Michael Fisher,B. Maria Kumar,2019-06-04 So many nations today large and small are faced with compelling global and local circumstances breaking acute crises and lingering long term chronic problems that demand leaders and followers to cope as best they can However there s a growing suspicion in most everyone s minds from the higher classes to the lower classes across races religions and various differences where there is a deep feeling that something big needs to change From real threats and tragic events like violence crime wars global warming mass extinctions to more specific problems of population densities to health concerns and economic near collapse people know that living in fear is not a quality way to live India is a unique and great nation with its tragic realities in the past and present haunting its future B Maria Kumar born and raised and having worked all his career in the streets knows India well and knows what needs to change He writes from great intellectual acumen an understanding of history and mythology and with vision for a better India He has invited two colleagues to respond to his analysis of problems and solutions each of them Subba a Nepali philosopher and poet living in Hong Kong and Fisher a Canadian philosopher and educator to respond to his views This book brings a trifold synthesis of how the nature and role of

fear is critical to the shaping and destiny of India Not enough development theories or thinking have invoked fear as a major construct to analyze as a new way to interpret culture religion policies plans and governance overall across the world India seems the perfect location to start a new critical and creative consciousness that sets goals that the three authors believe are essential for India to make progress into the twenty first century Growing insecurity uncertainty mistrust and corruption that accompany them is no way to build a nation resilient for the major challenges coming In the face of a daunting task the authors step up boldly into the dimension of vision and realities facing a nation They don't shy away from saying what needs to be named for only then will such honesty clear a path of fearlessness forward This book will serve as a guide for many in India and its allies to rethink the ways they have understood the problems in India's development
