Lopez,2009-04-30 *Metalworking Through History* provides a comprehensive historic overview of the subject of metalworking while exploring it within its cultural context It is written from the perspective that the crafting of objects in metal is a unique way of understanding a particular time and culture As a broad encyclopedia of metalworking it allows the reader to view the different societies and periods that produced work in this medium as part of a global interrelated practice Comprised of over

sixty entries on relevant time periods cultures makers and processes the book is a much needed general reference text in the survey of this craft The subjects span all the major metalworking periods and peoples from the rituals of African iron smelting to the twentieth century studio movement Outstanding individual makers are highlighted to give additional insight into the times at which they were active Furthermore the materials and techniques used in the act of metalworking are clearly explained in terms that are easily understood by a practitioner with tacit knowledge of the medium Suggested further readings and cross references allow for the expansion of research and additional study It is an excellent first resource for understanding the concepts and terminology of the ancient and pervasive craft of metalworking Volume includes eight pages of color plates and black and white photos throughout Metalworking Through History provides a comprehensive historic overview of the subject of metalworking while exploring it within its cultural context It is written from the perspective that the crafting of objects in metal is a unique way of understanding a particular time and culture As a broad encyclopedia of metalworking it allows the reader to view the different societies and periods that produced work in this medium as part of a global interrelated practice Comprised of over sixty entries on relevant time periods cultures makers and processes the book is a much needed general reference text in the survey of this craft The subjects span all the major metalworking periods and peoples from the rituals of African iron smelting to the twentieth century studio movement Outstanding individual makers are highlighted to give additional insight into the times at which they were active Furthermore the materials and techniques used in the act of metalworking are clearly explained in terms that are easily understood by a practitioner with tacit knowledge of the medium Suggested further readings and cross references allow for the expansion of research and additional study It is an excellent first resource for understanding the concepts and terminology of the ancient and pervasive craft of metalworking Volume includes eight pages of color plates and black and white photos throughout Art Deco Marianne Brandt Chinese Dark Ages Enamel Engraving Georg Jensen Judaica Metals and their Alloys Native American Plating and Leaf Renaissance June Schwartz Soldering South American Samuel Yellin

Cognition and Tool Use Charles M. Keller, Janet Dixon Keller, 1996-09-28 Anthropologists Janet and Charles Keller provide an account of human accomplishment based on ethnographic study Blacksmithing the transformation of glowing iron into artistic and utilitarian products is the activity they chose to develop a study of situated learning This domain permeated by visual imagery and physical virtuosity rather than verbal logic appears antithetical to the usual realms of cognitive study For this reason it provides a new entree to human thought and an empirical test for an anthropology of knowledge
