theme, plot, and characterization from many perspectives and from various levels of meaning. *Soul Celebrations and Spiritual Snacks* Alexandra York, 2019-11-18 This guidebook on secular spirituality will appeal to both religious and nonreligious people. Basing its premises in values and everyone has values, it offers broad avenues and private paths to achieve sustained, empowering, exalted, and expanding Soul Celebration experiences, singular for every individual, because each person's value system is exclusively theirs alone. It also offers shorter, simpler Spiritual Snacks to provide instantly available, delectable bits of spiritual nourishment for spur-of-the-moment joyful experiences of being uniquely alive in today's impersonal world. Our essential value center defines our distinctive personhood. This interior core can be activated by external stimuli into experiences of sustained secular spiritual bliss that celebrate our one and only inimitable personhood. How? By connecting to and uniting, becoming One with three other here-on-earth entities that can stimulate our value center both emotionally and physically: nature, art, and romantically beloved humans. These three alone can open gateways that lead to the highest renewal of the essence, the soul, of Selfhood in a secular manner. By learning

to approach the wonders of the physical universe selectively we can experience a merging with chosen aspects of nature and come away with a glorious sense of having participated in eternity A museum stroll a novel and music may turn into exhilarating experiences because art at its best expresses ideas that make manifest in external material form the artists values If they match our own we may feel elevated to the point of experiencing the art aesthetically and spiritually Romantic love with its sexual component is the ultimate secular spiritual experience because the most desirable and cherished human being is a living embodiment of our supreme values making this mind body union the most sacred of all Plus happily along with the three primaries families and friends are rewarding subcategories for sharing marvelous spiritual like experiences
