Educating For Responsible Action:

Educating for Responsible Action Nicholas Wolterstorff, 1980 **A Practical Guide to Educating for Responsibility in Management and Business** Ross McDonald, 2013-08-10 What does it mean to educate for responsibility The author of this book will teach you about the new way of engaging young people with the challenge of changing their world for the better Designed for application in any educational context dealing with ethics responsibility or human development this book explains in detail how to facilitate anyone's ability to think and act in more fully responsible ways In contrast to the predominant model of teaching which is almost exclusively an intellectual education about responsibility educating for responsibility integrates emotion insight observation and action so anyone can learn the true dynamics of exercising this resilient capacity Inside educating for responsibility is explained and a template offered for a creative way of teaching that has proven to be extremely effective in practice Written particularly for those offering courses or training in social responsibility sustainability or business ethics it offers a new way of thinking about how we might better serve the interests of a generation of young people entering a rapidly changing and by all accounts rapidly destabilizing world

Christian Education and the Search for Meaning James C. Wilhoit, 1991-05-01 James Wilhoit explores how Christian education can go beyond mere activity to instill a solid perspective and make sense of a perplexing world He envisions the ideal model of Christian education and integrates the discipline with the social sciences In the final chapter Wilhoit presents an evangelical theory of biblical instruction *Foundational Issues in Christian Education* Robert W. Pazmiño, 2008-09-01 For almost twenty years *Foundational Issues in Christian Education* has been a key text for many Christian education courses Its perceptive analysis coupled with clear writing make it a resource without peer In the book Christian education expert Robert Pazmiño guides readers through a comprehensive discussion of the interdisciplinary foundations of Christian education calling all Christian educators to reevaluate the fundamentals of their discipline A careful exploration of foundations writes Pazmiño is essential before specifying principles and guidelines for practice This updated edition includes interaction with professional developments over the past ten years and appendixes that assess the impact of postmodernism as an educational philosophy In addition each chapter includes points to ponder for personal reflection or classroom use

Education and Responsibility Tunis Romein, 2021-03-17 This book reveals the sources of the disquiet prevailing among educators over the apparent failure of the public school system to develop moral responsibility in America's youth The doctrine of separation of church and state has made sectarian religious training illegal in public schools and Tunis Romein shows that the task of providing moral guidance suddenly thrust upon educators has disclosed their deep schisms in educational philosophy basic contradictions which have split American education from top to bottom Romein explains the basic conflicts in education by examining three educational philosophies progressivism educational reconstructionism and classical humanism and comparing all of them with the traditional Christian view He holds that all educational philosophies

whether secular or not are based on faith and that all can be tested with regard to their beliefs about the nature of man and about the kind of moral responsibility education should develop in man With sincerity and frankness Romein analyzes the moral and intellectual poverty of much of the thinking dominant in education today and he shows the necessity as well as the difficulty of making faith in God once more the underlying influence in American education **Educating for Peace**

through Countering Violence Candice Carter,Raj Kumar Dhungana,2023-11-08 This book advances knowledge about the implementation of peace and non violence strategies in education that counter violence Addressing both hidden and direct violence it examines the harm to wellbeing and learning through a unique exploration of the role of teachers and confronts the roots of violence in educational settings Presenting and critiquing a range of pedagogical tools case examples and research it examines how various methods can be used for identifying and proactively responding to conflicts such as injustice discrimination and prejudice among others Contributors present case studies from a range of global contexts and offer cutting edge research on the applications of these resources and how they contextualize peace education An essential read for educators teacher educators and peace scholars it crucially offers pathways for confronting and healing from violence in both formal and informal sites of education The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license *PHILOSOPHICAL EXPLORATION THROUGH THE MIND, HEART AND SOUL OF NURSES* Anita Siccardi;

Karen Iseminger,2008-01-14 Creating an amalgamation of nursing education and philosophy is one of the distinctive features of this book While each of these disciplines is well established in their academic endeavors the book provides a unique voice of nursing in the analysis of philosophy s role in education To that end the book features nurses critiques of leading philosophers who have very valuable lessons for health care education Each chapter has been written to capture aspects of the heart mind and soul of nursing as appreciated through an exploration of a foremost philosopher The contributors investigate their scholar s history the essential features and examination of their work and offer pragmatic discussion questions based upon their work Personal transcendence of the authors occurred as an unexpected byproduct of their immersion with the philosophers This book provides philosophical underpinnings of health care education that nurses nursing educators clinical specialists and general healthcare educators as well as academic faculty will appreciate

Principles and Practices of Christian Education Robert W. Pazmino,2002-04-29 Principles and Practices of Christian Education shows teachers how they can use two important principles that stand behind all evangelical practices to make their education program stand out from all the others in its nurture of students First evangelical Christian education recognizes the need for conversion personal and corporate transformation that reconnects people to their Creator Second evangelical Christian education strives for connection making contact with people as unique individuals who live in a particular society and who need to know more about scripture In this book Christian education students learn that the work

for which they prepare is a partnership with God to transform people Their central task is worship but through it and other activities they lead others to faith commitment and transformation of communities

Professional Responsibility for Education Douglas E. Mitchell, 2021-09-30 By reconsidering the nature of professional work renowned scholar Douglas E Mitchell argues for reconceptualizing educational practices and institutional structures in ways that facilitate and protect educator professional responsibility This book explores ways educators and their political supporters can seize the social and political power necessary to accept professional responsibility for the design of their work environment Chapters explore how unionization ethics public values political power school reform and trust play an important role in the essence of professional responsibility in schools arguing that we must use organization management and accountability mechanisms to encourage responsible civic participation and professional action in support of public education This new text for graduate studies in teacher and leadership training frames a much needed analysis of where and how professional responsibility for public education is best incorporated into the work roles of teachers administrators and university scholars

Renewing Minds David S. Dockery, 2008 *Renewing Minds* encourages readers to better serve God the church and society by taking part in or supporting Christian higher education

Faith, Freedom, and Higher Education P. C. Kemeny, 2013-03-11 While debates abound today over the cost purpose and effectiveness of higher education often lost in this conversation is a critical question Should higher education attempt to shape students moral and spiritual character in any systematic manner as in the past or focus upon equipping students with mere technical knowledge *Faith Freedom and Higher Education* argues that Christianity can still play an important role in contemporary American higher education George M Marsden D G Hart and George H Nash among its authors analyze the debate over the secularization of the university and the impact of liberal Protestantism and fundamentalism on the American academy during the twentieth century Contributors also assess how the ideas of Dorothy Sayers C S Lewis Wendell Berry and Allan Bloom can be used to improve Christian higher education Finally the volume examines the contributions Christian faith can make to collegiate education and outlines how Christian institutions can preserve their religious mission while striving for academic excellence

House. Committee on Interstate and Foreign Commerce. Subcommittee on Health and the Environment,1976 **Material Practice and Materiality: Too Long Ignored in Science Education** Catherine Milne,Kathryn Scantlebury,2019-04-11 In this book various scholars explore the material in science and science education and its role in scientific practice such as those practices that are key to the curriculum focuses of science education programs in a number of countries As a construct

culture can be understood as material and social practice This definition is useful for informing researchers nuanced explorations of the nature of science and inclusive decisions about the practice of science education Sewell 1999 As fields of material social practice and worlds of meaning cultures are contradictory contested and weakly bounded The notion of culture as material social practices leads researchers to accept that material practice is as important as conceptual development social practice However in education and science education there is a tendency to ignore material practice and to focus on social practice with language as the arbiter of such social practice Often material practice such as those associated with scientific instruments and other apparatus is ignored with instruments understood as inscription devices conduits for language rather than sources of material culture in which scientists share material other than words Baird 2004 p 7 when they communicate new knowledge and realities While we do not ignore the role of language in science we agree with Barad 2003 that perhaps language has too much power and with that power there seems a concomitant loss of interest in exploring how matter and machines instruments contribute to both ontology and epistemology in science and science education
