Yolanda Kemp Spies

From The Embassy A Us Foreign Policy Primer:

From the Embassy George T. Dempsey, 2004 George Dempsey served as a US diplomat in Madrid Vienna The Hague Venezuela and Dublin It was in Dublin where as First Secretary for Political Affairs he experienced the overtly expressed contempt in which United States foreign policy is widely held in Ireland In *From the Embassy* Dempsey argues strongly on a case by case basis that his country s foreign policy has been and remains based on sound moral and political principles It is not the United States but its critics who have questions to answer about the correct response to enemies of democracy and freedom In particular he argues it is Ireland s political academic and media elites who have allowed an outdated and unhelpful left wing fixation with the United States to destroy the integrity of their own country s foreign policy debate Drawing on his experience in UN sponsored negotiations between the West and the developing world and negotiations between the Communist Bloc and the West Dempsey places Ireland in the context of relationships between the developed and developing world and between the European Union and the United States He makes a compelling case for the important role Ireland can play in international affairs but only if Irish media and opinion makers can refrain from their prevailing view that denigrates and condemns and even vilifies American foreign policy and make a more constructive contribution to the debate *From the Embassy* is a passionate and robust defence of US foreign policy as well as a devastating attack on prevailing Irish misconceptions about the use of American power in an increasingly dangerous world Colombian Agency and the making of US Foreign Policy Alvaro Mendez, 2017-06-26 This book studies a significant event in US relations with Latin America shedding light on the role of dependent states and their foreign policy agency in the process by which local concerns become intertwined with the dominant state s foreign policy Plan Colombia was a large scale foreign aid programme through which the US intervened in the internal affairs of Colombia by invitation It proved to be one of the major successes of US foreign policy and has been credited with stemming a potentially catastrophic security failure of the Colombian state This book discusses the strategies and practices deployed by the Colombian government to influence US foreign policy decision making at the bureaucratic legislative and executive levels and is a distinctive contribution to our understanding of the dynamics of small power agency Giving a clearer insight into the decision making processes in both the US and Colombia this book founds its argument on solid empirical analysis assembled from interviews of the major players in the events including Andres Pastrana President of Colombia Thomas Pickering US State Department Arturo Valenzuela Senior Director for Inter American Affairs at the NSA General Barry McCaffrey the US Drug Czar and Dennis Hastert Speaker of the US House of Representatives Approaching the events in question from a bottom up theoretical perspective that puts the emphasis on the facts of the case this book will be of great interest to academics students and policy makers in the field of foreign policy analysis US foreign policy studies and Latin American studies Ireland and the Americas Philip Coleman, James Byrne, Jason King, 2008-02-01 This work is a distinctive multidisciplinary encyclopedia covering the cultural

political economic musical and literary impact that Ireland and the nations of the Americas have had on one another since the time of Brendan the Navigator Ireland and the Americas Culture Politics and History aims to broaden the traditional notion of Irish American beyond Boston New York and Chicago In addition to full coverage of Irish culture in those settings it reveals the pervasive Irish influence in everything from the settling of the American West to the spread of Christianity throughout the hemisphere to Irish involvement in revolutionary movements from the American colonies to Mexico to South America In addition the encyclopedia shows the profound impact of Irish Americans on their homeland in everything from art and literature informed by the emigrant experience to efforts by Irish Americans to influence Irish politics Ranging from colonial times to the present and informed by the surge of academic interest in the past 30 years Ireland and the Americas is the definitive resource on the profound ties that bind the cultures of Ireland the United States Canada and Latin America

The Cambridge History of Ireland: Volume 4, 1880 to the Present Thomas Bartlett,2018-02-28 This final volume in the Cambridge History of Ireland covers the period from the 1880s to the present Based on the most recent and innovative scholarship and research the many contributions from experts in their field offer detailed and fresh perspectives on key areas of Irish social economic religious political demographic institutional and cultural history By situating the Irish story or stories as for much of these decades two Irelands are in play in a variety of contexts Irish and Anglo Irish but also European Atlantic and latterly global The result is an insightful interpretation on the emergence and development of Ireland during these often turbulent decades Copiously illustrated with special features on images of the Troubles and on Irish art and sculpture in the twentieth century this volume will undoubtedly be hailed as a landmark publication by the most recent generation of historians of Ireland *U.S. Foreign Policy and the Export of Nuclear Technology to the Middle East* United States.

Congress. House. Committee on Foreign Affairs. Subcommittee on International Organizations and Movements,1974 The Politics of United States Foreign Policy James M. Scott,Jerel A. Rosati,2023-06-22 What are the factors that shape and determine the foreign policy choices of the United States The Politics of United States Foreign Policy helps students consider the players processes and politics that drive US decisions and involvement in foreign policy Blending substance theory and stimulating analysis James Scott and Jerel Rosati emphasize that society government and global forces play a role in the struggle over competing values when it comes to foreign policymaking The book discusses historical patterns the president's ability to influence both at home and abroad and the tension between democracy and national security The Eighth Edition has been updated to cover developments since the end of the Trump administration the transition to the Biden administration the challenges of changing international and domestic contexts and the increasingly partisan political environment It also incorporates key recent national and international developments including the global pandemic the Russian invasion of Ukraine US global reengagement and competition between the US and key rivals like China and Russia **International Politics and the Northern Ireland Conflict** Alan MacLeod,2016-07-25 British troops which arrived as a temporary

measure would remain in Ireland for the next 38 years Successive British governments initially claimed the Northern Ireland conflict to be an internal matter but the Republic of Ireland had repeatedly demanded a role appealing to the UN and US while across the Atlantic Irish American groups applied pressure on Nixon's largely apathetic administration to intervene Following the introduction of internment and the events of Bloody Sunday the British were forced to recognise the international dimension of the conflict and begrudgingly began to concede that any solution would rely on Washington and Dublin's involvement Irish governments seized every opportunity to shape the political initiative that led to Sunningdale and Senator Edward Kennedy became the leading US advocate of American intervention while Nixon who wanted Britain onside for his Cold War objectives was faced with increasingly influential domestic pressure groups Eventually international involvement in Northern Ireland would play a vital role in shaping the principles on which political agreement was reached even after the breakdown of the Sunningdale Agreement in May 1974 Using recently released archives in the United Kingdom Republic of Ireland and United States Alan MacLeod offers a new interpretation of the early period of Northern Ireland's Troubles

Foreign Policy in Iran and Saudi Arabia Robert Mason, 2014-12-22 Saudi Arabia with its US alliance and abundance of oil dollars has a very different economic story to that of Iran which despite enormous natural gas reserves has been hit hard by economic trade scientific and military sanctions since its 1979 revolution Robert Mason looks at the effect that economic considerations such as oil gas sanctions trade and investment have had on foreign policy decision making processes and diplomatic activities By examining the foreign policies of Saudi Arabia and Iran towards each other and towards the wider Middle East and beyond Mason seeks to highlight how oil policy including oil production pricing and security of supply and demand is the paramount economic factor which drives the diplomacy and rivalry of these two pivotal regional powers His book thus offers vital analysis for researchers of international relations in the Middle East and the processes involved in the formation of foreign policy

Global citizen and European republic Ben Tonra, 2013-07-19 This book available in paperback for the first time offers a new and innovative way of looking at Irish foreign policy linking its development with changes in Irish national identity Many debates within contemporary International Relations focus on the relative benefits of taking a traditional interest based approach to the study of foreign policy as opposed to the more recently developed identity based approach Uniquely this book takes the latter and instead of looking at Irish foreign policy through the lens of individual geo strategic or political interest it is linked to deeper identity changes As one Minister of Foreign Affairs put it Irish foreign policy is about much more than self interest The elaboration of our foreign policy is also a matter of self definition simply put it is for many of us a statement of the kind of people that we are The contributors are drawn from those who have worked alongside Janet Nelson and from some of her former students They include David Bates Stephen Baxter Wendy Davies Paul Fouracre and David Ganz

The 'Olympic and Paralympic' Effect on Public Policy Daniel Bloyce, Andy Smith, 2016-04-14 Set against the backdrop of the London 2012 Olympic and Paralympic Games this book

examines the impact on public policy from broader political decisions taken in relation to Olympic and Paralympic related policy. It considers the major political justifications for hosting these global sports events, evidence for their expected impacts and topical issues including environmental protection and sustainability, the use of technology and political protest. The book will be essential reading for anyone with an interest in sport policy and politics and how broader political decisions come to impact on the development of Olympic and Paralympic sport. This book was published as a special issue of the *International Journal of Sport Policy and Politics*. *The Iran Primer* Robin B. Wright, 2010. A comprehensive but concise overview of Iran's politics, economy, military, foreign policy and nuclear program. The volume chronicles U.S.-Iran relations under six American presidents and probes five options for dealing with Iran. Organized thematically, this book provides top-level briefings by 50 top experts on Iran, both Iranian and Western authors, and is a practical and accessible go-to resource for practitioners, policymakers, academics and students, as well as a fascinating wealth of information for anyone interested in understanding Iran's pivotal role in world politics. *US Foreign Policy and Global Standing in the 21st Century* Efraim Inbar, Jonathan Rynhold, 2016-01-13. This book examines US foreign policy and global standing in the 21st Century. The United States is the most powerful actor in world politics today. Against this backdrop, the present volume examines how the foreign policies pursued by Presidents George W. Bush and Barack Obama have affected elite and public perceptions of the United States. By examining America's standing from the perspective of different actors from across various regions including China, Russia, Latin America and the Middle East, while also assessing how these perceptions interact with America's own policies, this book presents a fresh interpretation of America's global standing. In doing so, the volume evaluates how these perceptions affect the realities of US power and what impact this has on moulding US foreign policy and the policies of other global powers. A number of books address the question of which grand strategy the United States should adopt and the issue of whether or not America is in relative decline as a world power. However, the debate on these issues has largely been set against the policies of the Bush administration. By contrast, this volume argues that while Obama has raised the popularity of America since the low reached by Bush, America's credibility and overall standing have actually been damaged further under President Obama. This book will be of much interest to students of US foreign policy, US national security, strategic studies, Middle Eastern politics, international relations and security studies generally. *The Political Ideology of Ayatollah Khamenei* Yvette Hovsepian-Bearce, 2015-07-03. Ayatollah Ali Hosseini Khamenei, Supreme Leader of the Islamic Republic of Iran, is one of the most controversial and influential Muslim leaders in the world today. As Iran's main decision maker, his theocratic ideology and decisions carry global consequences. *The Political Ideology of Ayatollah Khamenei* is the first book to identify and analyze the development and evolution of the theocratic ideology of the Supreme Leader from 1962 to 2014, using his own writings, speeches and biographies, as well as literature published in the Islamic Republic of Iran. This work provides new insights into Khamenei's political thought and behavior and their impact on Iran's domestic, regional and international

policies Correlating the development of Khamenei's personality character and political behavior with Iran's internal and external challenges this study explores key issues of the Middle East region in particular Iran's political posture toward Israel the United States and the Muslim world and the diplomatic crises unfolding over Iran's nuclear development program This work provides a comprehensive chronological and thematic survey of Khamenei's life This book will be of interest to students scholars researchers diplomats and policymakers focusing on Middle Eastern politics Iranian affairs Islamic studies and international relations and could serve as an essential resource for those striving to understand Iran's policies toward Israel the United States and the Muslim world as shaped by its supreme autocrat *Iran and The United States* Seyed Hossein Mousavian, Shahir Shahidsaless, 2014-05-22 Seyed Hossein Mousavian worked for over 30 years on diplomatic efforts between Iran and the West alongside now President Hassan Rouhani and Iranian Foreign Minister Javad Zarif serving as confidante colleague and peer Here the former diplomat tells the insider history of the troubled relationship between Iran and the US His unique firsthand perspective blends memoir analysis and never before seen details of the many near misses in the quest for rapprochement With so much at stake the book concludes with a roadmap for peace that both nations so desperately need

The Ambassadors and America's Soviet Policy David Mayers, 1995-04-06 George Kennan Charles Bohlen W Averell Harriman William Bullitt Joseph E Davies Llewellyn Thompson Jack Matlock these are important names in the history of American foreign policy Together with a number of lesser known officials these diplomats played a vital role in shaping US strategy and popular attitudes toward the Soviet Union throughout its 75 year history In *The Ambassadors and America's Soviet Policy* David Mayers presents the most comprehensive critical examination yet of US diplomats in the Soviet Union Mayers' vivid portrayal evokes the social and intellectual atmosphere of the American embassy in the midst of crucial episodes the Bolshevik Revolution the Great Purges the Grand Alliance in World War II the early Cold War the Cuban Missile Crisis the rise and decline of detente and the heady days of perestroika and glasnost He also offers rare portraits of the professional lives of the diplomats themselves their adjustment to Soviet life the quality of their analytical reporting their contact with other diplomats in Moscow and their influence on Washington Assessing the strengths and weaknesses of American diplomacy in its most challenging area this compelling book fills an important gap in the history of US foreign policy and US Soviet relations Readers interested in US foreign policy the cold war and the policies and history of the former Soviet Union will find *The Ambassadors and America's Soviet Policy* an intriguing and informative work

[Global South Perspectives on Diplomacy](#) Yolanda Kemp Spies, 2018-10-08 This volume is a comprehensive overview of the various methods used in contemporary diplomatic practice It incorporates the traditional modes of diplomacy and explains how these modes have evolved to deal with a burgeoning international community of state and non state actors the information and communications revolution and the changing profile of global conflict The pursuit of development diplomacy is an integral part of the project with due attention to the fault lines microcosms of power politics and rapid evolution within the society of

states that make up the Global South All chapters are extensively illustrated with recent case examples from across the world

Neutrality and Vulnerable States Nasir Andisha, 2020-10-08 This book offers a timely and concise academic and historical background to the concept and practice of neutrality a relatively new phenomenon in foreign and security policy It approaches two key questions under what circumstances can permanent neutrality be applied and what are the main ingredients of success and the causes of failure in applying permanent neutrality By evaluating comparing and contrasting the two successful European case studies of Austria and Switzerland and the two challenging Asian case studies of Afghanistan and Laos the author creates a new framework of analysis to explore the feasibility of reframing adopting and applying a policy of neutrality and jump start debates on the feasibility of the idea of new neutrality He opens the debate by asking whether as neutrality successfully functioned as a conflict resolution tool during the Cold War a reframed and adopted version of neutrality could also serve the needs of the twenty first century world order This is an insightful book for all scholars students and policymakers working in international relations security studies the history of neutrality and Afghanistan studies

How to Conquer the World Garrett Wasny, 1999 Management consultant author and Web master Garrett Wasny provides an annotated listing of over 8 000 international trade resources for businesspeople searching for global customers partners and suppliers on the World Wide Web Organized into ten chapters covering geographic markets and global business functions and covering some 230 countries and territories the volume provides relevant tips on Internet use and appendices offering a variety of resources on identifying useful associates drafting initial correspondence tracking information and troubleshooting

Military Review, 2017

Iranian Foreign Policy during Ahmadinejad Maaike Warnaar, 2013-11-26 Written for scholars and practitioners puzzled by Iran's foreign policy choices this book argues that Iran's foreign policy behavior is best understood in the context of the regime's foreign policy ideology which is rooted in a conception of Iran as a nation changed by the 1979 Revolution and an example to other nations in a changing world
