Blue Jr., 2017-02-15 Military spouse education is an often overlooked topic With the proliferation of service member programs and benefits and the spotlight on them it is not

uncommon for spouses to neglect looking into their own educational opportunities and benefits The hectic life of a military family also often complicates the process of attending an institution of higher education for spouses There are numerous programs and benefits that a spouse may have access to but they are difficult to find and navigate properly Balancing Life and Education While Being a Part of a Military Family A Guide to Navigating Higher Education for the Military Spouse attempts to highlight these possibilities and inform and assure this population that attaining an education is possible regardless of location or current circumstances Numerous programs and benefits are described as well as the best way to go about using them Detailed instructions are illustrated to make the process of obtaining an education easier and to give spouses more confidence in pursuing their own education In addition the specific considerations of military family life are addressed along with these instructions Education is really important and a lot of times military spouses aren't aware of the opportunities and resources available to them to pursue it The authors of From the Navy to College Transitioning from the Service to Higher Education and From the Army to College Transitioning from the Service to Higher Education have put together a clear guidebook will make the process easy accessible and understandable They offer clear advice and information about resources available to spouses of service members creating a go to guide for pursuing higher education

The Oxford Handbook of Religion and Education Liam Francis Gearon, Arniika Kuusisto, 2025-04-29 The Oxford Handbook of Religion and Education offers a multi disciplinary work of scholarship and research highlighting the global significance of a critical interface of cultural and social political and theological importance Drawing on historical perspective and contemporary reflection the collection provides a uniquely transformative analysis of why the interface of religion and education is of such critical significance With contributions from some of the leading thinkers in the field this Handbook presents a cumulatively powerful argument to reassess the complexities of the intersection of religion and education With ambitious and yet accessible intellectual engagements the Handbook here furthers a central thesis that the interface of religion and education is not merely a matter of arcane disputation about a domain of ancient origin or a rudimentary matter of formal educational process but a vibrant domain of critical contestation fundamental to knowing understanding and living in the modern world

Education Transformation in Muslim Societies Ilham Nasser, 2022-09-06 Hope is a complex concept one academics use to accept the unknown while also expressing optimism However it can also be an action oriented framework with measurable outcomes In Education Transformation in Muslim Societies scholars from around the world offer a wealth of perspectives for incorporating hope in the education of students from kindergarten through university to stimulate change dialogue and transformation in their communities For instance though progress has been made in Muslim societies on early education and girls enrollment it is not well documented By examining effective educational initiatives and analyzing how they work educators policymakers and government officials can create a catalyst for positive educational reform and transformation Adopting strength based educational discourse contributors to Education Transformation in

Muslim Societies reveal how critical the whole person approach is for enriching the brain and the spirit and instilling hope back into the teaching and learning spaces of many Muslim societies and communities Education Transformation in Muslim Societies is a copub with the International Institute of Islamic Thought Education as Enforcement Kenneth Saltman, David A. Gabbard, 2010-09-13 The first volume to focus on the intersections of militarization corporations and education Education as Enforcement exposed the many ways schooling has become the means through which the expansion of global corporate power are enforced Since publication of the first edition these trends have increased to disturbing levels as a result of the extensive militarization of civil society the implosion of the neoconservative movement and the financial meltdown that radically called into question the basic assumptions undergirding neoliberal ideology An understanding of the enforcement of these corporate economic imperatives remains imperative to a critical discussion of related militarized trends in schools whether through accountability and standards school security or other discipline based reforms Education as Enforcement elaborates upon the central arguments of the first edition and updates readers on how recent events have reinforced their continued original relevance In addition to substantive updates to several original chapters this second edition includes a new foreword by Henry Giroux a new introduction and four new chapters that reveal the most contemporary expressions of the militarization and corporatization of education New topics covered in this collection include zero tolerance foreign and second language instruction in the post 9 11 context the rise of single sex classrooms and the intersection of the militarization and corporatization of schools under the Obama administration

The Changing Landscape of International Schooling Tristan Bunnell, 2014-06-27 The number of English medium international schools that deliver their curriculum wholly or partly in the English language reportedly reached 6 000 in January 2012 It is anticipated this number will rise to over 11 000 schools by 2022 employing over 500 000 English speaking teachers The number of children being taught in these schools reportedly reached 3 million in March 2012 Alongside this phenomenal growth the landscape of international schooling has changed fundamentally moving away from largely serving the children of the expat and globally mobile business community and Embassies towards serving the local children of the wealthy and emerging middle class This has been reflected in the shift away from non profit ownership by the school community towards ownership by for profit companies and proprietors In this book Tristan Bunnell explores the changing landscape of international schooling and discusses the implications of these changes both in terms of theoretically conceptualizing the scale nature and purpose of the field and in terms of practically serving and administering the growing industry that international education is becoming The Changing Landscape of International Schooling will be worthwhile reading for researchers academics and students of international schooling leaders and teachers in international schools and those interested in the broader development of international education
