containers of huge capacity In response to this need an extensive system of family owned stoneware factories emerged Reflecting the contributions of the many slaves and freed blacks who worked in the industry the objects produced in these factories often incorporated African designs and techniques Particularly notable were the grotesques or voodoo jugs wheel thrown vessels onto which the slave potters applied facial features in molded clay Baldwin pays special attention to the remarkable work of a slave potter named Dave who marked his wares with brief verse inscriptions including this one found on a large food storage container Great Noble Jar hold sheep goat and bear Tracing the tradition s history through the post Civil War period and the first half of the twentieth century Baldwin also examines South Carolina pottery outside the Edgefield District and analyzes a variety of decorative treatments and forms She concludes with a consideration of the decline and renewal of the southern folk pottery tradition The book is illustrated with nearly two hundred photographs including fifteen color plates maps and drawings Complementing earlier studies that focused on Georgia and North Carolina pottery Great and Noble Jar is a significant contribution to the understanding of this heritage **The South Carolina Magazine of Ancestral Research** ,1999 **The Genie** ,1998 **Local and Family History in South Carolina** Richard N.
