**of Pleasure** Susie Jolly, Andrea Cornwall, Kate Hawkins, 2013-06-13 This pioneering collection explores the ways in which positive pleasure focused approaches to sexuality can empower women Gender and development has tended to engage with sexuality only in relation to violence and ill health Although this has been hugely important in challenging violence against women over emphasizing these negative aspects has dovetailed with conservative ideologies that associate women's sexualities with danger and fear On the other hand the media the pharmaceutical industry and pornography more broadly celebrate the pleasures of sex in ways that can be just as oppressive often implying that only certain types of people young heterosexual able bodied HIV negative are eligible for sexual pleasure Women Sexuality and the Political Power of Pleasure brings together challenges to these strictures and exclusions from both the South and North of the globe with examples of activism advocacy and programming which use pleasure as an entry point It shows how positive approaches to pleasure and sexuality can enhance equality and empowerment for all

How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two Jon Knowles, 2019-03-31 The ghosts that haunt our sexual pleasure were born in the Stone Age Sex and gender taboos were used by tribes to differentiate themselves from one another These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city states and empires For the early Christians all sex play was turned into sin instilled with guilt and punished severely With the invention of sin came the construction of women as subordinate beings to men Despite the birth of romance in the late middle ages Renaissance churches held inquisitions to seek out and destroy sex sinners all of whom it saw as heretics The Age of Reason saw the demise of these inquisitions But it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime degeneracy and sickness The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists such as Alfred Kinsey and Margaret Sanger sought to carve out a place for sexual freedom in society However strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence Book Two of this two part publication traces the history of sex from the Victorian Era to present day Interspersed with personal hauntings from his own life and the lives of friends and relatives Knowles reveals how historical discourses of sex continue to haunt us today This book is a page turner in simple and plain language about how sex got screwed up for millennia For Knowles if we know the history of sex we can get over it

**Saint Hysteria** Cristina Mazzoni, 1996 *Saint Hysteria* examines scientific literary and religious texts that share a fascination with the otherness of the female body whether in ecstatic pleasure or in neurotic pain Cristina Mazzoni focuses on material from the late nineteenth and early twentieth centuries mainly in Italy and France Her approach uses the methodologies of cultural studies and feminism but also benefits from the insights of psychoanalytic criticism She asks how the identification of mysticism with

hysteria became prevalent and explores the continuing dialogue between a historicizing view of hysteria and a view of hysteria as repressed religious mysticism According to Mazzoni this dialogue is discernible at various levels and in a variety of discourses The medical history of hysteria she maintains is often linked to the religious history of supernatural phenomena and the medical discourse of positivism depends on the religious feminine element that it attempts to repress Similarly she finds a continuity between the literature of naturalism and that of decadence in their representations of the interdependence of neurosis and religion Finally the religious writings of women mystics and the discourses they inspired reveal an unresolved tension between nature and supernature body and soul or psyche which Mazzoni suggests mirrors and complicates the very issues raised by hysterical conversion Among those whose views she considers are the writers Jules and Edmond de Goncourt Gabriele d Annunzio and Antonio Fogazzaro as well as Graham Greene and Simone Weil the mystics Angela of Foligno Gemma Galgani and Teresa of Avila and the theorists Jean Martin Charcot Cesare Lombroso Jacques Lacan Simone de Beauvoir Julia Kristeva and Luce Irigaray
