Circuit Court (2nd Circuit),1868 *Selling the Lower East Side* Christopher Mele,2000 The Lower East Side of Manhattan is rich in stories of poor immigrants who flocked there in the late nineteenth and early twentieth centuries of beatniks hippies and artists who peopled it mid century and of the real estate developers and politicians who have always shaped what is now termed the East Village Today the musical Rent plays on Broadway to a mostly white and suburban audience MTV exploits the neighborhood s newly trendy squalor in a film promotion and on the Internet a cyber soap opera and travel related Web pages lure members of the middle class to enjoy a commodified and sanitized version of the neighborhood In this sweeping account Christopher Mele analyzes the political and cultural forces that have influenced the development of this distinctive community He describes late nineteenth century notions of the Lower East Side as a place of entrenched poverty ethnic plurality political activism and low culture that elicited feelings of revulsion and fear among the city s elite and middle classes The resulting and ongoing struggle between government and residents over affordable and decent housing has in turn affected real estate practices and urban development policies Selling the Lower East Side recounts the resistance tactics used by community residents as well as the impulse on the part of some to perpetuate the image of the neighborhood as dangerous romantic and bohemian clinging to the marginality that has been central to the identity of the East Village and subverting attempts to portray it as new and improved Ironically this very image of urban grittiness has been appropriated by a cultural marketplace hungry for new fodder Mele explores the ways that developers media executives and others have coopted the area s characteristics analyzing the East Village as a style provider where what is being marketed is difference The result is a visionary look at how political and economic actions transform neighborhoods and at what happens when a neighborhood is what is being consumed **Issues in National and Local Capital Development** United States. Kevin Stiegelmaier, 2012-04-10 Paddling Long Island is the only book on the market to depict routes and destinations across the whole of Long Island and the New York City area And it showcases 50 of the very best It is a diverse selection too After all according to skill level weather personal mood and other factors a paddler may want open fast water one day but a quiet protected experience at another time and something in between later on It's all here from New York City to the far eastern tip of Long Island's Montauk Point What's more the book's guidance and language are geared to wide ranging skill levels the novice will be enlightened and encouraged and the seasoned kayaker or canoeist will be engaged and engrossed That is because the author's intimate lifelong knowledge of the area's waterways shines in his descriptions of natural and social histories humorous stories personal anecdotes and beautiful black and white photographs For example among the 50 entries the author tells of Cold Spring Harbor nestled between Oyster Bay and Huntington and steeped in maritime history He gives some back story on Little Neck Bay home to littleneck clams but also where he says you will likely see a fin flip or a tail splash as the striped bass catch their prey And he will take you to Setauket Harbor and tell you why it's his personal paddling favorite But not all waxes euphoric as there are practical considerations when striking out on water and this guidebook is a good friend to have along It describes the best times to paddle the 50 harbor inlet bay and river routes alerts readers to each paddle's difficulty level and estimated length and suggests side trips optional trip extensions and alternate routes to paddle depending on weather conditions Easy to follow maps complete with GPS coordinates and driving directions add to this book's high value In addition the author provides contact information on local paddling clubs outfitters and Internet links And a

Brooklyn Daily Eagle Almanac ,1900 **The Mining World** ,1905 *Report of the Public Service Commission for the First District of the State of New York* New York (State). Public Service Commission. First District,1918 *The Power Broker* Robert A. Caro,2024-09-16 PULITZER PRIZE WINNER A modern American classic this huge and galvanizing biography of Robert Moses reveals not only the saga of one man s incredible accumulation of power but the story of his shaping and mis shaping of twentieth century New York One of the Modern Library s hundred greatest books of the twentieth century Robert Caro s monumental book makes public what few outsiders knew that Robert Moses was the single most powerful man of his time in the City and in the State of New York And in telling the Moses story Caro both opens up to an unprecedented degree the way in which politics really happens the way things really get done in America s City Halls and Statehouses and brings to light a bonanza of vital information about such national figures as Alfred E Smith and Franklin D Roosevelt and the genesis of their blood feud about Fiorello La Guardia John V Lindsay and Nelson Rockefeller But The Power Broker is first and foremost a brilliant multidimensional portrait of a man an extraordinary man who denied power within the normal framework of the democratic process stepped outside that framework to grasp power sufficient to shape a great city and to hold sway over the very texture of millions of lives We see how Moses began the handsome intellectual young heir to the world of Our Crowd an idealist How rebuffed by the entrenched political establishment he fought for the power to accomplish his ideals How he first created a miraculous flowering of parks and parkways playlands and beaches and then ultimately brought down on the city the smog choked aridity of our urban landscape the endless miles of never sufficient highway the hopeless sprawl of Long Island the massive failures of public housing and countless other barriers to humane living How inevitably the accumulation of power became an end in itself Moses built an empire and lived like an emperor He was held in fear his dossiers could disgorge the dark secret of anyone who opposed him He was he claimed above politics above deals and through decade after decade the newspapers and the public believed Meanwhile he was developing his public authorities into a fourth branch of government known as

Triborough a government whose records were closed to the public whose policies and plans were decided not by voters or elected officials but solely by Moses an immense economic force directing pressure on labor unions on banks on all the city's political and economic institutions and on the press and on the Church He doled out millions of dollars worth of legal fees insurance commissions lucrative contracts on the basis of who could best pay him back in the only coin he coveted power He dominated the politics and politicians of his time without ever having been elected to any office He was in essence above our democratic system Robert Moses held power in the state for 44 years through the governorships of Smith Roosevelt Lehman Dewey Harriman and Rockefeller and in the city for 34 years through the mayoralties of La Guardia O Dwyer Impellitteri Wagner and Lindsay He personally conceived and carried through public works costing 27 billion dollars he was undoubtedly America's greatest builder This is how he built and dominated New York before finally he was stripped of his reputation by the press and his power by Nelson Rockefeller But his work and his will had been done
