Literature and Life ... Edwin Almiron Greenlaw,1927 *Soundings of Things Done* Peter E. Medine,Joseph Anthony Wittreich,1997 The twelve essays gathered in this work are on the literature of the early modern period in honor of S K Heninger Jr professor emeritus of English at the University of North Carolina Chapel Hill The essays proceed on the assumption that works of imaginative literature possess a definable ontology **The Faerie Queene: A Reader's Guide** Elizabeth Heale,1999-03-28 The Faerie Queene is the first great epic poem in the English language It is a long and complex

allegory which presents the first time reader with many difficulties of allusion and interpretation This book is the only convenient and up to date guide to Spenser s poem and is designed as a handbook to be consulted by students while reading the poem Each chapter is devoted to a separate book of the poem and sub sections treat particular episodes or sequences of episodes in detail Dr Heale considers fully the religious and political context and pays due attention to the variety of Spenser s literary techniques She encourages close reading of the poem and a lively awareness of both its rich detail and the intricate interrelation of its episodes This revised edition takes account of recent developments in Spenserian criticism and brings the guidance on further reading up to date *The Poetics of Melancholy in Early Modern England* Douglas Trevor,2004-09-30

The Poetics of Melancholy in Early Modern England explores how attitudes toward and explanations of human emotions change in England during the late sixteenth and early seventeenth century Typically categorized as literary writers Edmund Spenser John Donne Robert Burton and John Milton were all active in the period s reappraisal of the single emotion that due to their efforts would become the passion most associated with the writing life melancholy By emphasising the shared concerns of the non literary and literary texts produced by these figures Douglas Trevor asserts that quintessentially scholarly practices such as glossing texts and appending sidenotes shape the methods by which these same writers come to analyse their own moods He also examines early modern medical texts dramaturgical representations of learned depressives such as Shakespeare s Hamlet and the opposition to materialistic accounts of the passions voiced by Neoplatonists such as Edmund Spenser **The Virgin Mary in Late Medieval and Early Modern English Literature and Popular Culture**

Gary Waller,2011-01-20 This book was first published in 2011 The Virgin Mary was one of the most powerful images of the Middle Ages central to people s experience of Christianity During the Reformation however many images of the Virgin were destroyed as Protestantism rejected the way the medieval Church over valued and sexualized Mary Although increasingly marginalized in Protestant thought and practice her traces and surprising transformations continued to haunt early modern England Combining historical analysis and contemporary theory including issues raised by psychoanalysis and feminist theology Gary Waller examines the literature theology and popular culture associated with Mary in the transition between late medieval and early modern England He contrasts a variety of pre Reformation texts and events including popular mariology poetry tales drama pilgrimage and the emerging New Learning with later sixteenth century ruins songs ballads Petrarchan poetry the works of Shakespeare and other texts where the Virgin s presence or influence sometimes surprisingly can be found *The Great White Bard* Farah Karim-Cooper,2023-04-27 SHAKESPEARE increasingly irrelevant or lone

literary genius of the Western canon Powerful and illuminating James Shapiro author of 1599 A Year in the Life of William Shakespeare winner of the Baillie Gifford Winner of Winners 2023 Professor Farah Karim Cooper grew up loving the Bard perhaps because Romeo and Juliet felt Pakistani to her But why was being white as a snowy dove essential to Juliet s beauty Combining piercing analysis of race gender and otherness in beloved plays from Othello to The Tempest with a radical

reappraisal of Elizabethan London The Great White Bard entreats us neither to idealise nor to fossilise Shakespeare but instead to look him in the eye and reckon with the discomforts of his plays playhouses and society If we persist in reading Shakespeare as representative of only one group as the very pinnacle of the white Western canon then he will truly be in peril But if we dare to bring Shakespeare down from his plinth we might unveil a playwright for the twenty first century We might expand and enrich his extraordinary legacy We might even fall in love with him all over again A TIME MAGAZINE BOOK OF THE YEAR 2023 Insightful passionate piled with facts and has a warm infectious love for theatre and Shakespeare running through every chapter ADRIAN LESTER CBE Dive in and your whole cultural landscape will be refreshed and reframed A challenging riveting read The Great White Bard reminds us how powerful the stories we tell can be on our lives ADJOA ANDOH Vivid a thorough analysis but also a kind of love letter Karim Cooper sees Shakespeare as holding a mirror to this society with his plays interrogating live issues around race identity and the colonial enterprise Her arguments come to feel essential and should be absorbed by every theatre director writer critic interested in finding new ways into the work GUARDIAN There are plenty of books on Shakespeare but this one is different This is Shakespeare as we ve most of us never been willing to see him and the works emerge from the analysis as newly complicit powerful and yet recuperative EMMA SMITH AUTHOR OF PORTABLE MAGIC

Metaphors of Confinement Monika Fludernik, 2019-08-13 *Metaphors of Confinement* The Prison in Fact Fiction and Fantasy offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama

from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods

Elizabeth I and Her Circle Susan Doran, 2015-03-26 This is the inside story of Elizabeth I's inner circle and the crucial human relationships which lay at the heart of her personal and political life Using a wide range of original sources including private letters portraits verse drama and state papers Susan Doran provides a vivid and often dramatic account of political life in Elizabethan England and the queen at its centre offering a deeper insight into Elizabeth's emotional and political conduct and challenging many of the popular myths that have grown up around her It is a story replete with fascinating questions What was the true nature of Elizabeth's relationship with her father Henry VIII especially after his execution of her mother What was the influence of her step mothers on Elizabeth's education and religious beliefs How close was she really to her half brother Edward VI and were relations with her half sister Mary really as poisonous as is popularly assumed And what of her relationship with her Stewart cousins most famously with Mary Queen of Scots executed on Elizabeth's orders in 1587 but also with Mary's son James VI of Scotland later to succeed Elizabeth as her chosen successor Elizabeth's relations with her family were crucial but almost as crucial were her relations with her courtiers and her councillors her men of business Here again the story unravels a host of fascinating questions Was the queen really sexually jealous of her maids of honour What does her long and intimate relationship with the Earl of Leicester reveal about her character personality and attitude to marriage What can the fall of Essex tell us about Elizabeth's political management in the final years of her reign And what was the true nature of her personal and political relationship with influential and long serving councillors such as the Cecils and Sir Francis Walsingham

Women Editing/Editing Women Chanita Goodblatt, Ann Hollinshead Hurley, 2009-01-14 This collection of essays links current research in the writings and editing of early modern women and in those women who were themselves early editors with a new methodology of editing currently titled the new textualism As such the collection seeks to solve two problems The first concerns the difficulty of editing the works of early modern women writers for whom there is little biographical data a challenging task when the standard life and works format is thus inhibited Second related but slightly different occurs because although we know that there were women who edited in the early modern and even later periods we know little about them as well The new textualism approach to editing which focuses on the material properties of

the manuscript or book its print or performance history and records of its dissemination and the sociology of texts provides a fruitful solution to both problems by broadening the concept of agency and hence provides a richer context for the production of a given text The collection includes two sets of essays One set has been reprinted from seminal works in the field of new textualism These include writings by recognized figures like Jerome McGann Leah Marcus and Wendy Wall among others As such that set provides background for the reading of the second a group of six original essays by scholars now working in the field of early modern women writers who directly apply aspects of the new textualism in their research The fusion of the research field of retrieving early modern women writers with the practices of new textualist editing is thus the core of this collection of essays and is illustrative of what can be achieved in the field of editing when this new approach to texts is put into practice

The Reformation of the Constitution Ian Ward, 2024-05-02 This book revisits one of the defining judicial engagements in English legal history It provides a fresh account of the years 1606 to 1616 which witnessed a series of increasingly volatile confrontations between on the one side King James I and his Attorney General Sir Francis Bacon and on the other Sir Edward Coke successively Chief Justice of Common Pleas and Lord Chief Justice At the heart of the dispute were differing opinions regarding the nature of kingship and the reach of prerogative in reformation England Appreciating the longer context in the summer of 1616 King James appealed for a reformation of law and constitution to complement the reformation of his Church Later historians would discern in these debates the seeding of a century of revolution followed by another four centuries of reform This book ventures the further thought that the arguments which echoed around Westminster Hall in the first years of the seventeenth century have lost little of their resonance half a millennium on Breaks with Rome are little easier to get done the margins of executive governance little easier to draw

Shakespeare and the Middle Ages Martha W. Driver, Sid Ray, 2014-01-10 Every generation reinvents Shakespeare for its own needs imagining through its particular choices and emphases the Shakespeare that it values The man himself was deeply involved in his own kind of historical reimagining This collection of essays examines the playwright's medieval sources and inspiration and how they shaped his works With a foreword by Michael Almereyda director of the Hamlet starring Ethan Hawke and dramaturge Dakin Matthews these thirteen essays analyze the ways in which our modern understanding of medieval life has been influenced by our appreciation of Shakespeare's plays
