surrounded Broken Hill Towards the end of his stay in Africa there was a heated romance with great tragedy in store for both Dennis and Fred the horrendous circumstances of which will have the reader asking whether this is really a true story unfortunately it certainly is Dennis was initially reluctant to share his story and has so far kept this desperately tragic end of his stay in Africa a deep dark secret Until now *The Tragic Romance of Africa* is a compelling combination of travel writing and memoir that also gives a unique and rare insight into a snapshot of Africa's history It's a book that at times reads like a novel due to its hard to believe content and an account that is often hilarious occasionally touching sometimes moving but ultimately harrowing set in a bygone age of colonialism racism exploitation and adventure *The Geography of*
