

From Sappho To De Sade

Jan N. Bremmer

From Sappho To De Sade:

From Sappho to De Sade (Routledge Revivals) Jan N. Bremmer, 2014-06-27 The history of sexuality has been the subject of increased interest in recent years and more widely acknowledged importance in the interpretation of past mentalit s Yet historians have only recently begun to study sexual practices in any depth establishing that sexuality is not a biological constant but an ever changing phenomenon continuously shaped by people themselves The contributors to this inter disciplinary collection bring their expertise in ancient as well as medieval history anthropology modern history and psychology to bear upon the history of sexuality They explore various aspects of sexuality in successive periods pederasty and lesbian love in antiquity incest in the Middle Ages sexual education during the Dutch Republic voyeurism in the rococo prostitution in Vienna around 1900 and the invention of sexology From Sappho to De Sade first published in 1989 offers an informative and entertaining collection of essays for students of cultural anthropology social history and gender studies

From Sappho to De Sade Jan Nicolaas Bremmer, 1989 From Sappho to De Sade Jan N. Bremmer, 1989-01-01 Contributors explore various aspects of sexuality in successive periods reflecting its tangled history Sappho's "To an Army Wife in Sardis" Gale, Cengage Learning, 2016 A Study Guide for Sappho s To an Army Wife in Sardis excerpted from Gale's acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project Sappho's Immortal Daughters Margaret Williamson, 1995 She trust Poetry for Students for all of your research needs lived on the island of Lesbos around 600 B C E She composed lyric poetry only fragments of which survive And she was and is the most highly regarded woman poet of Greek and Roman antiquity Little more than this can be said with certainty about Sappho and yet a great deal more is said Her life so little known is the stuff of legends her poetry the source of endless speculation This book is a search for Sappho through the poetry she wrote the culture she inhabited and the myths that have risen around her It is an expert and thoroughly engaging introduction to one of the most enduring and enigmatic figures of antiquity Margaret Williamson conducts us through ancient representations of Sappho from vase paintings to appearances in Ovid and traces the route by which her work has reached us shaped along the way by excavators editors and interpreters She goes back to the poet s world and time to explore perennial questions about Sappho How could a woman have access to the public medium of song What was the place of female sexuality in the public and religious symbolism of Greek culture What is the sexual meaning of her poems Williamson follows with a close look at the poems themselves Sappho s immortal daughters Her book offers the clearest picture yet of a woman whose place in the history of Western culture has been at once assured and mysterious **Performing Antiquity** Samuel N. Dorf, 2019 Performing Antiquity tells the captivating story about some of the most intriguing Belle poque personalities archaeologists philologists classicists and musicologists and the dancers composers choreographers and musicians who brought their research to life at the birth of Modernism Crime, Jews and

News Dan Vyleta, 2007 Examines the discourse in the press on Jewish crime at the turn of the 19th century in an epoch when criminal and court room reports became very popular and attracted a wide audience The period 1895 1914 was marked by the development of criminal science which attempted to find psychological and physical abnormalities identifying the born criminal and by a rise in racist antisemitism Theories of a Jewish propensity to crime were circulated Remarkably racial antisemitism affected the press accounts on Jewish criminals or Jewish accomplices defense attorneys etc of non Jewish criminals only to a small degree Of all the antisemitic narratives on Jewish criminality the antisemitic press used mainly the image of the Jew as a rational and cunning criminal actor coolly acting out a crime that was collective and conspiratorial in nature Even when reporting on sexual crimes and white slave trafficking the papers never stressed sexual motives of Jewish defendants but only their callous greed Dwells on the ritual murder trial of Hilsner in Bohemia and shows the extent to which the perception of this case and even the course of the trial were affected by the press The reports of the antisemitic press on Jewish criminality was intended for antisemitic believers and did not affect non antisemites however this press had a great number of readers In the Nazi period the narrative on Jewish criminality acquired blatantly racial motifs News Daniel Mark Vyleta, 2007-01-01 Crimes committed by Jews especially ritual murders have long been favorite targets in the antisemitic press This book investigates popular and scientific conceptualizations of criminals current in Austria and Germany at the turn of the last century and compares these to those in the contemporary antisemitic discourse It challenges received historiographic assumptions about the centrality of criminal bodies and psyches in late nineteenth and early twentieth century criminology and argues that contemporary antisemitic narratives constructed Jewish criminality not as a biologico racial defect but rather as a coolly manipulative force that aimed at the deliberate destruction of the basis of society itself Through the lens of criminality this book provides new insight into the spread and nature of antisemitism in Austria Hungary around 1900 The book also provides a re evaluation of the phenomenon of modern Ritual Murder Trials by placing them into the context of wider narratives of Jewish crime *Lesbian Studies: Setting an Agenda* Tamsin Wilton, 2002-09-11 Neither women's studies nor lesbian and gay studies offers an adequate theoretical or political base for lesbian scholarship Lesbian Studies Setting and Agenda aim to promote lesbian studies as an academic and political approach to both gender and the erotic and to clarify the damaging influence of heterosexism across a range of disciplines Drawing on feminism and gueer theory Tamsin Wilton argues that lesbian is a theoretical position which must be widely available in order to challenge the dominance of the heterosexual perspective Engaging with theoretical and political debates the book moves beyond its role of setting an agenda for lesbian studies into a wider role as resource and catalysts for anyone interested in gender and the erotic A Companion to Catullus Marilyn B. Skinner, 2010-12-23 In this companion international scholars provide a comprehensive overview that reflects the most recent trends in Catullan studies Explores the work of Catullus one of the best Roman lyric poets Provides discussions about production genre style and reception as well as interpretive essays on key poems and groups of poems Grounds Catullus in the socio historical world around him Chapters challenge received wisdom present original readings and suggest new interpretations of biographical evidence Lesbian Premodern N. Giffney, M. Sauer, P. D. Watt, 2011-01-31 Key scholars in the field of lesbian and sexuality studies take part in an innovative conversation that offers a radical new methodology for writing lesbian history and geography drawing new conclusions on the important and often overlooked work being done on female same sex desire and identity in relation to A Companion to Greek and Roman Sexualities Thomas K. Hubbard, 2013-11-21 A Companion to Greek and Roman Sexualities presents a comprehensive collection of original essays relating to aspects of gender and sexuality in the classical world Views the various practices and discursive contexts of sexuality systematically and holistically Discusses Greece and Rome in each chapter with sensitivity to the continuities and differences between the two classical civilizations Addresses the classical influence on the understanding of later ages and religion Covers artistic and literary genres various social environments of sexual conduct and the technical disciplines of medicine magic physiognomy and dream interpretation Features contributions from more than 40 top international scholars Heresy and Dissent in the Carolingian Empire Matthew Bryan Gillis, 2017-02-09 Heresy and Dissent in the Carolingian Empire recounts the history of an exceptional ninth century religious outlaw Gottschalk of Orbais Frankish Christianity required obedience to ecclesiastical superiors voluntary participation in reform and the belief that salvation was possible for all baptized believers Yet Gottschalk a mere priest developed a controversial Augustinian based theology of predestination claiming that only divine election through grace enabled eternal life Gottschalk preached to Christians within the Frankish empire including bishops and non Christians beyond its borders scandalously demanding they confess his doctrine or be revealed as wicked reprobates Even after his condemnations for heresy in the late 840s Gottschalk continued his activities from prison thanks to monks who smuggled his pamphlets to a subterranean community of supporters This study reconstructs the career of the Carolingian Empire s foremost religious dissenter in order to imagine that empire from the perspective of someone who worked to subvert its most fundamental beliefs Examining the surviving evidence including his own writings Matthew Gillis analyzes Gottschalk's literary and spiritual self representations his modes of argument his prophetic claims to martyrdom and miraculous powers and his shocking defiance to bishops as strategies for influencing contemporaries in changing political circumstances In the larger history of medieval heresy and dissent Gottschalk's case reveals how the Carolingian Empire preserved order within the church through coercive reform The hierarchy compelled Christians to accept correction of perceived sins and errors while punishing as sources of spiritual corruption those rare dissenters who resisted its authority

Greek Religion Jan N. Bremmer,1994 A brief but highly informative book on Greek religion in the classical period

Love Between Women Bernadette J. Brooten,2009-02-15 Love Between Women examines female homoeroticism and
the role of women in the ancient Roman world Employing an unparalleled range of cultural sources Brooten finds evidence of

marriages between women and establishes that condemnations of female homoerotic practices were based on widespread awareness of love between women An extraordinary accomplishment A definitive source for all future discussion of homoeroticism and the Bible Mary Rose D Angelo Harvard Gay Lesbian Review Brooten's convincing analysis not only profoundly reshapes our understanding of the past but it should also shape the way in which that past particularly the early Christian texts with their immense normative weight will be used for the future Anne L Clark Journal of Lesbian Studies Love Between Women gives contemporary debates on sexuality a carefully delineated past It boldly insists upon a different future one informed by history but not tyrannized by it Susan Ackerman Lambda Book Report Fascinating provocative and lucid Brooten has made a fundamental contribution to women s and gender studies gay and lesbian studies and classics Elizabeth A Castelli Women's Review of Books Winner of the Lambda Literary Award for Best Lesbian Studies Book 1997 of Mixture Richard E. Payne, 2015 Christian communities flourished during late antiquity in a Zoroastrian political system known as the Iranian Empire that integrated culturally and geographically disparate territories from Arabia to Afghanistan into its institutions and networks Whereas previous studies have regarded Christians as marginal insular and often persecuted participants in this empire Richard Payne demonstrates their integration into elite networks adoption of Iranian political practices and imaginaries and participation in imperial institutions The rise of Christianity in Iran depended on the Zoroastrian theory and practice of hierarchical differentiated inclusion according to which Christians Jews and others occupied legitimate places in Iranian political culture in positions subordinate to the imperial religion Christians for their part positioned themselves in a political culture not of their own making with recourse to their own ideological and institutional resources ranging from the writing of saints lives to the judicial arbitration of bishops In placing the social history of East Syrian Christians at the center of the Iranian imperial story A State of Mixture helps explain the endurance of a culturally diverse empire across four centuries Marriage, Sex and Death Emma Southon, 2025-10-01 By the end of the fifth century with the structural collapse of the Roman Empire in the west Western Europe had fallen into the so called Dark Ages With the power of Rome removed the Catholic Church stepped in to fill the void Its political rise alongside that of the Germanic kingdoms led to dramatic changes in law politics power and culture Against the backdrop of that upheaval the family became a vitally important area of focus for cultural struggles related to morality law and tradition This book explores those battles in order to demonstrate through the family the intersections between Roman and Christian legal culture thought and political power **Pornography, the Theory** Frances Ferguson, 2004-04-25 Ferguson argues that the emergence of pornography as a literary phenomenon in Western culture can be tied to the development of ultilitarian philosophy She contends that considering the usefulness of something rather than its individual essence diverts our attention from individual identities Religious Franks Rob Meens, Dorine van Espelo, Bram van den Hoven van Genderen, Janneke Raaijmakers, Irene van Renswoude, Carine van Rhijn, 2016-04-29 This volume in honour of Mayke De Jong offers twenty five

essays focused upon the importance of religion to Frankish politics a discourse to which De Jong herself has contributed greatly in her academic career The prominent and internationally renowned contributors offer fresh perspectives on various themes such as the nature of royal authority the definition of polity unity and dissent ideas of correction and discipline the power of rhetoric and the rhetoric of power and the diverse ways in which power was institutionalised and employed by lay and ecclesiastical authorities As such this volume offers a uniquely comprehensive and valuable contribution to the field of medieval history in particular the study of the Frankish world in the eighth and ninth centuries *Hysteria*, *Hypnotism*, the Spirits, and Pornography Michael R. Finn,2009 This book explores the life and fiction of the French decadent writer Rachilde pen name of Marguerite Eymery using her as a case study to examine the impact late nineteenth century theories about female hysteria medical hypnotism mediums and spiritualism had on the female creative psyche It is a book about disempowerment and re empowerment through writing
