The International Handbook of Parental Alienation Syndrome

Richard A. Gardner, S. Richard Sauber, Demosthenes Lorandos, 2006 The dramatic increase in the number of child custody disputes since the seventies has created an equally dramatic need for a standard reference work that examines the growing social problem of children who develop an irrational hatred for a parent as the result of divorce The International Handbook of Parental Alienation Syndrome Conceptual Clinical and Legal Considerations features clinical legal and research perspectives from 32 contributors representing eight countries building on the work of the late Dr Richard Gardner a pioneer in the theory practice diagnosis and treatment of Parental Alienation Syndrome PAS This unique book addresses the effects of PAS on parents and children discusses issues surrounding reconciliation between parent and alienated child and includes material published for the first time on incidence gender and false allegations of abuse in PAS Content highlights examines PAS and the roles of family members the criminal justice system and the need for public awareness and policymakers to respond to PAS Descriptive statistics on 84 cases are given and the factors affecting reconciliation between the child and target parent are listed The mild moderate and severe categories of PAS are explored and the psychological consequences of PAS indoctrination for adult children of divorce and the effects of alienation on parents are researched The role of medical reports in the development of PAS sexual abuse allegations and future predictions on the fate of PAS children are many of the clinical considerations in this book The legal issues concern PAS in American law criticisms of PAS in courts of law protecting the fundamental rights of children in families family law reform International PAS abductions and the legal requirements of experts giving evidence to courts The impact and implications of PAS are immense and no other single source provides the depth and breadth of coverage of the topic than the clinical and forensic chapters in this book

Forensic Mental Health Assessment of Children and Adolescents Steven N. Sparta, Gerald P. Koocher, 2006-03-16

Most professional forensic literature addresses the assessment of adults yet neglects the necessary differences that arise when working with minors Forensic Mental Health Assessment of Children presents the reader with essential knowledge and practical suggestions regarding the forensic assessment of minors involved in a variety of legal applications Methods of evaluation are described by leading experts regarding topics frequently encountered and of great importance to the courts including Physical and sexual child abuse Domestic violence Child custody in divorce proceedings Risk assesment for violence Potential for rehabilitation in juvenile court cases Special education Childhood development and trauma as mitigating circumstances in death penalty cases In addition to reviewing a broad spectrum of topics methods of evaluation

and the application of specific tests chapters also address forensic assessment matters such as ethical issues professional liability and cultural considerations This comprehensive resource will be indispensable to mental health practitioners and legal professionals and of great interest to researchers and students **Tropical Agriculturist** ,1909 *Modern General Psychology, Second Edition (revised And Expanded) (in 2 Vols.)* M. Rajamanickam,2007 Public Documents Nebraska,1912 The Work of Hospitals William C. Olsen,Carolyn Sargent,2022-03-18 In the context of neoliberalism and global austerity measures health care institutions around the world confront numerous challenges in attempting to meet the needs of local populations Examples from Africa including Ethiopia Ghana and Congo Latin America Peru Mexico Guatemala Western Europe France Greece and the United States illustrate how hospitals play a significant role in the social production of health and disease in the communities where they are Many low resource countries have experienced increasing privatization and dysfunction of public sector institutions such as hospitals and growing withdrawal of funding for non profit organizations Underlying the chapters in *The Work of Hospitals* is a fundamental question how do hospitals function lacking the medications equipment and technologies and personnel normally assumed to be necessary This collection of ethnographies demonstrates how hospital administrators clinicians and other staff in hospitals around the world confront innumerable risks in their commitment to deliver health care including civil unrest widespread poverty endemic and epidemic disease and supply chain instability Ultimately *The Work of Hospitals* documents a vast gulf between the idealized mission of the hospital and the implementation of this mission in everyday practice Hospitals thus become contested space between policy and practice *The New International Encyclopædia* Frank Moore Colby,Talcott Williams,1922 *Journal of Nervous and Mental Disease* ,1903 July 1918 include reports of various neurological and psychiatric societies **The Bulletin** ,1980
