MICROECONOMICS Dr Shariq Ahmad Bhat,Mr. Khurshid Ahmad Rather,Dr. Showkat Ahmad Lone, In today s competitive world it is quite difficult for students to manage their time and money Reading several books of different authors to prepare for a particular examination would be time consuming and extravagant So it is imperative to have the best of the preparations and hence timely and timeless preparation is the key to the success in any examination Realizing the level of competition and requirement of students this book has been compiled to serve different Courses The book has been prepared from the teaching and research experiences of the authors The book particularly covers the entire syllabus for BA B Com BBA MA M Com MBA Courses prescribed by the University of Kashmir and its affiliated colleges which otherwise need books of several different authors to cover the whole syllabus Apart from that the book best fits undergraduate Students also The

content of the book has been drawn from various reference books and research papers and authors have made their best efforts to present the content with the basics and cover each important point related to the topic in a lucid and easy language. We sincerely hope this book will prove immensely useful to the students of the University of Kashmir. Further, this book will be helpful to the students for preparing for different competitive exams like JKSSB and JKPCS and other relevant examinations.

Nios Summary Deepak Meena, *Healthcare Funding and Christian Ethics* Stephen Duckett, 2023-01-26

Healthcare has an impact on everyone and healthcare funding decisions shape how and what healthcare is provided. In this book, Stephen Duckett outlines a Christian biblically grounded ethical basis for how decisions about healthcare funding and priority setting ought to be made. Taking a cue from the parable of the Good Samaritan (Luke 10:25-37), Duckett articulates three ethical principles drawn from the story: compassion as a motivator, inclusivity or social justice as to benefits, and responsible stewardship of the resources required to achieve the goals of treatment and prevention. These are principles he argues that should underpin a Christian ethic of healthcare funding. Duckett's book is a must for healthcare professionals and theologians struggling with moral questions about rationing in healthcare. It is also relevant to economists interested in the strengths and weaknesses of the application of their discipline to health policy.

Modern Microeconomics: Theory and Applications, 19th Edition Ahuja H.L., 2022-01-03

The nineteenth edition of *Modern Microeconomics* continues to provide a detailed understanding of the foundations of microeconomics. While it provides a solid foundation for economic analysis, it also lucidly explains the mathematical derivations of various microeconomic concepts. This textbook would be extremely useful for the students of economics.

Microeconomics Roger A. Arnold, 2005

Offering a unique blend of solid theoretical content and student accessibility, this text: 1. covers all the basics of microeconomics; 2. gives students a clear idea of how economists think about the world; 3. stresses the key concepts in economics; and 4. is extremely rich in intriguing applications that convey the prevalence of economics in everyday life. Many principles instructors are constantly challenged with the goal of getting students excited about realization that economics is everywhere. Arnold has taken this to another level. He is so passionate about touching his students that he felt the need to write a *Microeconomics* text that is dedicated to opening the science of economics through the pictures and applications of our lives. Arnold is considered the most innovative author in this market to meet the fast pace interests of both instructors and students. His five themes of Theory and Model building, Key Concepts, Primary and Secondary Consequences, Real World Applications, and the idea that Economics is about gifts, exchanges, and transfers set the tone for a teaching text that is extremely approachable by instructors and students.
