The Caves and Jungles of Hindostan H. P. Blavatsky, 2021-11-16 The Caves and Jungles of Hindostan H P Blavatsky By day bathed in the hot rays of the sun its tall minaret like outline looks like a block of ice against the blue sky By night with the aid of the intense phosphorescent moonlight proper to India it is still more dazzling and poetical The summit looks as if it were covered with freshly fallen snow crystals Raising its slender profile above the dark background of bushes it suggests some pure midnight apparition soaring over this silent abode of destruction and lamenting what will never return Side by side with these cemeteries rise the Hindu ghats generally by the river bank There really is something grand in the ritual of burning the dead Witnessing this ceremony the spectator is struck with the deep philosophy underlying the fundamental idea of this custom In the course of an hour nothing remains of the body but a few handfuls of ashes A professional Brahman like a priest of death scatters these ashes to the winds over a river The ashes of what once lived and felt loved and hated rejoiced and wept are thus given back again to the four elements to Earth which fed it during such a long time and out of which it grew and developed to Fire emblem of purity that has just devoured the body in order that the spirit may be rid of everything impure and may freely gravitate to the new sphere of posthumous existence where every sin is a stumbling block on the way to Moksha or infinite bliss to Air which it inhaled and through which it lived and to Water which purified it physically and spiritually and is now to receive its ashes into her pure bosom [From the Caves and Jungles of Hindostan](#) Helena Petrovna Blavatsky, 1892

From the Caves and Jungles of Hindostan Helena Petrovna Blavatsky, 2008-04 You must remember said Mme Blavatsky that I never meant this for a scientific work My letters to the Russian Messenger under the general title From the Caves and Jungles of Hindostan were written in leisure moments more for amusement than with any serious design Broadly speaking the facts and incidents are true but I have freely availed myself of an author's privilege to group colour and dramatize them whenever this seemed necessary to the full artistic effect though as I say much of the book is exactly true I would rather claim kindly judgment for it as a romance of travel than incur the critical risks that haunt an avowedly serious work
