Life Among the Indians Alice Cunningham Fletcher, 2020-07-14 Alice C Fletcher 1838 1923 one of the few women who became anthropologists in the United States during the nineteenth century was a pioneer in the practice of participant observation ethnography She focused her studies over many years among the Native tribes in Nebraska and South Dakota Life among the Indians Fletcher's popularized autobiographical memoir written in 1886 87 about her first fieldwork among the Sioux and the Omahas during 1881 82 remained unpublished in Fletcher's archives at the Smithsonian Institution for more than one hundred years In it Fletcher depicts the humor and hardships of her field experiences as a middle aged woman undertaking anthropological fieldwork alone while showing genuine respect and compassion for Native ways and beliefs that was far ahead of her time What emerges is a complex and fascinating picture of a woman questioning the cultural and gender expectations of nineteenth century America while insightfully portraying rapidly changing reservation life Fletcher's account of her early fieldwork is available here for the first time accompanied by an essay by the editors that sheds light on Fletcher's place in the development of anthropology and the role of women in the discipline

Clackamas Chinook Performance Art Victoria Howard, 2021-03 Published through the Recovering Languages and Literacies of the Americas initiative supported by the Andrew W Mellon Foundation Victoria Howard was born around 1865 a little more than ten years after the founding of the Confederated Tribes of Grand Ronde in western Oregon Howard's maternal grandmother Wagayuhlen Quiaquaty was a successful and valued Clackamas shaman at Grand Ronde and her maternal grandfather Quiaquaty was an elite Molalla chief In the summer of 1929 the linguist Melville Jacobs student of Franz Boas requested to record Clackamas Chinook oral traditions with Howard which she enthusiastically agreed to do The result is an intricate and lively corpus of linguistic and ethnographic material as well as rich performances of Clackamas literary heritage as dictated by Howard and meticulously transcribed by Jacobs in his field notebooks Ethnographical descriptions attest to the traditional lifestyle and environment in which Howard grew up while fine details of cultural and historical events reveal the great consideration and devotion with which she recalled her past and that of her people Catharine Mason has edited twenty five of Howard's spoken word performances into verse form entextualizations along with the annotations provided by Jacobs in his publications of Howard's

corpus in the late 1950s Mason pairs performances with biographical family and historical content that reflects Howard's ancestry, personal and social life, education and worldview. Mason's study reveals strong evidence of how the artist contemplated and internalized the complex meanings and everyday lessons of her literary heritage.

River Flowing From The Sunrise James M Aton, 2000-12-01 The authors recount twelve millennia of history along the lower San Juan River, much of it the story of mostly unsuccessful human attempts to make a living from the river's arid and fickle environment. From the Anasazi to government dam builders, from Navajo to Mormon herders and farmers, from scientific explorers to busted miners, the San Juan has attracted more attention and fueled more hopes than such a remote unpromising and muddy stream would seem to merit.

The Green Book of Language Revitalization in Practice Leanne Hinton, Kenneth Hale, 2013-06-13 With world-wide environmental destruction and globalization of economy, a few languages, especially English, are spreading rapidly in use while thousands of other languages are disappearing, taking with them important cultural, philosophical, and environmental knowledge systems and oral literatures. We all stand to suffer from such a loss, none more so than the communities whose very identity is being threatened by the impending death of their languages. In response to this crisis, indigenous communities around the world have begun to develop a myriad of projects to keep their languages alive. This volume is a set of detailed accounts about the kind of work that is going on now as people struggle for their linguistic survival. It also serves as a manual of effective practices in language revitalization. Following are the key features: 23 case studies of language revitalization in practice from Native American languages, Australian languages, Maori, Hawaiian, Welsh, Irish, and others, written primarily by authors directly involved in the programs; short introductions situate the languages to help make the languages more real in the minds of readers; each chapter gives a detailed overview of the various kinds of programs and methods in practice; today's introductions and maps for each of the languages represented familiarize the reader with their history, linguistic structure, and sociolinguistic features; and strong representation in authorship and viewpoint of the people and communities whose languages are threatened gives the readers an inside understanding of the issues involved and the community's internal attitudes toward language loss and revitalization. This book was previously published by Academic Press under ISBN 978 01 23 49354 5.

Northern Haida Songs John Enrico, 1996-01-01 This book describes the musical culture of the Northern Haida Indians, who speak two closely related dialects. One dialect group lives on Graham Island, British Columbia; the other on Prince of Wales Island, Alaska. The recordings on which the book is based were compiled over a period of more than a decade from a wide variety of historical and contemporary sources. Representing the entire range of the Haida musical tradition, a tradition that nearly died out and is currently being revived, this volume documents its changes over more than a century. Part 1 is a lengthy ethnographic description of musical genres that situates Haida music in the context of the Northwest Coast. Part 2 presents 128 songs, fully transcribed and analyzed, and representing some twenty types ranging from traditional genres such as peace-making and mourning songs to songs of personal expression composed during the modern

period Part 3 is a detailed musical and linguistic analysis of the songs presented in the second part The integration of descriptions of these two facets of song music and language is the particular goal of the book The volume is a substantive contribution to the ethnomusicology of native North America and will be of special interest to scholars concerned with vocables in Native American music John Enrico has been engaged in linguistic research on the Haida language since 1975 His publications include *The Lexical Phonology of Masset Haida* and articles on aspects of Haida grammar Wendy Bross Stuart s first ethnomusicological publication was *Gambling Music of the Coast Salish Indians* In 1980 she began collaborating with John Enrico in the transcription and analysis of Haida songs

Koasati Dictionary Geoffrey D. Kimball,1994-01-01 *Koasati Dictionary* is one of the first modern dictionaries ever published of a language of the Muskogean language family whose speakers formerly occupied most of the southeastern United States When first met by Europeans in the sixteenth century the Koasati people were living in Eastern Tennessee In the early eighteenth century they moved to south central Alabama and eventually migrated to present day Louisiana Texas or Oklahoma Today their language survives in southwestern Louisiana where it is still spoken by the majority of tribal members living there Published three years after Kimball s richly detailed *Koasati Grammar* this dictionary is the second of three monographs to result from his fifteen year study of the language In this work Kimball provides the user with a substantial introduction outlining Koasati grammar and then organizes dictionary entries into two parts the first arranged from Koasati to English and the second from English to Koasati In addition to the English translations entries in the Koasati English section include sample sentences that illustrated word usage as well as illuminate traditional Koasati culture Most of these sentences are taken from narrative texts The dictionary like Kimball s grammar of Koasati is an indispensable reference work for linguists anthropologists and historians indeed for anyone interested in the native culture history of the southeastern United States

West Tavaputs Plateau, Natural Gas Full Field Development Plan ,2010 *Prophecy and Power Among the Dogrib Indians* June Helm,1994-01-01 The Dogrib Indians are one of the Dene people of Western Canadian Subarctic they speak a language belonging to the widespread Athapaskan family whose southern relatives include the Navajos and Apaches of the

southwestern United States This study draws on the author's field studies from 1959 to 1974 to present an ethnographic description of Dogrib religion The first part of the book introduces three prophets who came to prominence in the 1960s and 1970s Though they developed from the same tradition and had the same aims their prophetic styles contrasted dramatically with one another Helm situates the prophetic movement in relation to tribal and Christian traditions and shows the determining importance of the prophets personalities in shaping their teachings The second part of the book examines the traditional Dogrib concept of power ink on drawing on information given over the course of the years by Vital Thomas a religious leader who collaborated closely with Helm This firsthand material told in Thomas's own words is noteworthy for its personal perspective and for the understanding it provides of the differing sources and uses of power This concept of power is so pervasive in daily life that it forms the key for understanding the dynamics of Dogrib culture The book concludes with a brief autobiography related by Vital Thomas Prophecy and Power among the Dogrib Indians is important for documenting the prophet movement among the Dene people in the late twentieth century and for situating it historically in the context of Dogrib traditional culture

Delaware Tribe in a Cherokee Nation Brice Obermeyer, 2009 Delaware Tribe in a Cherokee Nation is an ethnographic study of the Delaware Tribe and its struggle for federal recognition and political separation from the larger Cherokee Nation Brice Obermeyer details the Delawares struggle for self determination revealing important insights into the process and politics of federal recognition This perceptive ethnography of a tribe trying to assert its right to sovereignty and its independence from a larger and more powerful tribe complicates accepted notions of how the federal recognition process works and the effects it has on tribal members and tribes

The Red Road and Other Narratives of the Dakota Sioux Samuel I. Mniyo, Robert Goodvoice, 2020-02 2021 Scholarly Writing Award in the Saskatchewan Book Awards This book presents two of the most important traditions of the Dakota people the Red Road and the Holy Dance as told by Samuel Mniyo and Robert Goodvoice two Dakota men from the Wahpeton Dakota Nation near Prince Albert Saskatchewan Canada Their accounts of these central spiritual traditions and other aspects of Dakota life and history go back seven generations and help to illuminate the worldview of the Dakota people for the younger generation of Dakotas also called the Santee Sioux The Good Red Road an important symbolic concept in the Holy Dance means the good way of living or the path of goodness The Holy Dance also called the Medicine Dance is a Dakota ceremony of earlier generations Although it is no longer practiced it too was a central part of the tradition and likely the most important ceremonial organization of the Dakotas While some people believe that the Holy Dance is sacred and that the information regarding its subjects should be allowed to die with the last believers Mniyo believed that these spiritual ceremonies played a key role in maintaining connections with the spirit world and were important aspects of shaping the identity of the Dakota people In The Red Road and Other Narratives of the Dakota Sioux Daniel Beveridge brings together Mniyo and Goodvoice's narratives and biographies as well as songs of the Holy Dance and the pictographic notebooks of James Black Jim Sapa to make this volume
