Church on the Way Nell Becker Sweeden, 2015-07-17 The practice of Christian hospitality reaches back to the early centuries of Christian life as well as deep into Jewish history life and Scripture This practice is alive today in Christian churches and in parachurch organizations within the United States but new contextual realities in particular twenty first century global migration patterns have altered the conditions under which hospitality is practiced The reality of migration and its effect on human lives disrupts static conceptions of hospitality and challenges ecclesial communities toward contextual appropriation of hospitality practice This volume explores Christian hospitality practice in light of twenty first century U S Latino a migration and it develops the notion of a journeying hospitality of accompaniment with and among persons migrating which fosters deeper relationships and formation The shifting identities of persons on the move challenge assumptions about what it means to welcome another in hospitality and ultimately what it means to be church from within these new relationships In turn the new conceptions and expressions of hospitality offered in this book press how the nature and mission of the church will be oriented toward new ecclesial patterns and alternative forms of residing on earth

the talk about ecumenical recognition in a new level Professor Veli Matti K rkk inen University of Helsinki **The Trinity and Ecumenical Church Thought** William C. Ingle-Gillis,2016-12-05 Some hundred years from inception the ecumenical movement is stagnating William C Ingle Gillis argues that the problem lies in modern ecumenism s treatment of denominational Churches as provisional entities requiring reunion to be more fully Christ s Body In a work unique both to ecumenical studies and to trinitarian theology the author redefines ecclesial life from the premise that God s essence is personhood in communion and that the ultimate calling of human persons is to share as fully in the divine life as Christ himself Concluding that the Churches are by the Spirit s action a tangible dynamic event wherein God makes visible his on going reconciliation of the world to himself Ingle Gillis argues that the Churches true life lies in coming together rather than being together This conclusion places ecumenism at the heart of Church life and witness Mapping Modern Theology Kelly M. Bakker, Steven R. Harmon, Elizabeth Newman, 2022-11-30 The landmark World Council of Churches convergence text *The Church Towards a Common Vision* 2012 which has the potential to become this generation's Baptism Eucharist and Ministry 1982 invites the churches to envision how their own distinctive visions of the church might have a place in the global church's imagination of the ecumenical future *Seeds of the Church Towards an Ecumenical Baptist Ecclesiology* is a collaborative effort by members of the Baptist World Alliance Commission on Baptist Doctrine and Christian Unity to respond to this invitation This book contends that the distinctive Baptist ecclesial vision is best embodied in twelve core practices of Baptist churches and their interrelationship: covenanting, discerning, gathering, befriending, proclaiming, equipping, baptizing, discipling, caring, theologizing, scattering, and remembering *Seeds of the Church* opens a window on what is possible when Baptists engage with people of other Christian traditions in the exploration of the common heritage of people belonging to the one household of faith The global Baptist theological voices represented in this volume offer it as a reading of an ecumenical text in a Baptist key that paves the way for ecclesiological renewal among Baptists and in the whole church to which they belong

Broken Lights and Mended Lives Rowan A. Greer, William Caferro, 2008-02-04 A discussion by a broadly respected authority of the complicated relationship between theology and ordinary life in the early church The first section of the book scrutinizes theology with a view to understanding its bearing upon Christian understandings of life: the theological stories of Irenaeus, Gregory of Nyssa, and Augustine The second section examines aspects of ordinary life and explores how Christians related them to religious ideas: the family, hospitality, citizenship, monasticism, and attitudes toward the collapse of the Roman Empire in the West This very learned piece of work, which reflects lengthy study of original texts as well as of the current and important secondary literature, is distinctive because it does not conform to the present reigning ideology The author writes as a convinced Christian thinker He believes that there is no such thing as a purely detached observer and that the best way of being critical and fair is to make no secret of one's presuppositions but to face them so as to be able to discount them when necessary This quality makes the work interesting and suggestive The book is of importance to scholars and theologians and to all concerned with the early church *Mission and Liturgy* Dr. Jameson K. Pallikunnil, 2018-06-15 As an ancient Christian community, the Mar Thoma Church, with its vibrant life of mission and sacraments, has a pride of place in the Christendom The evangelization process and constant migration made this church a global Church which has encountered multi-cultural and multi-ethnic atmosphere and assimilated various cultural practices and faced faith

confrontation in its own geographical regions This confrontation has caused a renewed view of nature identity and mission of the Church in a positive manner Mission is in fact the lifeblood of the Church Through its mission work and revised liturgy the Mar Thoma Church took a pioneer role in the formation and nurturing of new Christian communities in India and different parts of the world Hence this book reflects on the role of liturgy and its influence on the missionary undertakings of the MTC It elucidates how the revised liturgy functions as a basis for mission and recounts how liturgy and mission are connected Further the diverse mission centres of the Church and its cultural specialties an integration of liturgy and evangelism importance of liturgical orientation and training are also dealt with in detail Added to this the various challenges of the Church in its mission fields and diaspora regions are studied in the framework of the liturgy The scope of liturgical renewal is looked into where the liturgical adaptation and possibilities of contextual liturgies in the Church are studied This study concludes with some of the pertinent liturgical proposals for the furtherance to sustain the life and mission of the Church With a living experience and profound theological understanding this ancient but reformed Church has something unique to offer to the whole Christendom
