Global Production Networks Neil M. Coe, Henry Wai-chung Yeung, 2015-04-30

Accelerating processes of economic globalization have fundamentally reshaped the organization of the global economy towards much greater integration and functional interdependence through cross border economic activity In this interconnected world system a new form of economic organization has emerged Global Production Networks GPNs This brings together a wide array of economic actors most notably capitalist firms state institutions labour unions consumers and non government organizations in the transnational production of economic value National and sub national economic development in this highly interdependent global economy can no longer be conceived of and understood within the distinct territorial boundaries of individual countries and regions Instead global production networks are organizational platforms through which actors in these different national or regional economies compete and cooperate for a larger share of the creation transformation and capture of value through transnational economic activity They are also vehicles for transferring the value captured between different places This book ultimately aims to develop a theory of global production networks that explains economic development in the interconnected global economy While primarily theoretical in nature it is well grounded in cutting edge empirical work in the parallel and highly impactful strands of social science literature on the changing organization of the global economy relating to global commodity chains GCC global value chains GVC and global production networks GPN

New Perspectives on Global Governance Michele Fratianni, Paolo Savona, 2017-09-08 On its 30th anniversary in 2004 responsibility for hosting the G8 Summit fell into the hands of an allegedly unilateralist America An America still reeling from the shock of the September 11th terrorist attacks the resulting economic recession bitter divisions with its NATO allies and disappointment with the United Nations Institutions over the 2003 Iraq war So why does America still need the G8 *New Perspectives on Global Governance* offers new insight into the role of the Group of Eight s major market democracies and challenges the assumption that the G8 is simply a forum for binding a unilateralist hegemonic America In contrast to seeing the G8 as a means of imposing an American world order this unique collection of new writings suggests that a now vulnerable America must rely on the G8 as a central instrument of foreign policy America needs the G8 to achieve its security economic and political interests in the world and to shape the twenty first central global order it so desperately wants
