citizens deliver healthcare and engage in productive work The result will be increased efficiency and productivity that will lead to long term savings of billions of dollars and an enhanced quality of life as technology expands choice and opportunity We can begin to bring this about by expanding access to computers and making it easier to acquire digital literacy skills To do nothing to turn a blind eye to the promise of an inclusive technology would cost us socially and economically Digital Nation s call for action sets the terms for a new debate on bridging the digital divide      **Governance and Information**
