Ecology Versus Politics In Canada:

Ecology Versus Politics in Canada University League for Social Reform, 1979 Comprehensive survey of the political implications of environmental issues in Canada Canadian Natural Resource and Environmental Policy, 2nd edition, 2005 This expanded and updated edition of Canadian Natural Resource and Environmental Policy examines policy making in one of the most significant areas of activity in the Canadian economy natural resources and the environment It discusses the evolution of resource policies from the early era of exploitation to the present era of resource and environmental management including the Kyoto Protocol Using an integrated political economy and policy perspective the book provides an analytic framework through which ideological perspectives administrative structures and substantive issues are explored R sum de l diteur *Political Ecology* David Bell, Leesa Fawcett, Roger Keil, Peter Penz, 2005-08-18 This collection addresses environmental issues from a contemporary political economy perspective The papers explore issues such as the link between culture and nature the impact of humanity on the environment technology s role and communications **Canadian Issues in Environmental Ethics** Wesley Cragg, Allan Greenbaum, Alex Wellington, 1997-06-10 Is it possible to design a forest policy that satisfies ethical and environmental concerns and is acceptable to business labour and First Nations representatives What is the best path through the tangle of ethical issues surrounding the collapse of the east coast fishery What sort of obligations does a rich nation such as Canada have to satisfy the claims of global environmental justice These are the sorts of issues in applied ethics that are tackled in this collection of essays the vast majority of which have been written especially for this volume It is the first Canadian collection of its kind The book is divided in to sections detailing with such topics as the environment and the economy ethical issues relating to non human animals issues of gender and issues relating to native peoples Most of the authors are philosophers though specialists in geography geology and the social sciences are also among the contributors Frequent reference is made to theoretical ethical concerns but the focus throughout is on applied ethics and a variety of case studies are included Examples include essays on animal rights and the case of native hunters surface mining in Northern Ontario the Quebec arctic and fishing communities in the Maritimes Comparisons are frequently drawn to policies and ethical questions arising in other countries most prominently the United States Canadian Natural Resource and Environmental Policy, 2nd ed. Melody Hessing, Michael Howlett, Tracy Summerville, 2011-11-01 In this new and updated edition the authors once again examine policy making in one of the most significant areas of activity in the Canadian economy natural resources and the environment and discuss the evolution of resource policies from the early era of exploitation to the present era of resource and environmental management Using an integrated political economy and policy perspective the book provides an analytic framework from which the foundation of ideological perspectives administrative structures and substantive issues are explored Departing from traditional approaches that emphasize a single discipline or perspective it offers an interdisciplinary framework with which to think through ecological political economic and social

issues It also provides a multi stage analysis of policy making from agenda setting through the evaluation process The integration of social science perspectives and the combination of theoretical and empirical work make this innovative book one of the most comprehensive analyses of Canadian natural resource and environmental policy to date Its illumination of the key elements of government policy making in this critical sector and its new outline of the evolution of the Kyoto Protocol makes it a useful textbook and resource for students of environmental and public policy policy makers and environmental organizations

The Canadian Environment in Political Context, Third Edition Andrea Olive, Heather Millar, 2025-05-31 The Canadian Environment in Political Context offers an accessible introduction to environmental politics for undergraduate readers The third edition features new chapters on environmentalism climate governance biodiversity and oceans while also integrating key topics such as political economy and environmental justice into the existing twelve chapter structure The book begins with an overview of environmental quality across Canada and then examines the political institutions and policymaking processes that shape the country's environmental landscape It traces the history of environmentalism in Canada and explores critical contemporary issues including Indigenous perspectives environmental justice and the unique challenges facing the North Enhanced with case studies key terms and a comprehensive glossary this new edition provides a thorough foundation for understanding the major environmental challenges of the twenty first century

The New Practical Guide to Canadian Political Economy Daniel Drache, Wallace Clement, 1985-01-01 The New Practical Guide to Canadian Political Economy is a handy reference to the vast range of research and writing that political economists in Canada have completed to the date of publication The book is divided into twenty five subject bibliographies each one compiled and introduced by an expert in the field The overall range of subjects includes economic development in Canada Canada's external economic relations regional disparities and regional development social and economic classes women Native peoples politics and the Canadian state nationalism culture and political thought The book is indexed by author and includes a helpful shortlist of the staples in Canadian political economy Published in 1985 The New Practical Guide to Canadian Political Economy remains a useful reference to some of the classic literature of the discipline

Political Ecology and Tourism Sanjay Nepal, Jarkko Saarinen, 2016-02-26 Political ecology explicitly addresses the relations between the social and the natural arguing that social and environmental conditions are deeply and inextricably linked Its emphasis on the material state of nature as the outcome of political processes as well as the construction and understanding of nature itself as political is greatly relevant to tourism Very few tourism scholars have used political ecology as a lens to examine tourism centric natural resource management issues This book brings together experts in the field with a foreword from Piers Blaikie to provide a global exploration of the application of political ecology to tourism It addresses the underlying issues of power ownership and policies that determine the ways in which tourism development decisions are made and implemented Furthermore contributions document the complex array of relationships between tourism stakeholders

including indigenous communities and multiple scales of potential conflicts and compromises This groundbreaking book covers 15 contributions organized around four cross cutting themes of communities and livelihoods class representation and power dispossession and displacement and environmental justice and community empowerment This book will be of great interest to students and scholars in tourism geography anthropology sociology environmental studies and natural resources management

The Canadian Environment in Political Context, Second Edition Andrea Olive, 2019-08-20 The Canadian Environment in Political Context uses a non technical approach to introduce environmental politics to undergraduate readers The second edition features expanded chapters on wildlife water pollution land and energy Beginning with a brief synopsis of environmental quality across Canada the text moves on to examine political institutions and policymaking the history of environmentalism in Canada and other crucial issues including Indigenous peoples and the environment as well as Canada's North Enhanced with case studies key words and a comprehensive glossary Olive's book addresses the major environmental concerns and challenges that Canada faces in the twenty first century

Ecology Versus Politics in Canada William Leiss, University League for Social Reform, 1979

Environmental Conflict and Democracy in Canada Laurie E. Adkin, 2010-01-01 The urgent need to resolve conflicts over forests fisheries farming practices urban sprawl and greenhouse gas reductions among many others calls for a critical rethinking of the nature of our democracy and citizenship This work aims to move the ideas of green democracy and ecological citizenship from the margins to the centre of discussion and debate in Canada Environmental Conflict and Democracy in Canada offers sixteen case studies to demonstrate that environmental conflicts are always about our rights and responsibilities as citizens as well as the quality of our democratic institutions By bringing together environmental politics and democratic theory this path breaking collection charts a new course for research and activism one that reveals the deficits of citizenship and how democracy must be extended to achieve a socially just ecologically sustainable society

Ecology Versus Politics in Canada University League for Social Reform, 1979 Comprehensive survey of the political implications of environmental issues in Canada

[The Subjectivities and Politics of Occupational Risk](#) Alan Hall, 2020-11-29 The Subjectivities and Politics of Occupational Risk links restructuring in three industries to shifts in risk subjectivities and politics both within workplaces and within the safety management and regulative spheres often leading to conflict and changes in law political discourses and management approaches The state and corporate governance emphasis on worker participation and worker rights internal responsibility and self regulative technologies are understood as corporate and state efforts to reconstruct control and responsibility for Occupational Health and Safety OHS risks within the context of a globalized neoliberal economy Part 1 presents a conceptual framework for understanding the subjective bases of worker responses to health and safety hazards using Bourdieu's concept of habitus and the sociology of risk concepts of trust and uncertainty Part 2 demonstrates the restructuring arguments using three different industry case studies of multiple mines farms and auto parts plants The final chapter draws out the implications of the

evidence and theory for social change and presents several recommendations for a more worker centred politics of health and safety The book will appeal to social scientists interested in health and safety work employment relations and labour law as well as worker advocates and activists *Perspectives on Ecology* Koula Mellos,1988-11-24 *The Promise of Green Politics* Douglas Torgerson,1999 An exploration of the relationship between the means and the ends in green politics

Canada Ecology and Nature Protection Handbook Volume 1 Strategic Information and Developments IBP, Inc.,2017-01-10 2011 Updated Reprint Updated Annually Canada Ecology Nature Protection Handbook *Human Ecology And Climatic Change* David L. Peterson,Darryll R. Johnson,2020-03-06 The Far North a land of extreme weather and intense beauty is the only region of North America whose ecosystems have remained reasonably intact Humans are newcomers there and nature predominates As is widely known recent changes in the Earth s atmosphere have the potential to create rapid climatic shifts in our life time and well into the future These changes a product of southern industrial society will have the greatest impact on ecosystems at northern latitudes which until now have remained largely undisturbed In this fragile balance as terrestrial and aquatic habitats change animal and human populations will be irrevocably altered *Feminist Political Ecology and the Economics of Care* Christine Bauhardt,Wendy Harcourt,2018-12-07 This book envisages a different form of our economies where care work and care full relationships are central to social and cultural life It sets out a feminist vision of a caring economy and asks what needs to change economically and ecologically in our conceptual approaches and our daily lives as we learn to care for each other and non human others Bringing together authors from 11 countries also representing institutions from 8 countries this edited collection sets out the challenges for gender aware economies based on an ethics of care for people and the environment in an original and engaging way The book aims to break down the assumed inseparability of economic growth and social prosperity and natural resource exploitation while not romanticising social material relations to nature The authors explore diverse understandings of care through a range of analytical approaches contexts and case studies and pays particular attention to the complicated nexus between re productivity nature womanhood and care It includes strong contributions on community economies everyday practices of care the politics of place and care of non human others as well as an engagement on concepts such as wealth sustainability food sovereignty body politics naturecultures and technoscience *Feminist Political Ecology and the Economics of Care* is aimed at all those interested in what feminist theory and practice brings to today s major political economic and environmental debates around sustainability alternatives to economic development and gender power relations *Northern Forested Wetlands Ecology and Management* Carl C. Trettin,2018-12-19 Forested wetlands are a major component of northern landscapes important both for their ecological functions and their socioeconomic values Historically these lands have been used for timber and fiber products hunting fishing trapping food gathering and recreation There are many questions about the use and management of these lands in the future particularly with respect to forest products hydrology and water quality plant and wildlife ecology

landscape dynamics and wetland restoration Northern Forested Wetlands Ecology and Management provides a synthesis of current research and literature It examines the status distribution and use of these wetland resources The book focuses on understanding the role of wetlands in the landscape and on how to manage these wetlands and sustain their important functions This is a primary reference text for the study and management of northern forested wetlands providing a forum for information discovered by researchers and managers from many nations *Environmental Problem Solving* Alan Miller, 2013-12-01 Human influences create both environmental problems and barriers to effective policy aimed at addressing those problems In effect environmental managers manage people as much as they manage the environment Therefore they must gain an understanding of the psychological and sociopolitical dimensions of environmental problems that they are attempting to resolve In *Environmental Problem Solving* Alan Miller reappraises conventional analyses of environmental problems using lessons from the psychosocial disciplines He combines the disciplines of ecology political sociology and psychology to produce a more adaptive approach to problem solving that is specifically geared toward the environmental field Numerous case studies demonstrate the practical application of theory in a way that is useful to technical and scientific professionals as well as to policy makers and planners Alan Miller is Professor of Psychology at the University of New Brunswick
