## **Ecumenical Ventures In Ethics Protestants Engage Pope John Paul IIs Moral Encyclicals:**

Ecumenical Ventures in Ethics Institute for Ecumenical Research, 1998 This book represents the first sustained Protestant response to Pope John Paul II's recent moral encyclicals in the English speaking world Written by Protestant scholars the essays touch on such issues as euthanasia and abortion      The Moral Theology of Pope John Paul II Charles E. Curran, 2005-01-06 Pope John Paul II is the second longest serving pope in history and the longest serving pope of the last century His presence has thrown a long shadow across our time and his influence on Catholics and non Catholics throughout the world cannot be denied Much has been written about this pope but until now no one has provided a systematic and thorough analysis of the moral theology that underlies his moral teachings and its astonishing influence And no one is better positioned to do this than Charles E Curran widely recognized as the leading American Catholic moral theologian Curran focuses on the authoritative statements specifically the fourteen papal encyclicals the pope has written over the past twenty five years to examine how well the pope has addressed the broad issues and problems in the Church today Curran begins with a discussion of the theological presuppositions of John Paul II's moral teaching and moral theology Subsequent chapters address his theological methodology his ethical methodology and his fundamental moral theology together with his understanding of human life Finally Curran deals with the specific issues of globalization marriage conscience human acts and the many issues involved in social and sexual ethics While finding much to admire Curran is nonetheless fiercely precise in his analysis and rigorously thoughtful in his criticism of much of the methodological aspects of the pope's moral theology in his use of scripture tradition and previous hierarchical teaching in theological aspects including Christology eschatology and the validity of human sources of moral wisdom and knowledge and in anthropology the ethical model and natural law Brilliantly constructed and fearlessly argued this will be the definitive measure of Pope John Paul II's moral theology for years to come      A History of Catholic Moral Theology in the Twentieth Century James F. Keenan, 2010-01-17 This is an historical survey of 20th Century Roman Catholic Theological Ethics also known as moral theology The thesis is that only through historical investigation can we really understand how the most conservative and negative field in Catholic theology at the beginning of the 20th could become by the end of the 20th century the most innovative one The 20th century begins with moral manuals being translated into the vernacular After examining the manuals of Thomas Slater and Henry Davis Keenan then turns to three works and a crowning synthesis of innovation all developed before during and soon after the Second World War The first by Odon Lottin asks whether moral theology is adequately historical Fritz Tillmann asks whether it's adequately biblical and Gerard Gilman whether it's adequately spiritual Bernard Haering integrates these contributions into his Law of Christ Of course people like Gerald Kelly and John Ford in the US are like a few moralists elsewhere classical gate keepers censoring innovation But with Humanae vitae and successive encyclicals bishops and popes reject the direction of moral theologians At the same time moral theologians like Josef Fuchs ask whether the locus of moral truth is in

continuous universal teachings of the magisterium or in the moral judgment of the informed conscience In their move toward a deeper appreciation of their field as forming consciences they turn more deeply to local experience where they continue their work of innovation Each continent subsequently gives rise to their own respondents In Europe they speak of autonomy and personalism in Latin America liberation theology in North America Feminism and Black Catholic theology and in Asia and Africa a deep post colonial interculturatism At the end I assert that in its nature theological ethics is historical and innovative seeking moral truth for the conscience by looking to speak crossculturally

**Biblical Natural Law** Matthew Levering, 2008-03-20 Natural law theory is controversial today because it presumes that there is a stable human nature that is subject to a law How do we know that human nature is stable and not ever evolving How can we expect law not to constrict human freedom and potential Furthermore if there is a law there must be a lawgiver Matthew Levering argues that natural law theory makes sense only within a broader worldview and that the Bible sketches both such a persuasive worldview and an account of natural law that offers an exciting portrait of the moral life To establish the relevance of biblical readings to the wider philosophical debate on natural law this study offers an overview of modern natural law theories from Cicero to Nietzsche which reverse the biblical portrait by placing human beings at the center of the moral universe Whereas the biblical portrait of natural law is other directed ordered to self giving love the modern accounts turn inward upon the self Drawing on the thought of St Thomas Aquinas Levering employs theological and philosophical investigation to achieve a contemporary doctrine of natural law that accords with the biblical witness to a loving Creator who draws human beings to share in the divine life This book provides both an introduction to natural law theory and a compelling challenge to re think current biblical scholarship on the topic

Law & Gospel in Action Mark C Mattes, Mark C. Mattes, John T. Pless, 2019-04-09 Mark Mattes hope is not only to secure believers consciences in Christ but also to reclaim theological and social turf which mainline Protestants have too quickly ceded to various secular agendas The collected essays engage the reality of believers death and resurrection in Christ and how that bears upon the life of faith while also attending to a wide range of relevant theological topics such as scriptural authority apologetics a critique of contemporary mainline Protestant and Evangelical Catholic ethics a critique of Lutheran Reformed ecumenism and the church s mission and outreach The collection concludes with several sermons based on Old Testament lessons seeking to show how the theology embedded in the essays can be used for proclamation

By Knowledge & by Love Michael S. Sherwin, 2005 What is the relationship between charity and knowledge in the theology of Thomas Aquinas Did Aquinas in his mature thought portray charity s act as antecedent to and independent of practical reasoning Did he view charity s motion as rendering us morally good before God apart from whether or not we do what is right in our actions A dominant stream in contemporary Catholic ethics holds for precisely such a concept of charity and many recent commentators on Aquinas maintain that this is his position as well According to Michael S Sherwin however the contrary is in fact the case By Knowledge and By Love represents a major contribution to Thomistic

moral theology and philosophy by providing a thoughtful examination of Aquinas psychology of action and his theology of charity Through a comprehensive analysis of the relation between intellect and will knowledge and love and charity and the infused intellectual virtues Sherwin concludes that far from divorcing the will from reason Aquinas in his later works integrates reason and will more closely together Saint Augustine says No one can love what he does not know this dynamic in the gift of charity which depends on faith s knowledge and on the knowledge provided by the other infused cognitive virtues and gifts Charity is a virtue and like any virtue its acts require some knowledge of their object Sherwin argues that not only is this a faithful reading of Aquinas it also has profound implications for any conception of moral development The role of a mentoring community the characteristics of friendship with God and the specific actions required by love all play a part in Sherwin s analysis

A Case for Character Joel D. Biermann, 2014-05-01 Over the last several decades perceptive observers of Western civilization have documented what virtually everyone has perceived as the old foundations of society have toppled morality and personal character have been set adrift and often vanished altogether How can character be cultivated when it seems no one is willing or able to provide a definitive description of character to which humans should aspire While the reasons for this are many and complicated one of the more potent singular factors is actually theological says Biermann Contemporary Lutheranism in particular has struggled with the appropriate place of morality and character formation as these pursuits often have been perceived as being at odds with the central Christian doctrine of justification A Case for Character explores this problem and argues that Christian doctrine specifically as articulated within a Lutheran framework is altogether capable of encouraging a robust pursuit of character formation while maintaining a faithful expression of justification by grace alone through faith alone

*Theology and Economic Ethics* Sean Doherty, 2014-03-27 In the wake of the economic crisis few questions are more pressing than those around the ethics of finance and economics Theology and Economic Ethics seeks to expand the self critical resources of contemporary theological economic ethics by bringing the method of a pre modern thinker Martin Luther 1483 1546 into interaction with that of a modern contribution to social ethics the Swiss theologian Arthur Rich 1910 92 The work is undertaken through a close engagement with a selected publication of Luther his 1519 20 Gro er Sermon von dem Wucher and of Rich his masterwork

Wirtschaftsethik published in two volumes in 1984 and 1990 respectively It is the first substantial treatment in English of Rich s magnum opus Sean Doherty introduces Luther s sermon on usury situates it in its context then provides a commentary on this work discussing how Luther brings key theological motifs to bear on a particular economic question The study proceeds with a sketch of Arthur Rich s life and work and presents Rich s method as set out in Wirtschaftsethik Doherty illuminates Rich s understanding of ethics his approach to Scripture and his adoption of the thought of Max Weber and John Rawls Bringing insights from the study of Luther to bear in an analysis of Rich s method Doherty questions some of Rich s assumptions and notes ways in which a more self critical approach could have made his project more successful Finally the book makes tentative suggestions as to the wider applicability of these findings for a Christian approach to economic ethics

**Remembering the Reformation** Declan Marmion, Salvador Ryan, Gesa E. Thiessen, 2017-02-01 The dramatic unfolding of events after Martin Luther s revolutionary act led to the ultimate and seemingly irreparable fissure with Roman Catholicism excommunication and schism From the point of that rupture up to and including most of the 20th century the history of theological and ecclesial readings of Luther has been controlled largely by a rubric assuming the inevitability of fracture and the portrayal of Luther as a veritable b te noire of Catholic history and theology Remembering the Reformation enters into this contested history and pursues a more nuanced and considered reading of Luther s relationship with the Catholic tradition from his Augustinian roots and medieval training to his reading of scripture and investigations of ecclesiology as well as his continued relevance and challenge to Catholic theology today An international consortium of scholars Catholic and Protestant contribute to this volume and provide a thoughtful textured reimagining of Luther for an ecumenical future Marking the 500th anniversary of the inauguration of Luther s movement for reform this volume aims to bring Catholics Protestants and Evangelicals into conversation in a shared but distinct theological

**The Seductiveness of Virtue** John J. Fitzgerald, 2016-12-15 John J Fitzgerald addresses here one of life's enduring questions how to achieve personal fulfillment and more specifically whether we can do so through ethical conduct He focuses on two significant twentieth century theologians Rabbi Abraham Joshua Heschel and Pope John Paul II seeing both as fitting dialogue partners given the former's influence on the Second Vatican Council's deliberations on the Jews and the latter's groundbreaking overtures to the Jews in the wake of his experiences in Poland before and during World War II Fitzgerald demonstrates that Heschel and John Paul II both suggest that doing good generally leads us to growth in various components of personal fulfillment such as happiness meaning in life and freedom from selfish desires There are however some key differences between the two theologians John Paul II emphasizes more strongly the relationship between acting well and attaining eternal life whereas Heschel wrestles more openly with the possibility that religious commitment ultimately involves anxiety and sadness By examining historical and contemporary analyses including the work of the Fourteenth Dalai Lama the

philosopher Peter Singer and some present day psychologists Fitzgerald builds a narrative that shows the promise and limits of Heschel's and John Paul II's views      **The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA
