From The Grassroots:

From the Grassroots to the Supreme Court Peter F. Lau, 2004-12-07 Combines legal and historical analysis to address the implications of Brown v Board of Education showing that the resolution of racial segregation in schools transformed the lives of ordinary citizens in broader ways than has previously been assumed Building Democracy from the Grassroots Organization of American States. General Secretariat, 2002 *Peace Education from the Grassroots* Ian Harris, 2013-09-01 Historians often ignore the day to day struggles of ordinary people to improve their lives They tend to focus on the accomplishments of illustrious leaders Peace Education from the Grassroots tells the stories of concerned citizens teachers and grassroots peace activists who have struggled to counteract high levels of violence by teaching about the sources for violence and strategies for peace The stories told here come from the grass roots meaning the educators are close to the forms of violence they are addressing This collection of essays tells how citizens at the grassroots level developed peace education initiatives in thirteen different nations Belgium Canada El Salvador Germany India Jamaica Japan Mexico the Philippines South Korea Spain Uganda and the United States A fourteenth article describes the efforts of the International Red Cross to implement a human rights curriculum to teachers on the ground in the Balkans Iran Senegal and the United States These chapters describe a variety of schools colleges peace movement organizations community based organizations and international nongovernmental organizations engaged in peace education Social Policy From The Grassroots Charles Downs, Giorgio Solimano, Carlos Vergara, Luis Zuniga, 2019-05-28 The United Nations Children's Fund UNICEF has traditionally maintained very fruitful relationships with non governmental organizations The editors want to emphasize here is the significant role that these institutions play in designing and implementing programs to promote the development of children and women This book is an analysis of non go Maoism at the Grassroots Jeremy Brown, Matthew D. Johnson, 2015-10-13 Maoism at the Grassroots challenges state centered views of China under Mao providing insights into the lives of citizens across social strata ethnicities and regions It reveals how ordinary people risked persecution and imprisonment in order to assert personal beliefs and identities despite political repression and surveillance **Participation and Empowerment at the Grassroots** Gunter Schubert, Anna L. Ahlers, 2012-04-19 This monograph ties in the scholarly debate on Chinese village elections and their consequences for China's political system It draws on comparative fieldwork conducted in six villages in two counties in Jiangxi and Jilin Provinces and one district in Shenzhen between 2002 and 2005 producing data from some 140 in depth interviews of villagers and local officials up to the prefectural level The major objective of this book is as much a critical assessment of the research literature of Chinese village elections published over the last fifteen years as to sharpen the reader's sight for the scope and limits of this important reform to generate regime legitimacy in the local state an issue which has so far been neglected in the study of Chinese village elections It hence contributes to our understanding of the nexus between political participation and cadre accountability at the grassroots and highlights a number of factors ensuring

the persistence of one party rule in contemporary China **The City and the Grassroots** Manuel Castells,1983

Rozell,Clyde Wilcox,2017-11-02 In God at the Grassroots 2016 The Christian Right in American Politics a distinguished group of political scientists many of whom have been studying the Christian Right for more than two decades assess the 2016 elections from the standpoint of religious conservative activism These elections more than any that they have analyzed best tell the story of the resilience of this movement and its enduring importance The contributors address the evolution of the religious right movement for more than two decades and focus primarily on the movement s role in the 2016 elections The first section examines the broader national context with chapters on the Republican nomination campaign the general election and the relationship between the religious right and the tea party The second section comprises state specific chapters focusing primarily on the crucial states in the 2016 presidential contest They conclude with lessons learned from the studies of the religious right in the elections from 1994 through 2016 and address directions for continued research on the subject Contributions by Joseph Cella Kimberly H Conger Matthew Corrigan Paul A Djupe Christopher P Gilbert James L Guth Donna R Hoffman Ted G Jelen Alexander Jensen Christopher W Larimer Mikael Pelz Sucheta Pyakuryal Carin Robinson Mark J Rozell Corwin E Smidt Oran P Smith Kenneth D Wald Clyde Wilcox and Abigail Zofchak The Golden Goose Ate All The Grassroots Jim Jacobs,2002-08-22 If you like politics or even if you don t or if you

ve ever wondered why someone would ever run for political office The Golden Goose Ate The Grassroots will more than hold your interest However if you have ever wondered what kind of person would throw his hat into the ring with little chance of winning if you take your humor subtle and tend to root for the underdog The Golden Goose Ate The Grassroots is a must read You will chuckle you will laugh out loud you will cry you will shake your head at the absurdity of our political process and you will come away with an understanding of the campaign intricacies that can only be imparted by someone who has been there done that This candidate was probably the most under funded non experienced candidate in the nation Yet the candidate author received over 86 000 votes enough to be elected in a lot of congressional districts in the country He had no political experience or connections no name recognition no money no organization and no idea what he was doing Yet he ran against a super funded two term incumbent in a two to one negative demographic district navigated the minefield that has befallen countless politically seasoned hopefuls and still managed to scare the hell out of his opponent and make a statement Had he won this would be the political How To book of the year That he didn t makes it an even greater story and there are no sour grapes crushed between these covers

Grassroots Unity in the Charismatic Renewal Connie Ho Yan Au,2011-02-23 This book explores the nature of grassroots unity in the British charismatic renewal in the 1970s and its significance to ecumenism The study is based on the five international conferences of the Fountain Trust and focuses on two grassroots activities worship in general and the celebration of the Eucharist in particular Worship in this setting nurtured unity through charisms but the Eucharist exposed the inadequacy of this grassroots unity because of doctrinal and ecclesiological differences This book aims to suggest a way forward by searching for the complementarity of institution and charisms and Christology and Pneumatology in a charismatic context It argues that the two emphases of the charismatic renewal charisms and the Holy Spirit complement the institutional commitments of the church and ecumenism The concepts of Christus praesens and Spiriti praesens are considered intrinsic to the charisms and thus Christology and Pneumatology should both be considered significant for ecumenism The study finally discusses the complementarity of ecumenical institutions and the charismatic renewal the convergence of ecumenical streams and continuity in modern ecumenical history

Electoral Justice and Political Culture Dai zhicheng,2021-12-15 The election process reflects the essence of the electoral system The justice of the electoral process can best reflect whether the electoral system

is legitimate and democratic The democratic and legal shortcomings of China s electoral system can be solved by rationalizing and democratizing the electoral process which is consistent with the realization of justice under the electoral process In this book procedural justice is combined with the electoral process to find the conditions and elements needed to achieve more justice in elections The electoral system is still based on the political will of the political party to rule and the electoral system itself has serious legislative problems which shows that the foundation of China s electoral system has problems Then China s electoral system cannot truly represent the political voices and political interests of the people in the implementation and at the same time cannot reflect the fairness of the election in the electoral procedure and the determination of the election results The People s Congress system and the Political Consultation system simply cannot elect the right representatives who truly represent the interests of the people The elected government and state power organs are separated from the people s political status political interests and development interests in the operation of their duties and the exercise of power By analyzing the problems in China s electoral system and election procedures the book concludes the conditions for the realization of more justice rationalization and democratization of China s electoral system and election procedures through procedural justice The spiritual connotation of procedural justice under the electoral system and election procedures are combined with the traditional Chinese democratic political culture to construct an electoral political culture adapted to the contemporary Chinese political environment advancing the development of procedural justice in China s electoral system to realize the rationality legitimacy and democracy of elections
