From the Stone Age to Christianity William Foxwell Albright, 1940 *From the Stone Age to Christianity; Monotheism and the Historical Process* William Foxwell Albright, 1957 *From the Stone Age to Christianity* William F.

Albright, 2003-09-12 A monumental work of theological historical synthesis *From the Stone Age to Christianity* sets forth Albright's view of the light thrown by archaeology on the Bible as well as his basic philosophy of interpretation of the Bible and religion. Here he traces the development of humankind's idea of God from prehistoric times to the time of Christ.

From the Stone Age to Christianity William Foxwell Albright, 2008-11 FROM THE STONE AGE TO CHRISTIANITY MONOTHEISM AND THE HISTORICAL PROCESS BY WILLIAM FOXWELL ALBRIGHT PH D UTT D D H L TH D Utrecht W W Spence Professor of Semitic Languages in the Johns Hopkins University Sometime Director of the American School of Oriental Research in Jerusalem BALTIMORE THE JOHNS HOPKINS PRESS 1940 COPYRIGHT 1940 THE JOHNS HOPKINS PRESS SECOND PRINTING JUNE 1941 1 MOUNTED INTO TUBES BY THE STATES OF AMERICA BY THE FURHT COMPANY BALTIMORE TO SAMUEL WOOD GEISER SCIENTIST HISTORIAN AND FRIEND PREFACE The purpose of this book is to show how man's idea of God developed from prehistoric antiquity to the time of Christ and to place this development in its historical context. This task does not however consist merely in the accumulation of historical details; it involves an analysis of the historical patterns which emerge from the mass of detail. It is therefore a task both for the historian and for the philosopher of history. Since the purpose of the book is thus both historical and philosophical it becomes a matter of fundamental importance to define the respective functions of the historian and of the philosopher as clearly and precisely as possible. Only by the greatest care can we avert the vagueness of thought and the illogical formulation of conclusions which appear to be generally characteristic of works dealing with the philosophy of history. Chapter I is largely devoted to the methods by which ancient Near Eastern history has been developed in the past century from a little collection of scattered facts to a vast and well integrated body of knowledge. It may be observed in passing that this sketch is unique in modern historical literature since there has been no comparable treatment of archaeological and philological methodology in the light of their history. Chapter I forms an indispensable part of our work providing the foundation both for the treatment of the subject matter of history in Chapter II and for the lavish use made of archaeological data in subsequent chapters. Recognizing that history does form patterns difficult though it may often be to see them clearly we have devoted Chapter II to an analysis of the recent development and the basic principles of the philosophy of history. Both our restatement of historical epistemology and our formulation of an organismic philosophy of history depend largely on the materials analyzed and interpreted in Chapter I. The remaining four chapters are devoted to the development of the idea of God and of the relation between God and man in the light of the historical evolution of the ancient Near East. In Chapter III we have been forced to pay more attention to cultural and national history than we have in subsequent chapters. vii PREFACE

indicate the nature and course of cultural evolution clearly and effectively In consequence this chapter contains the most up to date account of the present state of our knowledge of prehistory and of the ancient Near East In Chapter IV we demonstrate the early date and originality of Israelite monotheism in Chapter V we show that the prophetic movement was a reformation not a religious revolution in Chapter VI we bring the book to a close with a new statement of the historical position of our Lord In an Epilogue we collect the strands of our theme and recapitulate our conclusions In dealing with so wide a field mistakes and oversights are inevitable Nor can we be sure of having succeeded everywhere in making our meaning clear We shall accordingly be grateful to readers and reviewers who call our attention to errors and omissions and who uncover forced or inconsistent reasoning so that the necessary corrections can be made later Dr H M Orlinsky has assisted me in reading proof and has helped me to achieve clarity of expression Drs G Ernest Wright and Malcolm F Stewart have contributed some very useful suggestions

History, Politics and the Bible from the Iron Age to the Media Age James G. Crossley, Jim West, 2016-12-01 As biblical studies becomes increasingly fragmented this collection of essays brings together a number of leading scholars in order to show how historical reconstruction philology metacriticism and reception history can be part of a collective vision for the future of the field This collection of essays focuses more specifically on critical questions surrounding the construction of ancient Israel's minimalism the ongoing significance of lexicography the development of early Judaism

orientalism and the use of the Bible in contemporary political discourses Contributors include John van Seters Niels Peter Lemche Ingrid Hjelm and Philip R Davies Review of Albright, William F., From the Stone Age to Christianity Nelson Glueck,1941 **Edom at the Edge of Empire** Bradley L. Crowell,2021-09-17 A comprehensive history of a state on Judah's border Edom at the Edge of Empire combines biblical epigraphic archaeological and comparative evidence to reconstruct the history of Judah's neighbor to the southeast Crowell traces the material and linguistic evidence from early Egyptian sources that recall conflicts with nomadic tribes to later Assyrian texts that reference compliant Edomite tribal kings to offer alternative scenarios regarding Edom's transformation from a collection of nomadic tribes and workers in the Wadi Faynan as it relates to the later polity centered around the city of Busayra in the mountains of southern Jordan This is the first book to incorporate the important evidence from the Wadi Faynan copper mines into a thorough account of Edom's history providing a key resource for students and scholars of the ancient Near East and the Hebrew Bible Puritans in Babylon Bruce Kuklick,2018-12-04 From the 1880s through the 1920s a motley collection of American scholars soldiers of fortune institutional bureaucrats and financiers created the academic fields that give us our knowledge of the ancient Near East Bruce Kuklick's new book begins with the story of the initial adventure of these determined investigators a twelve year dig near the Biblical Babylon at Nippur conducted at intervals from 1888 through 1900 and bankrolled by the Babylonian Exploration Fund To unearth tens of thousands of cuneiform tablets the leaders of this venture faced harsh living conditions in the desert and an academic war of each against all that was quickly begun at the site itself As their knowledge increased they risked their personal religious beliefs in the search for historical truth Kuklick discusses their tribulations to illuminate two other contemporary developments first the maturation of the American university particularly in contrast to its German counterpart and second the influence of religious secular conflict on the ways in which Western scholarship appropriated or appreciated other cultures The Nippur expedition spawned unseemly and entertaining fights among the University of Pennsylvania Johns Hopkins Yale Harvard and Chicago for leadership in the study of ancient Near East not to mention disagreements with their own developing museums and an international scandal called the Hilprecht controversy More significant than these quarrels was the concern for the meaning of history displayed in this period of Near Eastern scholarship The field was linked to Biblical criticism and Judeo Christian interests and many of the orientalist originally possessed strong religious commitments which some put aside as they struggled for objectivity As recent critics have shown orientalism was an example of the West's ability to appropriate the other for its own purposes However Kuklick's study demonstrates that the censure of orientalism hinges on modes of argumentation that scholars of the ancient Near East helped to legitimate and at no small cost to themselves Bruce Kuklick is Killbrew Professor of History at the University of Pennsylvania Among his books are To Every Thing a Season Shibe Park and Urban Philadelphia 1909 1976 Princeton Churchmen and Philosophers Jonathan Edwards to John Dewey and The Rise of American Philosophy Cambridge

The Nonviolent Messiah Simon J. Joseph, 2014 When scholars have set Jesus against various conceptions of the messiah and other reemotive figures in early Jewish expectation those questions have been bound up with the problem of violence whether the political violence of a militant messiah or the divine violence carried out by a heavenly or angelic figure Simon J Joseph enters the wide ranging discussion of violence in the Bible taking up questions of Jesus of Nazareth s relationship to the violence of revolutionary militancy and apocalyptic fantasy alike and proposes an innovative new approach Missing from past discussions Joseph contends is the unique conception of an Adamic redeemer figure in the Enochic material a conception that informed the Q tradition and he argues Jesus own self understanding

For the Healing of the Nation William Russell Pregeant, 2016-04-14 For the Healing of the Nation offers a serious look at the social and political climate in the United States from a biblical perspective emphasizing race and otherness economics and the environment and institutional violence war and capital punishment An autobiographical thread traces the journey of a white male coming of age in the mid twentieth century Deep South as his evolving faith leads him to painful breaks with inherited values and standard views on controversial issues Critical not only of both major political parties but also of centrist compromises between Right and Left Russell Pregeant seeks a forward position which he terms ecocommunitarian based on biblical values His musings touch on both southern and American identities and on the nature of the biblical writings and the ways they should and should not be used in contemporary debates Central to the entire work are discussions of how idolatrous commitments to a culture s prevalent ideologies obscure the essential demands of biblical faith

Reading Phinehas, Watching Slashers Brandon R. Grafius, 2018-03-20 The tale of the zeal of Phineas expressed when he killed an Israelite man and a Midianite woman having sex and thus stopped a plague of consorting with idolatrous neighbors in the Israelite camp Numbers 25 has long attracted both interest and revulsion Scholars have sought to defend the account to explain it as pious fiction or to protest its horrific violence Brandon R Grafius seeks to understand how the tale expresses the latent anxieties of the Israelite society that produced it combining the insights of historical criticism with those of contemporary horror and monster theory Grafius compares Israelite anxieties concerning ethnic boundaries and community organization with similar anxieties apparent in horror films of the 1980s then finds confirmation for his method in the responses of Roman period readers who reacted to the tale of Phineas as a tale of horror The combination of methods allows Grafius to illumine the concern of an ancient priestly class to control unsettled and unsettling community boundaries and to raise questions of implications for our own time

Confronting the Past Seymour (Sy) Gitin, J. Edward Wright, J. P. Dessel, 2006-06-30 William G Dever is recognized as the doyen of North American archaeologist historians who work in the field of the ancient Levant He is best known as the director of excavations at the site of Gezer but has worked at numerous other sites and his many students have led dozens of other expeditions He has been editor of the Bulletin of the American Schools of Oriental Research was for many years professor in the influential archaeology program at the University of Arizona and now in retirement continues actively to write and publish In this volume 46 of his colleagues and students contribute essays in his honor reflecting the broad scope of his interests particularly in terms of the historical implications of archaeology **The Gods of the Nations** Daniel I. Block, 2013-10-01 Daniel I Block here explores the relationship between ancient Near Eastern nations and their respective deities He demonstrates how this relationship was expressed in everyday life national identity and history Israel's theocratic culture is illuminated in comparison to other Near Eastern cultures **The Daily Reader** Fred White, 2009-10-13 Let Great Reading Fuel Your Writing Great writers read voraciously and across many topics and genres They read to learn to research to study the style of others and to improve their own work They read because they love the written word But becoming well read takes time dedication and patience The thought can be daunting especially when you're eager to get to your own writing Fred White author of *The Daily Writer* helps you sort through the plethora of reading material available by providing you with 366 engaging excerpts from ancient poetry to modern science on topics from allegory to food to writer's block Each thoughtfully chosen excerpt is followed by a brief reflection and a prompt that allows you to integrate elements from each piece into your own writing The Daily Reader makes broad reading accessible invigorates your thirst for the written word and equips you to put the power of the pros behind your writing *Do My Prophets No Harm* Robert Kimball Shinkoskey, 2011-03-03 A foundational law promoting worship of the God of the Exodus the Decalogue's First Commandment has little meaning without a government policy permitting such worship Robert Kimball Shinkoskey discusses policies in the Bible which enact freedom of religion for prophets and other dissidents who work to restore worship of the God of their ancestors In the process he challenges the theological idea of the cessation of prophecy New revelation from God is necessary to rescue ancient Israel from backsliding and restore her to a place of security and tranquility in a Mediterranean world gone mad with imperial war making *Revealing the History of Ancient Palestine* Keith W. Whitelam, 2018-07-06 This volume is part of the Changing Perspectives sub series which is constituted by anthologies of articles by world renowned biblical scholars and historians that have made an impact on the field and changed its course during the last decades This volume offers a collection of seminal essays by Keith Whitelam on the early history of ancient Palestine and the origins and emergence of Israel Collected together in one volume for the first time and featuring one unpublished article this volume will be of interest to biblical and ancient Near Eastern scholars interested in the politics of historical representation but also on critical ways of constructing the history of ancient Palestine **The Tradition of the Elders** T. Hoogsteen, 2014-09-16 The

Tradition of the Elders based on Matt 15 1 20 and Mark 7 1 23 explores how the oral law upheld and promoted the anti Christian forces of Pharisaism and Sadduceism As such they appear repeatedly in the New Testament documents often as the law and the works of the law For example consider When Gentiles who have not the law do by nature what the law requires they are a law to themselves even though they do not have the law Rom 2 14 We ourselves who are Jews by birth and not Gentile sinners yet who know that a man is not justified by works of the law but through faith in Christ Jesus even we have believed in Christ Jesus in order to be justified by faith in Christ and not by works of the law because by works of the law shall no one be justified Gal 2 15 16 Tell me you who desire to be under law do you not hear the law Gal 4 21 But which law do these legal references concern the Torah the oral law or the Decalogue This important distinction between the oral law and the Ten Commandments is what The Tradition of the Elders sets out to make clear All New Testament exegetes including teachers and students can benefit from an increased understanding of the enmity of the oral law against the Gospel

Planting and Reaping Albright Burke O. Long, 2010-11 This book examines the social formation and ideological practices of William Foxwell Albright the gifted Johns Hopkins linguist and archaeologist who along with a fiercely loyal and organized group of former students exerted uncommon influence on the substance and direction of mid twentieth century biblical studies Albright and these devoted students such as G Ernest Wright Frank Moore Cross Jr David Noel Freedman John Bright George E Mendenhall came to be known as the Albright School Burke Long here treats the field of biblical studies not as a repository of objective knowledge but as a culture created by like minded people whose knowledge is mediated through the ideologically charged give and take of social interactions A first of its kind for biblical studies Planting and Reaping Albright draws on private letters interviews and published work to expose ideological presuppositions and political machinations embedded in historical knowledge about the Bible that this group of scholars constructed and disseminated through its various activities Long investigates Albright s many assumptions about the way things really are and the ways in which his students describing themselves as sons of Albright embarked on a crusade to secure political and ideological dominance of the landscape of American biblical scholarship The Albright School constituted a sociological phenomenon that had lasting consequences for American intellectual history and scholarship Accordingly this book suggests ways in which Albright or a social realization of Albright was present in and presented to a culture of generational and ideological solidarity
