David Price,2011-01-13 The early sixteenth century saw a major crisis in Christian Jewish relations the attempt to confiscate and destroy every Jewish book in Germany This unprecedented effort to end the practice of Judaism throughout the empire was challenged by Jewish communities and unexpectedly by Johannes Reuchlin 1455 1522 the founder of Christian Hebrew studies In 1510 Reuchlin wrote an extensive impassioned and ultimately successful defense of Jewish writings and legal rights a stunning intervention later acknowledged by a Jewish leader as a miracle within a miracle The fury that greeted Reuchlin s defense of Judaism resulted in a protracted heresy trial that polarized Europe The decade long controversy promoted acceptance of humanist culture in northern Europe and in several key settings created an environment that was receptive to the nascent Reformation movement The legal and theological battles over charges that Reuchlin s positions were impermissibly favorable to Jews a conflict that elicited intervention on both sides from the most powerful political and intellectual leaders in Renaissance Europe formed a new context for Christian reflection on Judaism David H Price offers insight into important Christian discourses on Judaism and anti-Semitism that emerged from the clash of Renaissance humanism with this potent anti Jewish campaign as well as an innovative analysis of Luther s virulent anti-Semitism in the context and aftermath of the Reuchlin Affair This book is a valuable contribution to study of an important and complex development in European history Christians acquiring accurate knowledge of Judaism and its history      *From Yoga to Kabbalah*

Véronique Altglas,2014-05-01 Religious exoticism implies a deeply ambivalent relationship to otherness and to religion itself traditional religious teachings are uprooted and fragmented in order to be appropriated as practical methods for personal growth Western contemporary societies have seen the massive popularization of such exotic religious resources as yoga and meditation Shamanism Buddhism Sufism and Kabbalah V ronique Altglas shows that these trends inform us about how religious resources are disseminated globally as well as how the self is constructed in society She uses two case studies the Hindu based movements in France and Britain that started in the 1970s and the Kabbalah Centre in France Britain Brazil and Israel She draws upon major qualitative and cross cultural empirical investigations to conceptualize religious exoticism and offer a nuanced and original understanding of its contemporary significance From Yoga to Kabbalah broadens scholarly understanding of the globalization of religion how religions are modified through cultural encounters and of religious life in neoliberal societies      The Scandal of a Divine Messiah

Brian J. Crawford,2024-12-30 In this groundbreaking book Brian J Crawford navigates the complex intellectual landscape that has traditionally separated Jews and Christians His focus is on a scandalous claim God became a man as Jesus of Nazareth Since the Middle Ages Jewish

philosophers have said such an idea is impossible and absurd and Jewish mystics have said the idea is redundant for all things are inhabited by divine sparks By critically examining the philosophical underpinnings of the Maimonidean and Kabbalistic thought that has shaped Jewish theology Crawford constructs a compelling case for the incarnation that is grounded in the Hebrew Scriptures consistent with history informed by science and illuminated by philosophical inquiry Included within is a deep interaction with Maimonides s Guide to the Perplexed the Jewish mystical tradition historical Christian orthodoxy and Messianic Jewish theology This landmark study promises to reinvigorate Jewish Christian discourse on the nature of God the Jewishness of the Trinity and the incarnation and the role of philosophy in Judaism and Christianity
