*Edo, Art in Japan 1615-1868* Robert T. Singer, John T. Carpenter, National Gallery of Art (U.S.), 1998 Shows and describes Edo period art including screens armor woodblock prints pottery and kimonos **Painters of Edo Japan, 1615-1868** Money L. Hickman, 2000 This volume showcases the recently donated Japanese paintings in the Indianapolis Museum of Art comprising works of 46 Japanese artists including master painters Buson Jakuchu Sotatsu and Shohaku **Faith and Power in Japanese Buddhist Art, 1600-2005** Patricia J. Graham, 2007-09-30 Faith and Power in Japanese Buddhist Art explores the transformation of Buddhism from the premodern to the contemporary era in Japan and the central role its visual culture has played in this transformation Although Buddhism is generally regarded as peripheral to modern Japanese society this book demonstrates otherwise Its chapters elucidate the thread of change over time in the practice of Buddhism as revealed in temple worship halls and other sites of devotion and in imagery representing the religion's most popular deities and religious practices It also introduces the work of modern and contemporary artists who are not generally associated with institutional Buddhism and its canonical visual requirements but whose faith inspires their art The author makes a persuasive argument that the neglect of these materials by scholars results from erroneous presumptions about the aesthetic superiority of early Japanese Buddhist artifacts and an asserted decline in the institutional power of the religion after the sixteenth century She demonstrates that recent works constitute a significant contribution to the history of Japanese art and architecture providing evidence of Buddhism's compelling presence at all levels of Japanese society and its evolution in response to the needs of new generations of supporters Art and Palace Politics in Early Modern Japan, 1580s-1680s Elizabeth Lillehoj, 2011-08-29 During the first century of Japan's early modern era 1580s to 1680s art and architecture created for the imperial court served as markers of social prestige testifying to the enduring centrality of the palace to the cultural life of Kyoto Emperors Go Y zeii and Go Mizunoo relied on financial support from ruling warlords Toyotomi Hideyoshi and the Tokugawa shoguns just as the warlords sought imperial sanction granting them legitimacy to rule Taking advantage of this complex but oftentimes strained synergy Go Y zeii and Go Mizunoo and to an unprecedented extent his empress T fukumon enhanced the hereditary prerogatives of the imperial family Among the works described in this volume are masterpieces commissioned for the residences and temples of the imperial family which were painted by artists of the Kano Tosa and Sumiyoshi ateliers not to mention Tawaraya S tatsu Anonymous but deluxe painting commissions depicting grand imperial processions are examined in detail The court's fascination with calligraphy and tea arts that flourished in this age is also discussed in this profusely illustrated volume *Japan's Private Spheres: Autonomy in Japanese History, 1600-1930* William Puck Brecher, 2021-03-29 Japan's Private Spheres Autonomy in Japanese History 1600 1930 traces the shifting nature of autonomy in early modern and modern Japan In this far reaching interdisciplinary study W Puck Brecher explores the historical development of the private and its evolving relationship with public authority a dynamic that evokes

stereotypes about an alleged dearth of individual agency in Japanese society It does so through a montage of case studies For the early modern era case studies examine peripheral living spaces boyhood and self interrogation in the arts For the modern period they explore strategic deviance individuality in Meiji education modern leisure and body maintenance Analysis of these disparate private realms illuminates evolving conceptualizations of the private and its reciprocal yet often contested relationship to the state

*Suicidal Honor* Doris G. Borgen, 2006-09-30 On September 13 1912 the day of Emperor Meiji s funeral General Nogi Maresuke committed ritual suicide by seppuku disembowelment It was an act of delayed atonement that paid a debt of honor incurred thirty five years earlier The revered military hero s wife joined in his act of junshi following one s lord into death The violence of their double suicide shocked the nation What had impelled the general and his wife on the threshold of a new

era to resort so drastically so dramatically to this forbidden anachronistic practice The nation was divided There were those who saw the suicides as a heroic affirmation of the samurai code others found them a cause for embarrassment a sign that Japan had not yet crossed the cultural line separating tradition from modernity While acknowledging the nation's sharply divided reaction to the Nogis junshi as a useful indicator of the event's seismic impact on Japanese culture Doris G Borgen in the first half of her book demonstrates that the deeper significance of Nogi's action must be sought in his personal history enmeshed as it was in the tumultuous politics of the Meiji period Suicidal Honor traces Nogi's military career and personal travail through the armed struggles of the collapsing shogunate and through the two wars of imperial conquest during which Nogi played a significant role the Sino Japanese War 1894-1895 and the Russo Japanese War 1904-1905 It also probes beneath the political to explore the religious origins of ritual self sacrifice in cultures as different as ancient Rome and today's Nigeria Seen in this context Nogi's death was homage to the divine emperor But what was the significance of Nogi's waiting thirty five years before he offered himself as a human sacrifice to a dead rather than living deity To answer this question Borgen delves deeply and with great insight into the story of Nogi's conflicted career as a military hero who longed to be a peaceful man of letters In the second half of Suicidal Honor Borgen turns to the extraordinary influence of the Nogis deaths on two of Japan's greatest writers Mori gai and Natsume S seki gai's historical fiction written in the immediate aftermath of his friend's junshi is a profound meditation on the significance of ritual suicide in a time of historical transition Stories such as The Sakai Incident Sakai jiken appear in a new light and with greatly enhanced resonance in Borgen's interpretation In S seki's masterpiece Kokoro Sensei the protagonist refers to the emperor's death and his general's junshi before taking his own life Scholars routinely mention these references but Borgen demonstrates convincingly the uncanny ways in which S seki's agonized response to Nogi's suicide structures the entire novel By exploring the historical and literary legacies of Nogi gai and S seki from an interdisciplinary perspective Suicidal Honor illuminates Japan's prolonged and painful transition from the idealized heroic world of samurai culture to the mundane anxieties of modernity It is a study that will fascinate specialists in the fields of Japanese literature history and religion and anyone seeking a deeper understanding of Japan's warrior culture

modern readers whether practitioners of Zen or the martial arts Takuan's emphasis on freedom of mind as the crux of his teaching resonates as powerfully as it did with the samurai and swordsmen of Tokugawa Japan Scholars will welcome this new annotated translation of Takuan's sword related works as well as the host of detail it provides illuminating an obscure period in Zen's history in Japan
