

Economic Crisis And Political Disaster

Eric C. Jones, Arthur D. Murphy

Economic Crisis And Political Disaster:

Economic Crisis and Political Disaster Ratnakar Gedam, 1993-01-01 *Economic and Political Change after Crisis* Stephen H. Balch, Benjamin Powell, 2016-10-04 The U S Government's accumulated national debt and unfunded liabilities in social security and Medicare could be pushing the country towards a fiscal crisis How could such a crisis be avoided If a crisis does strike how might it be dealt with What might be the long term ramifications of experiencing a crisis The contributors to *Economic and Political Change After Crisis* explore all of these questions and more The book begins by exploring how past crises have permanently increased the size and scope of government and how well the rule of law has been maintained during these crises Chapters explore how these relationships might change in a future crisis and examine how the structure of the U S government contributes to a tendency towards fiscal imbalance In a provocative contribution the authors predict a U S government default on its debt The book concludes by considering how a fiscal crisis might precipitate or interact with other forms of crises Social scientists from a variety of disciplines public policy makers and concerned members of the general public would all benefit from the contributions contained in this book If the U S is going to avoid a future crisis or do as well as possible if a crisis occurs the arguments in these chapters should be given serious consideration

The Political Economy of Disaster Mats Lundahl, 2013 Haiti one of the least developed and most vulnerable nations in the Western Hemisphere made the international headlines in January 2010 when an earthquake destroyed the capital Port au Prince More than a year later little reconstruction has taken place in spite of a strong international funding commitment Mats Lundahl has written several seminal works on Haiti and this volume brings together the best of his past work on Haiti's economic and political history along with a comprehensive introduction and two new chapters which bring the story right up to the present day Together the volume provides both historical background and explanation as to why Haiti was so badly affected by the earthquake and to why reconstruction efforts have been ineffective this far Lundahl argues that the two main causes can be found in the interaction between the growth of the population and the destruction of the arable soil on the one hand and in the creation of a predatory state during the nineteenth century which still exists to this day This book provides a comprehensive analysis which charts these themes from the time of the arrival of Columbus in the island in 1492 to the present day The book also deals with contemporary market and policy failures as well as the crucial recent elections and considers the path ahead for this impoverished nation This book will be of huge relevance and interest not only to students and researchers in economic history but also for all those working on development economics development studies and American and Caribbean Studies more generally

The Political Economy of Hazards and Disasters Eric C. Jones, Arthur D. Murphy, 2009-05-16 Throughout history societies have had to decide whom to sacrifice and whom to help in times of disaster This volume examines how elite groups attempt to maintain power through the use of particular economic political and ideological instruments and how both ruling elites and common people endeavor to create meaningful traditions

while enduring hardship The Political Economy of Hazards and Disasters demonstrates how vulnerability is economically constructed primary producers adapt their production regimes how traders and merchants adapt their practices and how political economic objectives play out in recovery efforts

Disasters and Social Crisis in Contemporary Japan Mark R. Mullins, Koichi Nakano, 2016-01-26 Japan was shaken by the double disaster of earthquake and sarin gas attack in 1995 and in 2011 it was hit once again by the triple disaster of earthquake tsunami and nuclear meltdown This international multi disciplinary group of scholars examines the state and societal responses to the disasters and social crisis

The Impact of Natural Disasters on Systemic Political and Social Inequities in the U.S. Paul S. Adams, Geoffrey L. Wood, 2020-11-16 The Impact of Natural Disasters on Systemic Political and Social Inequities in the U S examines how natural disasters impact social inequality in the United States The contributors cover topics such as criminal justice demographics economics history political science and sociology to show how effects of natural disasters vary by social and economic class in the United States This volume studies social and political mechanisms in disaster response and relief that enable natural disasters to worsen inequalities in America and offers potential solutions

Growth, Crisis, Democracy Hideko Magara, Bruno Amable, 2017-07-14 Since the global financial crisis of 2008 advanced economies have been making various efforts to overcome the economic impasse While the contrast between the countries that have escaped from the crisis relatively quickly and those still suffering from serious problems is becoming clearer a new economic crisis stemming from newly emerging economies has again impacted advanced economies In retrospect both leftist and rightist governments in advanced economies pursued expansive macroeconomic and welfare policies from the post WWII period to the oil shocks of the 1970s While we recognise that the particular policy regime in this Golden Decades during which the left and the right implemented similar policies cross nationally were characterised by outstanding economic growth in each country the specific growth patterns varied across countries Different social coalitions underpinned different growth models This book is premised on tentative conclusions that Magara and her research collaborators have reached as a result of three years of study related to our previous project on economic crises and policy regimes Recognising the need to analyse fluid and unstable situations we have set up a new research design in which we emphasise political variables whether political leaders and citizens can overcome the various weaknesses inherent in democracy and escape from an economic crisis by establishing an effective social coalition A new policy regime can be stable only if it is supported by a sufficiently large coalition of social groups whose most important policy demands are satisfied within the new policy regime

Aid and the Political Economy of Policy Change Tony Killick, Ramani Gunatilaka, Ana Marr, 1998 Confronts the theory of conditionality with its limitations in practice analyses the reasons for these limitations and suggests constructive alternatives

Oil and the Western Economic Crisis Helen Thompson, 2017-05-18 This book explains the place of oil in the economic and political predicaments that now confront the West Thompson explains the problems that the rising cost of oil posed in the years leading up to the 2008 crash

and the difficulties that a volatile oil market now poses to economic recovery under the conditions of high debt low growth and quantitative easing The author argues that the Gordian knot created by the economic and political dynamics of supply and demand oil in the present international economy poses a fundamental challenge to the assumption of economic progress embedded in Western democratic expectations

Cyprus Bail-in, The: Policy Lessons From The Cyprus Economic Crisis Alexander Michaelides,Athanasios Orphanides,2016-02-29 On June 28th 2012 the small island of Cyprus became the fifth government to request an economic bail out from the Eurozone after losing access to international capital markets Less than a year later a 10 billion second rescue deal was agreed upon an unprecedented agreement that bailed in creditors of Cyprus two largest banks and triggered an economic crisis that the nation still struggles to recover from today This resourceful collection of essays provides a thorough and in depth analysis of how Cyprus reached the point of failure and what lessons this experience holds for future economic crises The various perspectives collectively address unanswered questions including whether the bail in can be considered successful why the recession was less severe than expected and what conclusions can be drawn about stress testing exercises across borders Focusing on one of the proportionately largest crises in financial history the case study will prove essential to policy makers and politicians especially in the euro area

Congressional Record United States. Congress,1984 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

The Political Economy Of Agricultural Trade And Policy Hans J Michelmann,Jack C Stabler,Gary Storey,2019-07-11 This book presents a descriptive analysis of the political economy of the European Community the U S and Canada It describes the structural changes and the crises in agriculture and focuses on impact of GATT on agricultural policy and trade in the post Second World War era

Ten Crises Tiejun Wen,2021-06-22 This open access handbook Ten Crises systematically traces the economic history of China from 1949 to 2020 unravelling the complex domestic and global factors leading to the cyclical crises identified by WEN and his research team and examining the corresponding counteracting policies and measures by the government to resolve or defer the crises The book offers profound insights into China's endeavours and predicaments on the path of modernization and contemplates opportunities and lessons for the forging of alternative trajectories not only for China but also for the global south to reconstruct rural communities for integrated cooperation and governance and to revitalize ecological civilization

Financial Petroleum Cultures Harry Pitt Scott,2025-08-31 Financial Petroleum Cultures draws upon literature film architecture photography infrastructure advertisements and financial reports to explore how financial narratives shape the future of energy and climate Using frameworks from the energy environmental and economic humanities the book argues that financial representations dominate contemporary petroleum cultures It

focuses on the competing narratives of finance celebratory and critical determining how energy is perceived imagined and used Encompassing critiques of ideology and infrastructure this book offers a new understanding of the political visions enabled and constrained by the financial sector in an increasingly volatile world The History of Financial Disasters, 1763-1995 Vol 3 Mark Duckenfield, Stefan Altorfer, Benedikt Koehler, 2024-10-28 Looks at the origins and consequences of seminal financial crises throughout history combining contemporary texts from nineteen financial disasters between 1763 and 1994 with academic interpretations of the major causes and consequences of each crisis These documents contain evaluations of the underlying causes of the various crises *Advances in Conceptual Modeling* Marta Indulska, Sandeep Purao, 2014-10-10 This book constitutes the refereed proceedings of workshops held at the 33rd International Conference on Conceptual Modeling ER 2014 in Atlanta GA USA in October 2014 The 24 revised full and 6 short papers were carefully reviewed and selected out of 59 submissions and are presented together with 4 demonstrations The papers are organized in sections related to the individual workshops the First International Workshop on Enterprise Modeling ENMO 2014 the Second International Workshop on Modeling and Management of Big Data MoBiD 2014 the First International Workshop on Conceptual Modeling in Requirements and Business Analysis MReBA 2014 the First International Workshop on Quality of Models and Models of Quality QMMQ 2014 the 8th International Workshop on Semantic and Conceptual Issues in GIS SeCoGIS 2014 and the 11th International Workshop on Web Information Systems Modeling WISM 2014 The contributions cover a variety of topics in conceptual modeling including requirements and enterprise modeling modeling of big data spatial conceptual modeling exploring the quality of models and issues specific to the design of web information systems **The Political Economy and Media Coverage of the European Economic Crisis** Julien Mercille, 2014-08-27 The European economic crisis has been ongoing since 2008 and while austerity has spread over the continent it has failed to revive economies The media have played an important ideological role in presenting the policies of economic and political elites in a favourable light even if the latter s aim has been to shift the burden of adjustment onto citizens This book explains how and why using a critical political economic perspective and focusing on the case of Ireland Throughout Ireland is compared with contemporary and historical examples to contextualise the arguments made The book covers the housing bubble that led to the crash the rescue of financial institutions by the state the role of the European institutions and the International Monetary Fund austerity and the possibility of leaving the eurozone for Europe s peripheral countries Through a systematic analysis of Ireland s main newspapers it is argued that the media reflect elite views and interests and downplay alternative policies that could lead to more progressive responses to the crisis **Fidel By Fidel: An Interview With Dr. Fidel Castro Ruz** Fidel Castro, Jeffrey M. Elliott, 2015-12-03 Dr Jeffrey M Elliot and former Rep Mervyn M Dymally here contribute a lengthy revealing interview with Cuban President Fidel Castro discussing a wide ranging series of topics dealing with local and international politics and economics as well as the future of Cuba the third world Central and South America and the United

States **Administering and Managing the U.S. Food System** A. Bryce Hoflund, John C. Jones, Michelle C. Pautz, 2021-06-11 Food and the systems that produce disrupt prepare it are central to all human life Yet scholarly analysis of the food systems that support human life are highly fragmented across a variety of disciplines Public administration with its focus on the doing of public policy would seem to be a logical home for analysis of food systems in action However food is largely ignored by public administration scholars and scholars from other disciplines can unintentionally draw up established public administration literature The chapters in this edited volume highlight where the lenses and languages of public administration can and should be used to analyze food systems Viewed collectively the editors argue that the lenses and languages of public administration can and should become a common ground for scholars and practitioners to discuss food systems On the state of latin american states : approaching the bicentenary Ryszard Stemplowski, 2009

Eventually, you will unconditionally discover a other experience and execution by spending more cash. nevertheless when? attain you acknowledge that you require to acquire those every needs next having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to understand even more going on for the globe, experience, some places, like history, amusement, and a lot more?
