From Wild Man To Wise Man Reflections On Male Spirituality:

From Wild Man to Wise Man Richard Rohr, 2024-02-05 Richard Rohr's work has been life changing in my own experience. Over the last twenty years no other teacher has had a more formative impact on my mind and heart than this unpretentious Franciscan brother. Being set free from the need to perform to get it right has been a particularly important gift for me. Belden C Lane from the foreword: A newly revised edition of Richard Rohr's perennial bestseller, this book reflects and incorporates his years of experience with men's work as well as changes in society. With Richard Rohr as mentor and guide, men and women who care about men will want to study and discuss the ideas presented here. A new foreword from Belden C Lane emphasizes the need for this work to continue.

The Wild Man's Journey Richard Rohr, Joseph Martos, 1992 The Promise Keepers, a Christian men's movement, is helping men find direction again. In a new Introduction to *The Wild Man's Journey*, Father Richard Rohr acknowledges the movement's contributions and analyzes its weaknesses, tracing the journey of a man's life and offering seven promises for a healthy spirituality for Catholic men.

Faith, Leadership and Public Life Preston Manning, 2017-10-15 The connection between faith, leadership, and public life is a complex one, as Preston Manning knows all too well from his years as a scout and trailblazer on Canada's political frontiers. Now in his new book *Faith, Leadership and Public Life*, Leadership Lessons from Moses to Jesus, he fearlessly tackles this subject by drawing upon his own years in Canada's parliament and political arena and upon relevant lessons to be learned from the public lives of the founding giants of Judaism and the Christian faith. Starting with the public life of Jesus himself, he also draws upon the experience of those leaders whom Jesus most frequently referenced, such as Moses and David, as well as examining the lives of leaders such as Joseph and Daniel who were called upon to exercise their faith in societies and political systems hostile to their beliefs. He challenges people of faith today to learn from their examples about how to conduct ourselves responsibly at the faith-political interface while bringing what Jesus called salt and light to bear on the political issues and structures of our times. If you are a person of faith currently active in politics or leadership or contemplating involvement in either, the following pages will help you in meeting those challenges.

Disaffiliating Ministry Gregory Baker, 2019-08-23 This book explores the shifting role of the minister in light of the experiences of college men in the United States. Young men frequently struggle to know what it means to be a man and doubt that churches can supply the meaning and direction for which they hunger. These men are not necessarily lost, but they do need a certain kind of spiritual accompaniment that is likely to push many ministers outside of postures and practices with which they have grown comfortable. This interdisciplinary work draws together feminist and masculinist theories, contemporary practices in campus ministry, recent literature on religious deconversion, and individual interviews with college men in order to argue for new ways amid the practice of ministry. This work invites ministers to become more apophatic, to grow comfortable with moving away from clarity and to adopt ungrasping postures of ministry that attend to the unfolding theology of the individual. This repositions campus ministers to

support young adults from a range of spiritual commitments Disaffiliating Ministry invites ministers to eliminate wasteful ministerial habits to explore new ministry practices and to enjoy the freedom of accompanying young men in processes of leaving behind attitudes and actions that cease to be life giving while deepening in faith courage and responsibility for others

Awakening Desire Irene Alexander, 2018-04-19 The hope of this book is that it awakens desire to know more intimately the God who breaks through our compartmentalization and naming While most in the West have heard God's name as almost exclusively masculine a child growing up in Israel would have experienced the Spirit of God and Lady Wisdom as female This ruach the breath of God brooded over the face of the deep in the creation story like a hovering mother bird The God of the Bible and the early church has been described with both masculine and feminine imagery referred to by the church fathers and mystics as both Mother and Father In our time we have lost much of this rich feminine imagery This book explores not only this historical knowing of God but also more contemporary writers such as Carl Jung Paul Young The Shack George MacDonald and Thomas Merton Each of these men engaged with the Divine Feminine giving us examples of how we too may find God more deeply and more intimately

Growing Young Leaders Donald Smith, 2025-02-14 This book fills in gaps in research on leadership development programs for youth through taking the opportunity to research a long standing leadership development program for young men that has evidenced some success The research question was What factors contribute to the apparent success of the Boys Brigade leadership program Using a grounded theory methodology the program was examined through the lenses of communitas liminality servant leadership masculine spirituality rites of passage and wilderness Research findings are that program is characterized by its uniqueness and the final theory that emerged identified the importance for youth ministry of acceptance imperfection and freedom and empowerment within an overarching spiritual dimension evidenced throughout the study most remarkably through the positive response to worship Staff factors were also critical including the description of the staff team as being multi generational non hierarchical and servant led not placing a high value on differentiation of status and allowing a seamless transition of course graduates into staff roles

Reclaiming Men's Spirituality Christopher Felix Bezzina, 2024-02-16 Reclaiming Men's Spirituality is a study that investigates men's spirituality by exploring three research questions Can a form of spirituality about men be identified and described how can this spirituality be examined and what is it that needs to be reclaimed To answer these questions and at the same time remain committed to the importance of lived experience this study opted to investigate the lives of men by attending to ten spiritual histories The study is situated in Malta and the ten spiritual histories provide access to various features expressions and contours that relate closely to men's being Semi structured interviews were also conducted with ten spiritual directors who have men as spiritual directees Their contribution clarifies the structure of men's spirituality the effort required when directing male spiritual directees and the impact generated in the lives of men thanks to spiritual direction To provide a frame of reference for the examination of all the gathered data John of the Cross's spiritual framework

has been chosen as the mystical instrument against which men's spiritualities are studied leading to richer insights into the operations motives goals and problems of such spiritualities

Why Guys Need God Mike Erre, 2008-01-01 Is the Christian community doing a good job of presenting the message of Jesus in a compelling way to men Women greatly outnumber men in attendance and active participation in American churches Pastor Mike Erre offers a solution for this imbalance a thoroughly biblical and engaging theology of manhood that is missing in many churches today This call to move past cultural definitions of masculinity goes straight to the heart of the issue Creation men and women bear the image of God in unique and surprising ways The fall men cannot experience significance on their own so their lives often feel meaningless and empty Redemption God redeems a man's work his sexuality and his relationships Unmasking unhelpful stereotypes of masculinity this presentation of godly manhood inspires men to more effectively grow in Christ's image and empowers women to understand and encourage the men in their lives

Rape Culture, Gender Violence, and Religion Caroline Blyth, Emily Colgan, Katie B. Edwards, 2018-03-29 This volume considers the complex relationships that exist between Christianity rape culture and gender violence Each chapter explores the various roles that Christian theologies teachings and practices have played in shaping contemporary understandings of gender violence and in sanctioning rape supportive cultural belief systems and practices Our contributors explore this topic from a range of disciplinary perspectives including theology gender and queer studies cultural studies pastoral care and counseling Together the chapters in this volume testify to the considerable influence that Christianity has had and continues to have in directing conversations within the Christian tradition around gender violence and rape culture They therefore invite readers to engage fruitfully in these conversations fostering transformative dialogues with the Christian community about our shared responsibility to tackle the current global crisis of gender violence

Studying Christian Spirituality David B. Perrin, 2007-08-07 This book provides a new introduction to the study of Christian spirituality exploring it through the human sciences and ranging from philosophy and hermeneutics to psychology history sociology and anthropology Systematic and progressive it introduces the key approaches and shows how they relate to the understanding study and practice of spirituality Covering a vast amount of ground from traditional themes such as images of God spiritual direction and pilgrimage to more contemporary issues such as place and

space cyberspace and postcolonialism the author takes an ecumenical inclusive stance allowing the book to be used in a wide variety of courses and across denominations *Confession* Peter Tyler, 2017-10-19 A new pastoral contribution on the enduring subject of confession in Christian life *Confession The Healing of the Soul* is not just about what is termed sacramental confession Its frame of reference is much wider and includes discussion of those celebrated writers who wrote confessions Augustine Kierkegaard Tolstoy Foucault Freud Jung John of the Cross and Wittgenstein This book will be of interest to all Christians of any denomination who engage in sacramental confession clergy but also pastoral workers and those millions who actually attend confession as part of their lives In the post Freudian age confession of any kind has had a bad press but is now coming back into popularity as guilt and sin become helpful concepts Peter Tyler an author and practicing psychotherapist argues that rather than being something to consign to the rubbish heap of history confession offers unexplored potential for the healing of the postmodern soul The book addresses all those engaged in

psychotherapeutic and healing practices and ministries **Gender Violence & Human Rights** Aletta Biersack, Margaret Jolly, Martha Macintyre, 2016-12-14 The postcolonial states of Fiji Papua New Guinea and Vanuatu operate today in a global arena in which human rights are widely accepted As ratifiers of UN treaties such as the Convention on the Elimination of All Forms of Discrimination against Women and the Convention on the Rights of the Child these Pacific Island countries have committed to promoting women s and girls rights including the right to a life free of violence Yet local national and regional gender values are not always consistent with the principles of gender equality and women s rights that undergird these globalising conventions This volume critically interrogates the relation between gender violence and human rights as these three countries and their communities and citizens engage with appropriate modify and at times resist human rights principles and their implications for gender violence Grounded in extensive anthropological historical and legal research the volume should prove a crucial resource for the many scholars policymakers and activists who are concerned about the urgent and ubiquitous problem of gender violence in the western Pacific This is an important and timely collection that is central to the major and contentious issues in the contemporary Pacific of gender violence and human rights It builds upon existing literature but the contributors to this volume interrogate the connection between these two areas deeply and more critically This book should and must reach a broad audience Jacqui Leckie Associate Professor Anthropology and Archaeology University of Otago The volume addresses the tensions between human and cultural individual and collective rights as played out in the domain of gender Gender is a perfect lens for exploring these tensions because cultural rights are often claimed in defence of gender oppression and because women often have imposed upon them the burden of representing cultural traditions in attire comportment restraint or putatively cultural conservatism And Melanesia is a perfect place to consider these gendered issues because of the long history of ethnocentric representations of the region because of the extent to which these are played out between states and local cultures and because of the efforts of the vibrant women s movements in

the region to develop locally workable responses to the problems of gender violence in these communities Christine Dureau Senior Lecturer Anthropology University of Auckland

Does God Make the Man? Stewart M. Hoover, Curtis D. Coats, 2015-10-02 Many believe that religion plays a positive role in men's identity development with religion promoting good behavior and morality In contrast we often assume that the media is a negative influence for men teaching them to be rough and violent and to ignore their emotions In *Does God Make the Man* Stewart M Hoover and Curtis D Coats draw on extensive interviews and participant observation with both Evangelical and non Evangelical men including Catholics as well as Protestants to argue that neither of these assumptions is correct Dismissing the easy notion that media encourages toxic masculinity and religion is always a positive influence Hoover and Coats argue that not only are the linkages between religion media and masculinity not as strong and substantive as has been assumed but the ways in which these relations actually play out may contradict received views Over the course of this fascinating book they examine crises contradictions and contestations crises about the meaning of masculinity and about the lack of direction men experience from their faith communities contradictions between men's religious lives and media lives and contestations among men's ideas about what it means to be a man The book counters common discussions about a crisis of masculinity showing that actual men do not see the world the way the crisis talk has portrayed it and interestingly even Evangelical men often do not see religion as part of the solution
