Image and Video Retrieval Wee-Kheng Leow, Michael S. Lew, Tat-Seng Chua, Wei-Ying Ma, Lekha Chaisorn, Erwin M. Bakker, 2007-05-22 It was our great pleasure to host the 4th International Conference on Image and Video Retrieval CIVR at the National University of Singapore on 20-22 July 2005. CIVR aims to provide an international forum for the discussion of research challenges and exchange of ideas among researchers and practitioners in image/video retrieval technologies. It addresses innovative research in the broad field of image and video retrieval. A unique feature of this conference is the high level of participation by researchers from both academia and industry. Another unique feature of CIVR this year was its format: it offered both the traditional oral presentation sessions as well as the short presentation cum poster sessions. The latter provided an informal alternative forum for animated discussions and exchanges of ideas among the participants. We are pleased to note that interest in CIVR has grown over the years. The number of submissions has steadily increased from 82 in 2002 to 119 in 2003 and 125 in 2004. This year we received 128 submissions from the international communities with 81.63% from Asia and Australia, 25.195% from Europe and 22.172% from North America. After a rigorous review process, 20 papers were accepted for oral presentations and 42 papers were accepted for poster presentations. In addition to the accepted submitted papers, the program also included 4 invited papers, 1 keynote industrial paper and 4 invited industrial papers. Altogether we offered a diverse and interesting program addressing the current interests and future trends in this area.

Legislature. Assembly,1918 **Transvestites and Transsexuals** Richard F. Docter,2012-12-06 The objective of this book is to propose a theory of transvestism and secondary transsexualism and to provide information concerning these behaviors My view of these topics is much like that of Benjamin 1966 and nearly all other gender researchers It holds that a syndrome of similar behaviors can be identified ranging from fetishism through transvestism transgenderism and secondary transsexualism But de scription is one thing and explanation of causes is another I agree with other gender researchers e g Green Stoller 1985c who have concluded that the causes of transvestism and transsexualism remain largely unknown But the fact that we cannot fully explain the origins of transvestism or secondary transsexualism does not mean that a comprehensive theory is impossible Indeed excellent theoretical statements have been proposed concerning each of these topics Ban croft 1972 Buckner 1970 Buhrich Money Ovesey Person Stoller 1968a 1974 1985c It is with considerable respect therefore that we acknowledge both the strong shoulders on which we stand and also the more practical fact that we have drawn heavily upon the many contributions of these researchers The approach I have adopted has the same scientific difficulties that confronted all of these previous workers Improper Cross-Stitch Haley
