The Last Rabbi William Kolbrener, 2016-09-19 Joseph Soloveitchik 1903-1993 was a major American Orthodox rabbi Talmudist philosopher and theologian In this new work William Kolbrener takes on Soloveitchik's controversial legacy and shows how he was torn between the traditionalist demands of his European ancestors and the trajectory of his own radical and often pluralist philosophy A portrait of this self-professed lonely man of faith reveals him to be a reluctant modern who responds to the catastrophic trauma of personal and historical loss by underwriting an idiosyncratic highly conservative conception of law that is distinct from his Talmudic predecessors and also paves the way for a return to tradition that hinges on the ethical embrace of multiplicity As Kolbrener melds these contradictions he presents Soloveitchik as a good deal more complicated and conflicted than others have suggested The Last Rabbi affords new perspective on the thought of this major Jewish philosopher and his ideas on the nature of religious authority knowledge and pluralism

Nature and Altering It Allen Verhey, 2010-11-09 In this penetrating book Allen Verhey deftly unpacks the underlying human narratives or myths through which Western culture perceives nature and he presents the biblical narrative as an alternative story that can help shape a very different ethos for nature and altering it Although Christian Scripture has often been accused of nurturing arrogance toward nature Verhey looks at the Bible in a way that moves beyond those accusations and demonstrates the value of the Christian narrative for contemporary ecological ethics Book jacket

American Book Publishing Record, 1995 *Landscape of the Soul* W. Vance Grace, 2020-05-20 The North American church is struggling Our society seems to be coming apart at the seams and Christianity appears on the verge of losing its voice its leadership and its youth The church's calling is to cooperate with her Creator in the repair of the world Instead we struggle in the loss of the simplicity of the natural images of Jesus which compel us to engage tension dependency and the lesson of being on the margins Until we learn to take our cues from a world we did not build our actions will continue to prop up a society struggling from the weight of its own ethos Part history part cultural dialogue part travelogue always in conversation with the ancient and compelling biblical vision of shalom *Landscape of the Soul* will encourage you to see
