Duze, 2008-05-20 One of the critical concerns in Nigeria is how to alleviate poverty in the country The general prevalence of poverty in Nigeria is paradoxical because the country is one of the biggest oil producing countries in the world A 1999 World Bank report for instance showed that some 70 per cent of the population lives below the bread line usually considered as living on less than US 1.00 a day This raises a number of very important questions What are really responsible for the wide
