Economics Of Work And Pay

M Mark

Economics Of Work And Pay:

The Economics of Work and Pay Randall Keith Filer, Daniel S. Hamermesh, Albert Rees, 1996 Providing a grounding in the concepts of labour markets this work features extensive coverage of worker employer relationships offering some long range findings with distinct applications for the future and an increased focus on the international labour

The Economics of Work and Pay Randall K Filer, Daniel S. Hamermesh, 1998

The economics of work and pay, 1996

Work, Pay, and Sustainability Daphne T. Greenwood, 2024-12-09 Daphne Greenwood presents the first comprehensive introduction to pluralist labor economics She expands the economics toolbox with theories taken from institutionalist feminist social ecological and stratification economists Pluralists she explains focus on how formal and informal institutions affect the distribution of productivity dividends and how this has evolved over time Pluralists are concerned with job quality as well as financial compensation They acknowledge the modern day abundance created by technology but advocate for institutional changes to direct it in equitable and sustainable ways Building on the work of many heterodox economists Greenwood introduces wage and employment models that are embedded in the economy environment and society Beginning with evidence on work and pay in the US today she explains why tools for analyzing commodity exchange are not sufficient for analyzing labor relationships She brings bargaining power to the fore analyses dynamic monopsony and looks at the role of wealth as well as income in framing opportunities Throughout the book Greenwood addresses threats to sustainability and equity from unpaid social costs institutional changes such as financialization and fissured workplaces as well as race ethnicity and gender Among the possibilities explored for improving work and pay are sectoral bargaining job guarantees worker owned cooperatives and universal basic income The first undergraduate friendly book on its topic Work Pay and Sustainability is an important resource for students and scholars alike

Women and the Economy Saul D. Hoffman, Susan L. Averett, 2021-03-11 An analysis of the enormous changes in women s economic lives around the world from the family to the labour market This book examines topics such as the effect of rising women s wages and improved labour market opportunities on marriage the ways in which more reliable contraception has shaped women s adult lives and careers and the forces behind the phenomenal rise in women s labour force activity This fourth edition includes brand new chapters on gender in economics and race and gender in the USA It incorporates the latest research findings throughout many of which are featured in helpful call out boxes and illustrated with new graphs and figures This is invaluable reading for undergraduate and postgraduate students of economics development and women s studies The level of economic analysis is suitable for students with basic economics knowledge New to this Edition New chapters on gender in economics and race and gender in economics Fully updated with new data policy examples and a new companion website with lecturer resources Increased pedagogy with over 30 new boxes

The Ethics and Economics of the Basic Income Guarantee Karl Widerquist, Michael Anthony Lewis, 2017-05-15 Governments in the US the UK and other nations around the world routinely

consider and in some cases experiment with reforms of their income support systems The basic income guarantee a universal unconditional income grant has received increasing attention from scholars as an alternative to the kinds of reforms that have been implemented This book explores the political sociological economic and philosophical issues of the basic income guarantee Tracing the history of the idea from its origins in the late eighteenth century through its political vogue in the 1970s when the Family Assistance Plan narrowly missed passage in the US Congress it also examines the philosophical debate over the issue The book is designed to foster a climate of ideas amongst those specifically interested in the income support policies and more widely for those concerned with public welfare and labour economics Its coverage will enable readers to obtain an in depth grounding in the topic regardless of their position in the debate Labor Economics, second edition Pierre Cahuc,Stephane Carcillo,Andre Zylberberg,2014-08-01 The new edition of a widely used comprehensive graduate level text and professional reference covering all aspects of labor economics with substantial new material This landmark graduate level text combines depth and breadth of coverage with recent cutting edge work in all the major areas of modern labor economics Its command of the literature and its coverage of the latest theoretical methodological and empirical developments make it also a valuable resource for practicing labor economists This second edition has been substantially updated and augmented It incorporates examples drawn from many countries and it presents empirical methods using contributions that have proved to be milestones in labor economics The data and codes of these research publications as well as numerous tables and figures describing the functioning of labor markets are all available on a dedicated website www.labor-economics.org along with slides that can be used as course aids and a discussion forum This edition devotes more space to the analysis of public policy and the levers available to policy makers with new chapters on such topics as discrimination globalization income redistribution employment protection and the minimum wage or labor market programs for the unemployed Theories are explained on the basis of the simplest possible models which are in turn related to empirical results Mathematical appendixes provide a toolkit for understanding the models **The Elgar Companion to Social Economics, Second Edition** John B. Davis,Wilfred Dolfsma,2015-05-29 Social economics is a dynamic and growing field that emphasizes the key roles social values play in the economy and economic life This second edition of the Elgar Companion to Social Economics revises all chapters from the first edition and adds imo Edexcel A2 Economics Unit 5a - Labour Markets Digital Textbook , **AQA A-level Economics Fifth Edition** James Powell,Ray Powell,David Horner,Steve Stoddard,2023-06-02 Provides strong support in preparing for the topics on the AQA A level Economics specification Features up to date case studies that engage with the latest economic developments including the effects of Brexit the pandemic and more Includes features to help with quantitative skills support and developing chains of reasoning plus making links between topics with updated exam style questions Gives some of the relevant background and real world examples to help understanding of key economic issues with clear and simple explanations of core concepts A new edition of a trusted

resource which maintains and develops its accessibility to make economics compelling for a wider audience Key topics for AQA A level Economics revised and up to date with new material including refreshed case studies exam style questions and study tips

State and Federal Marketing Activities and Other Economic Work United States. Bureau of Agricultural Economics,1926

Handbook of Development Economics T. Paul Schultz,John Strauss,2008-03-04 The field of development economics has evolved since volume 3 of the Handbook of Development Economics was published more than a decade ago Volume 4 takes stock of some of the newer trends and their implications for research in the field and our understanding of economic development The handbook is divided into four sections which reflect these developments of which the first deals with agricultural and rural development Section two is concerned with developments in the theory and evidence regarding public goods and political economy The third section is focused on the behavior of households and individuals regarding various aspects of human capital investments in the face of the various constraints particularly market incentives and public goods The final section contains papers that describe the different methods now available both experimental and non experimental to conduct program evaluations as well as describing papers that implement these methods The authors of the chapters are all experts in the fields they survey and extend and this volume promises to be an invaluable addition to the Handbooks in Economics series and a useful reference to graduate students researchers and professionals in the field of development economics Presents an accurate self contained survey of the current state of the field Summarizes the most recent discussions in journals and elucidates new developments Although original material is also included the main aim is the provision of comprehensive and accessible surveys

The Elgar Companion to Feminist Economics Janice Peterson,Margaret Lewis,2001-01-01 Comprehensive reference work introducing readers to the field of feminist economics It addresses key concepts as well as feminist economic critiques and reconstructions of major economic theories and policy debates
