**From the Galilee to the Golan** Gideon Sella, Yair Biran, Yuval Levine, 1976      [A History of the Hasmonean State](#)  
Kenneth Atkinson, 2016-09-22 Kenneth Atkinson tells the exciting story of the nine decades of the Hasmonean rule of Judea 152-63 BCE by going beyond the accounts of the Hasmoneans in Josephus in order to bring together new evidence to reconstruct how the Hasmonean family transformed their kingdom into a state that lasted until the arrival of the Romans. Atkinson reconstructs the relationships between the Hasmonean state and the rulers of the Seleucid and the Ptolemaic Empires, the Itureans, the Nabateans, the Parthians, the Armenians, the Cappadocians, and the Roman Republic. He draws on a variety of previously unused sources including papyrological documentation, inscriptions, archaeological evidence, numismatics, Dead Sea Scrolls, pseudepigrapha, and textual sources from the Hellenistic to the Byzantine periods. Atkinson also explores how Josephus's political and social situation in Flavian Rome affected his accounts of the Hasmoneans and why any study of the Hasmonean state must go beyond Josephus to gain a full appreciation of this unique historical period that shaped Second Temple Judaism and created the conditions for the rise of the Herodian dynasty and the emergence of Christianity.

**Ancient Synagogues** Dan Urman, Paul Virgil McCracken Flesher, 1998-01-01 This collection of over twenty essays brings together scholars from three continents to discuss the early synagogue. It addresses the questions of When and where did the synagogue originate? What was its early distribution? What was its role in Judaism?

**Ancient Synagogues, Volume 1** Risto Ilmari Uro, Paul V.M. Flesher, 2022-11-07 The origins of the synagogue remain shrouded in mystery and its development in its early centuries is only slightly better understood. This book brings together over twenty essays from Israeli, British, and American scholars to explore the development of the ancient synagogue. Combining original articles with the best of earlier studies, including nine articles here translated from the Hebrew for the first time, this collection presents the fullest critical picture of the early synagogue and the scholarly discussions concerning it. The book focuses on two central questions: First, what were the origins of the earliest synagogues and where did they achieve the greatest growth in the early centuries? Second, what role did the early synagogue play within the Jewish community? The print edition is available as a set of two volumes. 9789004112544

[Judaism in Late Antiquity 3. Where we Stand: Issues and Debates in Ancient Judaism](#) Alan Avery-Peck, Jacob Neusner, 2015-11-02 What in Judaism, a religion so concerned with social norms and public policy, can we possibly mean by law? That is the thoroughly fresh perspective with which this work commences. It proceeds with two chapters on Second Temple Judaism and two on the special subject of the Dead Sea library. Learning withers when criticism is substituted by political consensus and when other than broadly accepted viewpoints find a hearing only with difficulty, if at all. The editors therefore invited colleagues from the USA, Europe, and Israel to systematically outline their views in one account and set it alongside contrary ones. The several participants explain how, in broad and sweeping terms, they see the state of learning in their areas of special interest. The volume provides first an overview followed by a systematic critical

account of the fading consensus In a number of accounts the different perspectives are presented in scholarly debate Because of the willingness of contending parties to meet one another in a single frame of discourse the work is able to portray with considerable breadth the presently contending viewpoints concerning the use of Rabbinical literature for historical purposes Besides this sustained and vigorous debate precipitated by historical critical reading of the rabbinical literature other issues have attracted attention such as for example feminist interests

**The Soils of Israel** Arie Singer, 2007-09-04 This book describes the soils of Israel offering details of their distribution chemical physical and mineralogical characteristics and agricultural attributes The pathways to the formation of each soil type are discussed against the background of such soil forming factors as climate lithology and physiography The distribution of the different soil types is explained based on the relationships between soils and soil forming factors This the first reference on the topic since 1948

Understanding Territorial Withdrawal Rob Geist Pinfold, 2023 Territorial withdrawal is an enduring research and policy problem that manifests in a wide range of conflicts From Israel to the US and many more in the global north and south alike numerous states have faced the dilemmas that accompany occupation and exit Though vast gulfs of time and space separate each case a key commonality is that occupation and exit are two diverse and complex phenomena The diverse range of inputs that precipitate the decision to withdraw are manifold and span a state s internal and external political interactions Peter Stirk for instance argues that in military occupations the distinctions between the international and the domestic between war and peace become fluid and uncertain **After The Storm** Anthony H. Cordesman, 2016-10-06 This comprehensive analysis documents the military forces in each Middle Eastern country at the end of the Cold War Cordesman discusses security developments and provides a qualitative and quantitative analysis of the strength and effectiveness of every army navy air force and air defence force in the region He further assesses post Cold War modernization and expansions plans and each country s internal security situations the role the military plays in its government and internal tensions and civil wars Special attention is paid to Iran and Iraq and the author examines the military changes in both countries as responses to the Iran Iraq and the First Gulf War After the Storm is unique in combining the evaluation of conventional forces with assessments of developments in biological chemical and nuclear weapons and provides a coherent picture of the state of the military in the Middle East in the early 1990s Summary tables and charts present keys statistics for the region formatted to allow quick country by country comparisons **The Language Environment of First Century Judaea** Randall Buth, R. Steven Notley, 2014-03-06 The articles in this collection demonstrate that a change is taking place in New Testament studies Throughout the twentieth century New Testament scholarship primarily worked under the assumption that only two languages Aramaic and Greek were in common use in the land of Israel in the first century The current contributors investigate various areas where increasing linguistic data and changing perspectives have moved Hebrew out of a restricted marginal status within first century language use and the impact on New Testament studies Five articles relate to the general sociolinguistic situation in the land of Israel during the first century while three articles present literary studies that interact with the language background The final three contributions demonstrate the impact this new understanding has on the reading of Gospel texts **Archaeology and Biblical Interpretation** John R. Bartlett, 2002-01-04 The contributors in

this book use the most recent research in key areas the early settlements of Israel early Israelite religion Qumran Jerusalem early Christian churches to show that ancient writings and modern archaeology can illuminate each other but only when used with professional care The essays represent a new generation of archaeologists and historians with new social political and religious concerns who draw a fresh and vital picture of the emergence of ancient Israel Can a Nation Be Born in a Day? Tan Nget Hong, Before she goes into labour she gives birth before the pains come upon her she delivers a son Who has ever heard of such things Who has ever seen things like this Can a nation be born in a day or a nation be brought forth in a moment Yet no sooner is Zion in labour than she gives birth to her children Isaiah 66 7 8 Can a nation really be born in a day For almost two thousand years Christians struggled to know how to interpret the numerous references to the restoration of Israel in the prophetic books of Isaiah Jeremiah and Ezekiel including this passage from Isaiah 66 For hundreds and hundreds of years since the destruction of Jerusalem by the Romans the Jewish people were scattered all over the world and with every passing century it seemed less and less likely that the nation of Israel would be restored In order to make sense of those promises to the nation of Israel that seemed to have disappeared for good theologians began to suggest that all the references and promises of restoration of Israel should be transferred to the church and Isaiah 66 7 8 has been interpreted as the rapid spread of the gospel and the birth of the Church after Pentecost in the time of the apostles But on May 14th 1948 a great miracle happened Just as the Jewish people were still reeling from the horror of the Holocaust where two thirds of European Jewry had been gassed or gunned down en masse the Jews who returned to the Land of Israel were able to declare the establishment of Israel as a sovereign nation 2600 years after the destruction of the Kingdom of Judah On the same day the United States government recognized Israel s sovereignty Only hours beforehand the British control of the land ceased formerly modern Israel was literally born in a single day fulfilling the prophecy of Isaiah 66 7 8 The restoration of Israel is also the fulfilment of the prophecies in Ezekiel 37 In a vision Ezekiel was brought by the Spirit of the Lord in the middle of a valley full of dry bones The Lord asked Ezekiel Son of man can these bones live Ezekiel said Sovereign Lord you alone know And then the Lord told Ezekiel to prophesy to the bones that the Lord would make His breath enter the bones and the bones will come to life And as Ezekiel was prophesying he saw the bones came together and then tendons and flesh appeared on them and skin covered them Then the Lord spoke to Ezekiel again to prophesy to the breath to come into those slain and as Ezekiel prophesied as the Lord commanded him breath entered them and they came to life and stood up on their feet And then the Lord said These bones are the people of Israel They say Our bones are dried up and our hope is gone we are cut off But the Sovereign Lord says My people I am going to open the graves and bring you up from them I will bring you back to the land of Israel Then you my people will know that I am the Lord when I open your graves and bring you up from them I will put my Spirit in you and you will live and I will settle you in your own land The modern day restoration of Israel is indeed like the reviving of the dry bones Humanly speaking it is impossible Yet the restoration of the nation of Israel and the

return of the Jews to the land of Israel as prophesied in this passage really came to pass in our generation To understand the significance of the miraculous restoration of Israel we need to know the entire background of the fall of ancient Israel The fall of ancient Kingdom of Israel and the restoration of Israel as a sovereign nation 3 500 years ago the Prophet Moses led the Israelites out of Egypt and then entered the promised land of Canaan today s Land of Israel to establish the nation of Israel During the reign of King David in 10th century BC Israel was the most powerful country in the Middle East But after King David s death the Israelites began to turn away from God After the death King Solomon the successor of King David Israel was further divided into the Northern Kingdom of Israel and the Southern Kingdom of Judah The Northern Kingdom was destroyed by the Assyrian in 721 BC and the Southern Kingdom by the Babylonian in 586 BC With the fall of the Kingdom of Judah Jerusalem was burned to the ground and the survived Jews were exiled to Babylon this was the first exile of the Jews After 70 years of Babylonian captivity God moved the heart of the Persian King that ruled Babylon and allowed the exiled Jews to return to the Land of Israel to rebuild their homeland But apart from a brief period during which the Jews managed to establish their own Hasmonean Kingdom the land of Israel were mostly ruled by foreigner conquerors In Jesus day the Land of Israel was a province of the Roman Empire In AD 66 the Jews rebelled against the Roman authority but the insurrection was quickly and bloodily suppressed by the Roman Legions In AD 70 the Romans captured Jerusalem the Jews were slaughtered and the city of Jerusalem including its magnificent temple was once again razed to the ground In this Jewish Roman wars more than a million Jews were killed and a hundred thousand were taken into slavery and the rest were scattered to every corners of the world This was the second exile of the Jews And for the past two thousand years very few Jews remained in the Land of Israel the bulk of the Jewry were in exile and in most countries they were oppressed persecuted and discriminated against After the 7th century the Land of Israel was ruled by the Arab Muslim regime and then by the Ottoman Turks until the First World War Throughout this period the Jews were not welcomed to settle in the land of the ancestors By 19th century there were less than 30 000 Jews in the land living among hundreds of thousands of Arabs By this time the nation of Israel was like dry bones without any hope Ezekiel 37 11 Yet according to Biblical prophesies one day Israel will be restored and will play an important role in God s plan for the last days For example the prophet Micah prophesied The day for building your walls will come the day for extending your boundaries In that day people will come to you from Assyria and the cities of Egypt even from Egypt to the Euphrates and from sea to sea and from mountain to mountain The earth will become desolate because of its inhabitants as the result of their deeds Shepherd your people with your staff the flock of your inheritance which lives by itself in a forest in fertile pasturelands Let them feed in Bashan and Gilead as in days long ago As in the days when you came out of Egypt I will show them my wonders Nations will see and be ashamed deprived of all their power They will put their hands over their mouths and their ears will become deaf They will lick dust like a snake like creatures that crawl on the ground They will come trembling out of their dens they will turn in fear

to the Lord our God and will be afraid of you Micah 7 11 16 On May 14th 1948 this prophetic words were fulfilled With the ending of the British Mandatory rule over Palestine and as the British troops completed their withdrawal from the land the leader of Jewish Agency David Ben Gurion declared the establishment of the sovereign state of Israel in Tel Aviv However at that time few in the world believed Israel could survive in the ensuing Israel Arab war Could 600 000 Jews with 30 000 lightly armed soldiers survived the attack of the well equipped armed forces from the surrounding seven Arab nations The Arab coalition was very confident of a quick victory They urged the Arabs in Palestine to quickly leave the war zone and promised that in two weeks or so you will be able to return to your home and by then there would be not even one living Jews in Palestine They promised a massacre of the Palestinian Jews Not only did the Arabs think so but the British and American military experts at the time also shared the same view They all believed that the lightly armed Israel army was no match for the Arab armies equipped with heavy artillery tanks and aircraft In fact on the eve of Israel s independence the U S Secretary of State General Marshall warned the Jewish representatives in the United States that in the coming military conflict with the Arabs the Israelis would surely be defeated and if the Jews insists on declaring independence they should not expect military assistance of the U S Marshal Montgomery the famous British general in World War II believed that the Jews would suffer a terrible defeat this time General Gordon McMillan the Commander in chief of the British Forces in Palestine also said that the Arab coalition would be able to destroy the Jewish forces effortlessly However the fact is although the Jews paid a great price in the war of Independence of Israel the Arab coalition forces besieging Israel were eventually routed Instead of being destroyed the newly formed State of Israel expanded its territory in the war and in the years that followed hundreds of thousands of Jews poured into the new nation from all directions The prophecy of the prophet Micah more than two thousand years ago was fulfilled Nations will see and be ashamed deprived of all their power They will put their hands over their mouths and their ears will become deaf Not only the military and political leaders of the Arab League were frightened and humiliated the British and American generals had literally put their hands over their mouths as they saw with the own eyes the total defeat of the supposedly much more powerful Arab armies To be fair from the perspective of military strength and strategic analysis the opinions of these military experts were correct It s just that this war of independence of Israel was not just the war between the Jews and the Arabs The Arabs were not only fighting the Jews but their real opponent was the God of Israel the God who created the heavens and the earth The theme of this book entitled Can a Nation be born in a Day is about how God restored the nation of Israel in the last days and the roles that Israel will play in God s plan for the end times This book was written originally in Chinese with the title The Iron Tree Has Bloomed The iron tree blooms is a Chinese idiom used to describe a highly improbable occurrence Indeed a careful study of the history of the restoration of the nation of Israel which is the main subject of this book shows that the establishment of the modern state of Israel is essentially impossible without the interventions of the Living God And this book challenges you to think how are you going to respond to the

fulfilment of God's prophecies in our generation in this last day      **Let's Go 2003: Israel** Let's Go Inc.,2002-12-13 Let's Go The Resource For The Independent Traveler For over forty years Let's Go Travel Guides have brought budget savvy travelers closer to the world and its diverse cultures by providing the most up to date information Entries at all price levels for lodging food attractions and more Must have tips for planning your trip getting around and staying safe Walking tours of ancient sights and advice for hiking In depth cultural information that offers an insider's look at life in the Israel Opportunities to make a difference through study work and volunteering Detailed city and regional maps Cultural Connections Follow the Via Dolorosa through Jerusalem Hidden Scoops Hidden Deals Buy silver at bargain prices in the Yafo shuk Off The Beaten Path Join the harvest at one of Israel's 270 kibbutzim The grand daddy of budget guides The New York Times Guides that penetrate the veneer of holiday brochures and mine the grit of real life The Economist Visit Let's Go online at [www.letsgo.com](http://www.letsgo.com)      *Judaism in Late Antiquity* Jacob Neusner,Alan Jeffery Avery-Peck,Bruce D. life stories and reconstructing everyday practices and micro histories of places and communities Thus it tells a complex story in which the practices of historical actors are not simply reducible to a single underlying logic of colonization even as they participate in the production and reproduction of colonial structures This approach effectively undermines the prevailing tendency to study national communities in isolation projecting onto the past an essentialist and rigid separation Rather than assuming two clearly bounded and monolithic national groups caught from the start in perpetual conflict this volume probes their historical production through their evolving relationships and their varied and shifting political social economic and cultural manifestations The book will be of interest to students and researchers in an array of fields including the history of Israeli Palestinian relations anthropological perspectives on settler colonialism and Zionism
