From The Diary Of A Counterrevolutionary

David Stevenson

From The Diary Of A Counterrevolutionary:

From the Diary of a Counterrevolutionary Pavel Kohout, 1972 **Counter-revolution** Robert Ashton, 1994-01-01 For all the vast literature on the English Revolution the Second Civil War has been largely neglected Robert Ashton author of the standard history *The English Civil War* now provides a detailed account of the period from the end of the First Civil War in 1646 to late 1648 on the eve of the trial and execution of Charles I A work of formidable erudition and depth of research it reveals the origins of the Second Civil War to be as complex significant and interesting as those of the First Unlike previous studies which concentrate on the growth of radical movements along the road to regicide and republicanism Ashton's study focuses on the neglected area of conservatism and counter revolution Just as historians of the First Civil War have sought to explain how a weakened king was able to rally sufficient resources to go to war in 1642 so this book explains how royalists decisively defeated in 1646 found the support to take up arms in 1648 Ashton's analysis is conducted on a regional county and national basis and also takes in developments in Wales Scotland and to a lesser extent Ireland He asks not only why so many Scotsmen who had fought alongside the English Roundheads entered the second war on the king's side in 1648 but emphasizes the disastrous split within the Scottish political nation which resulted from this And he explores not only why former supporters of parliament deserted their allies and embraced the royalist cause in 1648 but also why others did not Having explained why after two years of uneasy peace England was again convulsed by civil war in 1648 the book closes with a consideration of the main characteristics of insurgency in the Second Civil War and the reasons for and consequences of its failure

The Counterrevolution of Slavery Manisha Sinha, 2003-06-19 In this comprehensive analysis of politics and ideology in antebellum South Carolina Manisha Sinha offers a provocative new look at the roots of southern separatism and the causes of the Civil War Challenging works that portray secession as a fight for white liberty she argues instead that it was a conservative antidemocratic movement to protect and perpetuate racial slavery Sinha discusses some of the major sectional crises of the antebellum era including nullification the conflict over the expansion of slavery into western territories and secession and offers an important reevaluation of the movement to reopen the African slave trade in the 1850s In the process she reveals the central role played by South Carolina planter politicians in developing proslavery ideology and the use of states rights and constitutional theory for the defense of slavery Sinha's work underscores the necessity of integrating the history of slavery with the traditional narrative of southern politics Only by taking into account the political importance of slavery she insists can we arrive at a complete understanding of southern politics and the enormity of the issues confronting both northerners and southerners on the eve of the Civil War

Russia: From Proletarian Revolution to State-Capitalist Counter-Revolution Raya Dunayevskaya, 2017-07-10 *Russia From Proletarian Revolution to State Capitalist Counter Revolution* is a selection of writings by the Marxist Humanist philosopher Raya Dunayevskaya which begins with an examination of Lenin's Hegel Notebooks his philosophic preparation for proletarian revolution followed by a

section on What Happens After the revolution the first years post 1917 Analyses of Trotsky Stalin Bukharin and Luxemburg are presented A key section is Russia's Transformation into Opposite The Theory of State Capitalism Opposition to Russian state capitalism such as the 1953 East Germany Revolt and the 1956 Hungarian Revolution are described Mao's China as another form of state capitalism as well as the Sino Soviet conflict is discussed The study ends with a battle of ideas with other analyses of the Revolution and its aftermath *Murder and Counterrevolution in Mexico* Friedrich E. Schuler, 2017-06

Admiral Paul von Hintze arrived in Mexico in the spring of 1911 to serve as Germany's ambassador to a country in a state of revolution Germany's emperor Wilhelm II had selected Hintze as his personal eyes and ears in Mexico and concomitantly the neighboring United States during the portentous years leading up to the First World War The ambassador benefited from a network of informers throughout Mexico and was closely involved in the country's political and diplomatic machinations as the violent revolution played out *Murder and Counterrevolution in Mexico* presents Hintze's eyewitness accounts of these turbulent years Hintze's diary telegrams letters and other records translated edited and annotated by Friedrich E Schuler offer detailed insight into Victoriano Huerta's overthrow and assassination of Francisco Madero and Huerta's ensuing dictatorship and chronicle the U S supported resistance Showcasing the political relationship between Germany and Mexico Hintze's suspenseful often daily diary entries provide new insight into the turmoil of the Mexican Revolution including U S diplomatic maneuvers and subterfuge as well as an intriguing backstory to the infamous 1917 Zimmermann Telegram which precipitated U S entry into World War I *The Counter-Revolution of 1776* Gerald Horne, 2014-04-18

How the preservation of slavery was a motivating factor for the Revolutionary War Meticulous thorough fascinating and thought provoking Publishers Weekly starred review The successful 1776 revolt against British rule in North America has been hailed almost universally as a great step forward for humanity But the Africans then living in the colonies overwhelmingly sided with the British In this trailblazing book Gerald Horne shows that in the prelude to 1776 the abolition of slavery seemed all but inevitable in London delighting Africans as much as it outraged slaveholders and sparking the colonial revolt Prior to 1776 anti slavery sentiments were deepening throughout Britain and in the Caribbean and rebellious Africans were in revolt For European colonists in America the major threat to their security was a foreign invasion combined with an insurrection of the enslaved It was a real and threatening possibility that London would impose abolition throughout the colonies a possibility the founding fathers feared would bring slave rebellions to their shores To forestall it they went to war The so called Revolutionary War Horne writes was in part a counter revolution a conservative movement that the founding fathers fought in order to preserve their right to enslave others *The Counter Revolution of 1776* brings us to a radical new understanding of the traditional heroic creation myth of the United States Eminently readable this is a book that should be on any undergraduate reading list and deserves to be taken very seriously in the ongoing discussion as to the American republic's origins *The American Historical Review* *The Age of Reagan: The Conservative Counterrevolution* Steven F.

Hayward,2010-11-02 Those who say that we re in a time when there are no heroes they just don t know where to look President Ronald Reagan January 20 1981 Hero It was a word most Americans weren t using much in 1980 As they waited on gas and unemployment lines as their enemies abroad grew ever more aggressive and as one after another their leaders failed them Americans began to believe the country s greatness was fading Yet within two years the recession and gas shortage were over Before the decade was out the Cold War was won the Berlin Wall came crashing down and America was once more at the height of prosperity And the nation had a new hero Ronald Wilson Reagan Reagan s greatness is today widely acknowledged but his legacy is still misunderstood Democrats accept the effectiveness of his foreign policy but ignore the success of his domestic programs Republicans cheer his victories over liberalism while ignoring his bitter battles with his own party s establishment historians speak of his eloquence and charisma but gloss over his brilliance in policy and clarity of vision From Steven F Hayward the critically acclaimed author of *The Age of Reagan The Fall of the Old Liberal Order* comes the first complete true story of this misunderstood controversial and deeply consequential presidency Hayward pierces the myths and media narratives masterfully documenting exactly what transpired behind the scenes during Reagan s landmark presidency and revealing his real legacy What emerges is a compelling portrait of a man who arrived in office after thirty years of practical schooling in the ways of politics and power possessing a clear vision of where he wanted to take the nation and a willingness to take firm charge of his own administration His relentless drive to shrink government and lift the burdens of high taxation was born of a deep appreciation for the grander blessings of liberty And it was this same outlook extended to the world s politically and economically enslaved nations that shaped his foreign policy and lent his statecraft its great unifying power Over a decade in the making and filled with fresh revelations surprising insights and an unerring eye for the telling detail this provocative and authoritative book recalls a time when true leadership inspired a fallen nation to pick itself up hold its head high and take up the cause of freedom once again

Fabricating Authenticity in Soviet Hungary Péter

Apor,2015-03-01 This book explores the memory of the First Hungarian Soviet Republic of 1919 which proved crucial for communist Hungarian political culture in the twentieth century Apor approaches the topic in an innovative way focusing on the understudied aspects of European memory cultures Offering great insights on how a dictatorship remembers and the concept of authenticity Apor s study integrates the broad range of processes through which history is sought to be rendered authentic The volume successfully reveals the crooked history of the retrospective revisions of the iconic First Republic between the years of its 30th and 40th anniversary 1949 and 1959

Revolution and Counter-revolution in Scotland,

1644-51 David Stevenson,2003-09-08 In 1644 a massive Scottish army of Scottish Covenanters moved over the border into England claiming they were not invading their neighbour but acting to save its liberties by helping ensure that the absolutist King Charles I did not win the civil war he was fighting with the English parliament It was a daring move but the Covenanters believed it a necessary for defensive reasons for if Charles triumphed over parliament in England he would then

attempt to overthrow the Covenanters regime More positive ambitions were also involved Having won the English civil war the Scots then planned to impose a settlement that protected Scotland s political position under the union of the crowns and force on England and Ireland Scotland s Presbyterian church The Covenanters proved over ambitious and over confident driven by their conviction that God would bring them triumph They did play a decisive role in parliament s victory but not in the sensational way they had hoped and the English were reluctant to give them credit or to accept the Scottish vision of a Scottish dominated Presbyterian Britain Moreover invading England provoked a major Royalist rebellion in Scotland led by the Marquis of Montrose Disillusioned by the English parliament some sought a compromise with the king but a new invasion of England in 1648 led to disaster Extremist covenanters then seized power in Scotland and sought to impose radical policies but they were forced by a growing royalist revival to again fall back on monarchy provoking English invasion led by Oliver Cromwell This volume continues the story begun in *The Scottish Revolution of the Covenanters* sudden rise to power but how their soaring ambitions and religious zeal in the end led Scotland to an unparalleled disaster Scotland had long boasted of being the never conquered nation The legacy of the Covenanters was that Scotland could never make that boast again It is a book that will appeal to scholars and students of the civil wars as well as to all those with an interest in this fascinating and turbulent period in Scottish and indeed British history

The American Counterrevolution Larry E. Tise, 1998 A refutation of virtually the entire historiography surrounding the outcomes of the Revolution this epic narrative traces the shift from the ideas of liberty to the politics of order during the difficult period between 1783 and 1800 70 illustrations

The Mexican Revolution: Counter-revolution and reconstruction Alan Knight, 1990-01-01 Volume 2 of *The Mexican Revolution* begins with the army counter revolution of 1913 which ended Francisco Madero s liberal experiment and installed Victoriano Huerta s military rule After the overthrow of the brutal Huerta Venustiano Carranza came to the forefront but his provisional government was opposed by Pancho Villa and Emiliano Zapata who come powerfully to life in Alan Knight s book Knight offers a fresh interpretation of the great schism of 1914 15 which divided the revolution in its moment of victory and which led to the final bout of civil war between the forces of Villa and Carranza By the end of this brilliant study of a popular uprising that deteriorated into political self seeking and vengeance nearly all the leading players have been assassinated In the closing pages Alan Knight ponders the essential question what had the revolution changed His two volume history at once dramatic and scrupulously documented goes against the grain of traditional assessments of the last great revolution

Chouannerie and Counter-Revolution, Part 1 Maurice Hutt, 1983-01-01 Chouannerie had its origins in the rifts which opened in Breton society during the French Revolution Mounting resistance to the Republicans led to a civil war whose bitterness was exacerbated by the involvement of outsiders for Chouannerie offered a chance of bringing down the Republic That was the aim of count Joseph de Puisaye of the British government yet again at war with the French and of the Bourbon Princes in exile who nevertheless feared that the insurgents in Brittany might prove too independent and that their perfidious allies in

Britain be more dangerous than useful This carefully documented study sifts the legends and unravels the misrepresentations which have been transmitted by royalist Whites and republican Blues This has entailed the extensive use of a mass of archival material much of which is being systematically used for the first time *The Counter-Revolution in Revolution D.*

Shlapentokh,1998-10-26 The collapse of the imperial regime excited Russian intellectuals of all political persuasions Although eager to draw comparisons between pre revolutionary Russia and revolutionary France the political elite saw the outcome in their own country as vastly different to the events which had occurred in France Looking to the past they tried to predict the future how their revolution would end As the political situation became more unstable there was increasing fear of dictatorship and bloodshed The perception of Napoleon as a victorious general changed he was seen instead as a powerful man who had brought stability to France Thus came the search for a Russian Napoleon first in the form of Alexander Kerensky and later General Lavr Kornilov Neither man was a successful candidate Shlapentokh examines one of the most dramatic periods in European history Drawing comparisons between revolutionary Russia and France he provides an insightful and original analysis of such subjects as counter revolution terror and dictatorship Revolution and Counter-Revolution; Or, Germany in 1848

Karl Marx,Friedrich Engels,2019-11-21 Revolution and Counter Revolution Or Germany in 1848 is a profound exploration of the turbulent socio political landscapes of 19th century Europe skillfully curated to reflect the dynamic spectrum of revolutionary thought The anthology engages with themes of class struggle political upheaval and the dialectic of social change offering a diverse compilation of treatises and manifestos Notable pieces investigate the political tectonics of 1848 Germany embodying varied literary styles from incisive analysis to impassioned rhetoric thereby capturing the zeitgeist of a pivotal era across the continent The anthology brings together seminal works of influential thinkers such as Karl Marx and Friedrich Engels whose contributions underscore the vibrant exchange of revolutionary ideas Their writings encapsulate both the rigors of Marxist theory and the broader currents of socialist aspirations during this period Written amidst the cresting waves of industrialization and nation building these works reflect the zeitgeist and fervor of mid 19th century Europe The anthology also aligns with the broader intellectual movements of the time providing historical and cultural context that enriches the reader s comprehension of the age For the discerning reader Revolution and Counter Revolution Or Germany in 1848 offers a compelling journey through a transformative epoch This collection s breadth provides a singular opportunity to experience collisions of ideology and the resonance of revolutionary fervor across different voices Students historians and general readers alike are invited to explore this mosaic of perspectives for its rich educational insights and the robust dialogue it frames within the historical discourses of revolution and reform In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing An

Author Biography reveals milestones in the author's life illuminating the personal insights behind the text A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work's messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Military Leadership in the British Civil Wars, 1642-1651 Stanley D. M. Carpenter, 2005 This work is a study of military leadership and resulting effectiveness in battlefield victory focusing on the parliamentary and royalist regional commanders in the north of England and Scotland in the three civil wars between 1642 and 1651

The Victorious Counterrevolution Michael Seidman, 2011-02-24 This groundbreaking history of the Spanish Civil War 1936-39 examines for the first time in any language how General Francisco Franco and his Nationalist forces managed state finance and economic production and mobilized support from elites and middle class Spaniards to achieve their eventual victory over Spanish Republicans and the revolutionary left The Spanish Nationalists are exceptional among counter revolutionary movements of the twentieth century Michael Seidman demonstrates because they avoided the inflation and shortages of food and military supplies that stymied not only their Republican adversaries but also their counter revolutionary counterparts the Russian Whites and Chinese Nationalists He documents how Franco's highly repressive and tightly controlled regime produced food for troops and civilians regular pay for soldiers farmers and factory workers and protection of property rights for both large and small landowners These factors combined with the Nationalists pro Catholic and anti Jewish propaganda reinforced solidarity in the Nationalist zone Seidman concludes that unlike the victorious Spanish Nationalists the Russian and Chinese bourgeoisie were weakened by the economic and social upheaval of the two world wars and succumbed in each case to the surging revolutionary left

Spider Eaters Rae Yang, 1998 Spider Eaters is at once a moving personal story a fascinating family history and a unique chronicle of political upheaval told by a Chinese woman who came of age during the turbulent years of the Cultural Revolution With stunning honesty and a lively sly humor Rae Yang records her life from her early years as the daughter of Chinese diplomats in Switzerland to her girlhood at an elite middle school in Beijing to her adolescent experience as a Red Guard and later as a laborer on a pig farm in the remote northern wilderness She tells of her eventual disillusionment with the Maoist revolution how remorse and despair drove her almost to suicide and how she struggled to make sense of conflicting events that often blurred the line between victim and victimizer aristocrat and peasant communist and counterrevolutionary Moving gracefully between past and present dream and reality the author artfully conveys the vast complexity of life in China as well as the richness confusion and magic of her own inner life and struggle Much of the power of the narrative derives from Yang's multi generational cross class perspective She invokes the myths legends folklore and local customs that surrounded her and brings to life the many people who were instrumental in her life her nanny a poor woman who raised her from a baby and whose character is conveyed through the

bedtime tales she spins her father her beloved grandmother who died as a result of the political persecution she suffered Spanning the years from 1950 to 1980 Rae Yang s story is evocative complex and told with striking candor It is one of the most immediate and engaging narratives of life in post 1949 China Art in an Age of Counterrevolution, 1815-1848 Albert Boime,2004-08-18 Publisher Description **Revolutions and Revolutionists** Robert Blackey,1982 The Counterrevolution Bernard E. Harcourt,2018-02-27 A distinguished political theorist sounds the alarm about the counterinsurgency strategies used to govern Americans Militarized police officers with tanks and drones Pervasive government surveillance and profiling Social media that distract and track us All of these contends Bernard E Harcourt are facets of a new and radical governing paradigm in the United States one rooted in the modes of warfare originally developed to suppress anticolonial revolutions and more recently to prosecute the war on terror The Counterrevolution is a penetrating and disturbing account of the rise of counterinsurgency first as a military strategy but increasingly as a way of ruling ordinary Americans Harcourt shows how counterinsurgency s principles bulk intelligence collection ruthless targeting of minorities pacifying propaganda have taken hold domestically despite the absence of any radical uprising This counterrevolution against phantom enemies he argues is the tyranny of our age Seeing it clearly is the first step to resisting it effectively
