Hooper, Warren E. Cox**

## **Frontier West Great Plains And Mountain States :**

*The Mobilized American West, 1940-2000* John M. Findlay, 2023-07 In the years between 1940 and 2000 the American Far West went from being a relative backwater of the United States to a considerably more developed modern and prosperous region one capable of influencing not just the nation but the world By the dawn of the twenty first century the population of the West had multiplied more than four times since 1940 and western states had transitioned from rural to urban becoming the most urbanized section of the country Massive investment both private and public in the western economy had produced regional prosperity and the tourism industry had undergone massive expansion altering the ways Americans identified with the West In *The Mobilized American West 1940 2000* John M Findlay presents a historical overview of the American West in its decades of modern development During the years of U S mobilization for World War II and the Cold War the West remained a significant distinct region even as its development accelerated rapidly and in many ways it became better integrated into the rest of the country By examining events and trends that occurred in the West Findlay argues that a distinctive region wide political culture developed in the western states from a commitment to direct democracy the role played by the federal government in owning and managing such a large amount of land and the way different groups of westerners identified with and defined the region While illustrating western distinctiveness Findlay also aims to show how in its sustaining mobilization for war the region became tethered to the entire nation more than ever before but on its own terms Findlay presents an innovative approach to viewing the American West as a region distinctive of the United States one that occasionally stood ahead of at odds with and even in defiance of the nation *Hoo-Doo Cowboys and Bronze Buckaroos* Michael K. Johnson, 2014 A study of representations of Blackness in movies music performance art and popular journalism **The Mountainous West** William Wyckoff, Lary M. Dilsaver, 1995-01-01 Traditional interpretations of the American West have concentrated on the importance of its aridity to the region s cultural evolution and development But the West is marked by a second fact of physical geography that distinguished it from the experiences of settlers from the east As pioneers struggled with the climate west of the hundredth meridian they were also confronted by mountains strewn across the region and offering their own set of limitations and opportunities This volume focuses on these green islands of the Mountainous West that have witnessed patterns of settlement and development distinct from their lowland neighbors In thirteen essays the contributors address the mountains by means of five themes the mountains as barriers to movement islands of moisture a zone of concentrated resources an area of government control and a restorative sanctuary The focus ranges from California s Sierra Nevada to the Rocky Mountains of Colorado Utah and Montana William K Wyckoff is an associate professor Department of Earth Sciences Montana State University He is the author of *The Developer s Frontier The Making of the Western New York Landscape* and of articles in many journals including *The California Geographer Social Science Journal Geographical Review* and *Journal of Historical Geography* Lary M Dilsaver is a professor in the Department

of Geology and Geography University of South Alabama The author with William Tweed of Challenge of the Big Trees A Resource History of Sequoia and Kings Canyon National Parks he has also written articles in journals such as Geographical Review Annals of Tourism Research and Yearbook of the Association of Pacific Coast Geographers The Natural West Dan Flores, 2003-03-30 The Natural West offers essays reflecting the natural history of the American West as written by one of its most respected environmental historians Developing a provocative theme Dan Flores asserts that Western environmental history cannot be explained by examining place culture or policy alone but should be understood within the context of a universal human nature The Natural West entertains the notion that we all have a biological nature that helps explain some of our attitudes towards the environment Flores also explains the ways in which various cultures including the Comanches New Mexico Hispanos Mormons Texans and Montanans interact with the environment of the West Gracefully moving between the personal and the objective Flores intersperses his writings with literature scientific theory and personal reflection The topics cover a wide range from historical human nature regarding animals and exploration to the environmental histories of particular Western bioregions and finally to Western restoration as the great environmental theme of the twenty first century Into the West Walter Nugent, 2007-12-18 Acclaimed historian Walter Nugent brings us what is perhaps the most comprehensive and fascinating account to date of the peopling of the American West In this epic social demographic history Nugent explores the populations of the West as they grow change and intersect from the Paleo Indians the Spanish Conquistadors to displaced Okies wartime African American immigrants and all the disparate groups that have made California the most ethnically diverse state in the union Their tale in all its complexity is a tale that surprises that subverts traditional stereotypes and that illuminates the multifaceted character of one of the world's most unique and dynamic territories **Elementary Economics** Thomas Nixon Carver, 1920 *Woodall's Western Campground Directory* Woodall's Publications Corp, 2008 Includes the same features as the North American edition but lists RV parks and campgrounds RV service centers and tourist attractions west of the Mississippi River states plus Mexico and western Canada

**Frontier's End** Robert Gish, 1988-01-01 The western frontier was officially pronounced closed in 1890 the year Harvey Fergusson was born in Albuquerque He spent his life reopening it in a series of novels stretching from the classic *Wolf Song* to the belatedly acclaimed *Grant of Kingdom* and *The Conquest of Don Pedro* In this first full biography and critical study Robert F Gish sees Fergusson as a modern frontiersman in love with the outdoors women and writing The scion of New Mexico family prominent in business and politics Fergusson moved restlessly from one new frontier to another always seeking to recreate in his life and work the adventure and freedom enjoyed by his ancestors After a strenuous open air life by the Rio Grande he went east to raise a ruckus as a journalist and then to Hollywood as a screenwriter all the while testing his sexual mettle Finally freelance writing was the only frontier available to one of his imaginative energy Fergusson's early novel *Wolf Song* is still considered one of the best ever written about the mountain man Gish shows the writer embracing the

gloriously masculine and atavistic role of a lone rider even as he scorned the worship of the primitive Fergusson struck up a friendship with H L Mencken and Theodore Dreiser who influenced his literary style and played a part in the development of Taos and Santa Fe as meccas for artists and writers Based on extensive research including Fergusson s diaries and correspondence Frontier s End goes a long way toward reconciling the regional with the mainstream in American literature in the person of a serious novelist whose importance is finally being recognized

**Himalayan Journals** Joseph Dalton Hooker,2020-07-16 Reproduction of the original Himalayan Journals by Joseph Dalton Hooker

**Elements of Rural Economics** Thomas Nixon Carver,1924

The World of the American West Gordon Morris Bakken,2010-10-04 The World of the American West is an innovative collection of original essays that brings the world of the American West to life and conveys the distinctiveness of this diverse constantly changing region Twenty scholars incorporate the freshest research in the field to take the history of the American West out of its timeworn Cowboys and Indians stereotype right up into the major issues being discussed today from water rights to the presence of the defense industry Other topics covered in this heavily illustrated highly accessible volume include the effects of leisure and tourism western women politics and politicians Native Americans in the twentieth century and of course oil With insight both informative and unexpected The World of the American West offers perspectives on the latest developments affecting the modern American West providing essential reading for all scholars and students of the field so that they may better understand the vibrant history of this globally significant ever evolving region of North America

**Fort Bridger, Wyoming** Hunt Janin,2024-12-05 For nearly fifty years Fort Bridger played a role in all major events of the 19th century Rocky Mountain frontier and westering experience Founded in 1842 by mountain man Jim Bridger this southwestern Wyoming post was one of the most important outfitting points for travelers on the Oregon Trail riders of the Pony Express the Overland Stage and the Union Pacific Railroad Trappers buffalo hunters Forty niners soldiers and outlaws would pass through what is now the Fort Bridger State Historic Site This post or fort is used as a basis for an illustrated account of the Rocky Mountain West The book explores reasons why American Indian behavior varied between helpfulness and aggression toward mountain men and emigrants Also detailed are weapons of the frontier Fort Bridger s role in the 1857 Mormon War the 1867 Wind River Mountains gold rush and the Great Diamond Hoax of 1872 Several appendices are presented including a discussion of gender in the westering movement and a selected chronology of frontier history Interesting and highly detailed excerpts are taken from such primary sources as a trapper s journal and an 1850 account of buffalo butchering

**The Rise of the Centennial State** Eugene H. Berwanger,2007 A vivid description of Colorado s beginnings This is the first single volume history of the Colorado territory encompassing the entire territorial period from the beginning of the Civil War to 1876 when Colorado became a state The Rise of the Centennial State traces the growth of the territory as new technologies increased mining profits and as new modes of transportation especially the Union Pacific and Kansas Pacific railroads opened the territory to eastern markets bringing

waves of settlers to farm ranch and establish new communities Eugene H Berwanger s history is packed with colorful characters and portraits of sprawling brawling frontier and mining towns from Denver to Central City He presents a multifaceted discussion of Colorado s resurgence after the war with rich discussions of the role of minorities in the territory s development Indian white relations including discussions of now forgotten battles of Beecher s Island and Summit Springs which destroyed the Indians hold on the Colorado Plains the social segregation of blacks in Denver and Mexican Americans displeasure at being separated from the Hispano culture of New Mexico Berwanger also demonstrates the decisive role of Colorado s admission to statehood in swinging the disputed presidential election of 1876 to the Republican candidate Rutherford B Hayes

**American Civilization** David Mauk, David C. Mauk, John Oakland, 2013-01-11 This hugely successful text provides students of American studies with the perfect background and introductory information on contemporary American life Thoroughly revised this fifth edition covers all the central dimensions of American society from geography and the environment government and politics to religion education media and the arts American Civilization covers all core American studies topics at introductory level contains essential historical background for American studies students at the start of the twenty first century analyzes gender class and race and America s cosmopolitan population contains photos case studies questions and terms for discussion and suggests websites for further research With new illustrations and case studies this edition of American Civilization includes expanded sections on Asian and Latino minorities and US foreign policy activities and provides new material including coverage of the 2008 election and the shifting economic situation An invaluable online resource the American Civilization companion website features a wealth of material including extensive references for further reading links to key primary sources filmographies and advice to students of how to approach essay questions Visit [www.routledge.com/textbooks/9780415481625](http://www.routledge.com/textbooks/9780415481625) to discover more

*Encyclopedia of Populism in America* Alexandra Kindell, Elizabeth S. Demers Ph.D., 2014-02-27 This comprehensive two volume encyclopedia documents how Populism which grew out of post Civil War agrarian discontent was the apex of populist impulses in American culture from colonial times to the present The Populist Movement was founded in the late 1800s when farmers and other agrarian workers formed cooperative societies to fight exploitation by big banks and corporations Today Populism encompasses both right wing and left wing movements organizations and icons This valuable encyclopedia examines how ordinary people have voiced their opposition to the prevailing political economic and social constructs of the past as well how the elite or leaders at the time have reacted to that opposition The entries spotlight the people events organizations and ideas that created this first major challenge to the two party system in the United States Additionally attention is paid to important historical actors who are not traditionally considered Populist but were instrumental in paving the way for the movement or vigorously resisted Populism s influence on American culture This encyclopedia also shows that Populism as a specific movement and populism as an idea have served alternately to further equal rights in America and to limit them

Daughters of the American

Revolution Magazine ,1922      *A Western Legacy* National Cowboy and Western Heritage Museum,2005 Celebrates the fiftieth anniversary of this premier museum in Oklahoma City offering both an institutional history and a captivating collection of photographs representing its extensive holdings Simultaneous      Historical Atlas of the American West Warren A. Beck,1989 The 78 maps in this atlas add significant information to the study of the development of the American West Defined for this resources as those 17 continental states west of the Missouri River The maps range in chronology from explorations in the sixteenth century to the location of World War II prisoner of war and Japanese internment camps The atlas includes maps of geographic flora and fauna data Maps are on the left pages and narratives about the maps re on the facing pages Maps are black and white clear and easily read An Appendix shows Spanish Mexican land grants and there is an index This is an excellent atlas for both middle and high schools Includes a section on Arkansas aboriginal setting and Native American tribes Describes European contacts and settlements      The Encyclopedia Britannica James Louis Garvin, Franklin Henry Hooper, Warren E. Cox,1929      **The American Railroad** Joe Welsh,2006-03-10 This nostalgic authoritative history of the railroad industry in the United States is richly illustrated with more than 200 images covering everything from the road s beginning to its heyday in the 1940s and 50s and its current state Features include black and white and period color photographs maps timetables promotional materials and other memorabilia and details about railroading s five most fascinating components its locomotives freight trains passenger trains depots and workforce

When people should go to the ebook stores, search commencement by shop, shelf by shelf, it is in reality problematic. This is why we provide the book compilations in this website. It will totally ease you to see guide **Frontier West Great Plains And Mountain States** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections.
