#### From The Snows Of Kathmandu To The Sands Of Timbuktu:

From the Snows of Kathmandu to the Sands of Timbuktu Juanita Owen Fleming, Robert L. Fleming, 1990 Far Out Mark Liechty, 2017-02-21 Westerners have long imagined the Himalayas as the world's last untouched place and a repository of redemptive power and wisdom Beatniks hippie seekers spiritual tourists mountain climbers diverse groups of people have traveled there over the years searching for their own personal Shangri La In Far Out Mark Liechty traces the Western fantasies that captured the imagination of tourists in the decades after World War II asking how the idea of Nepal shaped the everyday cross cultural interactions that it made possible Emerging from centuries of political isolation but eager to engage the world Nepalis struggled to make sense of the hordes of exotic enthusiastic foreigners. They guickly embraced the phenomenon however and harnessed it to their own ends by building tourists fantasies into their national image and crafting Nepal as a premier tourist destination Liechty describes three distinct phases the postwar era when the country provided a Raj like throwback experience for rich Americans Nepal's emergence as an exotic outpost of hippie counterculture in the 1960s and its rebranding into a hip adventure destination which began in the 1970s and continues today He shows how Western projections of Nepal as an isolated place inspired creative enterprises and paradoxically allowed locals to participate in the global economy Based on twenty five years of research Far Out blends ethnographic analysis a lifelong passion for Nepal and a touch of humor to produce the first comprehensive history of what tourists looked for and found on the road to Going Places Robert Burgin, 2013-01-08 Successfully navigate the rich world of travel narratives and identify Kathmandu fiction and nonfiction read alikes with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives Going Places A Reader's Guide to Travel Narratives meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alikes and related reads by shared key topics The author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing Explorers Journal Ernest Ingersoll, 1996 Somewhere in the Sand Chris Berggren, 2009 Chris and his fellow adventurers are back from a wild four month stretch of world travel Together they climbed Mount Sinai rode donkeys through the Valley of Kings and partied every step of the way The young men have become addicted to travel and it isn t long before they are plotting their next trip this time to Timbuktu a place of seemingly mythical proportions in the West African country of Mali Before long their group gets larger in number and soon a small army of nine is making plans to head to Africa They don t know what to expect but then again they don t care Once in

Africa they will need to navigate the desert deal with corrupt officials and stomach extreme images of hardship and poverty Along the way they find quite a bit of adventure but also quite a bit of trouble Through it all this group of adventure junkies finds out that the perfect place to quench their thirst for excitement is Somewhere in the Sand
