*Education Under Siege* Stanley Aronowitz, Henry A. Giroux, 2003-09-02 First published in 1987 Routledge is an imprint of Taylor Francis an informa company

**Cultural Capital** John Guillory, 2023-10-24 An enlarged edition to celebrate the thirtieth anniversary of John Guillory's formative text on the literary canon Since its publication in 1993 John Guillory's *Cultural Capital* has been a signal text for understanding the codification and uses of the literary canon *Cultural Capital* reconsiders the social basis for aesthetic judgment and exposes the unequal distribution of symbolic and linguistic knowledge on which culture has long been based Drawing from Pierre Bourdieu's sociology Guillory argues that canon formation must be understood less as a question of the representation of social groups and more as a question of the distribution of cultural capital in schools which regulate access to literacy to the practices of reading and writing Now as the crisis of the canon has evolved into the so called crisis of the humanities Guillory's groundbreaking incisive work has never been more urgent As scholar and critic Merve Emre writes in her introduction to this enlarged edition Exclusion selection reflection representation these are the terms on which the canon wars of the last century were fought and the terms that continue to inform debates about for instance decolonizing the curriculum and the rhetoric of antiracist pedagogy

**Justice and Equity in Climate Change Education** Elizabeth M. Walsh, 2022-02-21 This volume looks at the ways in which climate change education relates to broader ideas of justice equity and social transformation and ultimately calls for a rapid response to the need for climate education reform Highlighting the role of climate change in exacerbating existing societal injustices this text explores the ethical and social dimensions of climate change education including identity agency and societal structure and in doing so problematizes climate change education as an equity concern Chapters present empirical analysis underpinned by a theoretical framework and case studies which provide critical insights for the design of learning environments curricula and everyday climate change related learning in schools This text will benefit researchers academics educators and policymakers with an interest in science education social justice studies and environmental sociology more broadly Those specifically interested in climate education curriculum studies and climate adaption will also benefit from this book

**Life in Schools** Peter McLaren, 2015-11-17 This new edition brings McLaren's popular classic textbook into a new era of Common Core Standards and online education The book is renowned for its clear provocative classroom narratives and its coverage of political

economic and social factors that are undervalued in other educational textbooks An international committee of experts ranked *Life in Schools* among the top twelve education books in the world Within School Walls AnnMarie Wolpe, 2012-05-16 Drawing from her in depth ethnographic study of a London comprehensive school the author shows how gender formation for both girls and boys is mediated by disciplinary control sexuality and the curriculum Her findings for girls and boys with their important emphases are revealed So are the responses and perspectives of the teachers Prior to publication of this volume much feminist writing depicted the subordination of girls as a function of patriarchal control both in terms of the teaching the girls receive and the behaviour of the boys around them The author s narrative implicitly and explicitly challenges some of these views

**Culture and Educational Policy in Hawai'i** Maenette K.P. A Benham, Ronald H. Heck, 2013-10-18 This comprehensive educational history of public schools in Hawai i shows and analyzes how dominant cultural and educational policy have affected the education experiences of Native Hawaiians Drawing on institutional theory as a scholarly lens the authors focus on four historical cases representing over 150 years of contact with the West They carefully link historical events significant people educational policy and law to cultural and social consequences for Native Hawaiian children and youth The authors argue that since the early 1800s educational policy in Hawai i emphasizing efficiency has resulted in institutional structures that have degenerated Hawaiian culture self image and sovereignty Native Hawaiians have often been denied equal access to quality schools and resulting increased economic and social status These policies were often overtly or covertly racist and reflected wider cultural views prevalent across the United States regarding the assimilation of groups into the American mainstream culture The case of education in Hawai i is used to initiate a broader discussion of similar historical trends in assimilating children of different backgrounds into the American system of education The scholarly analysis presented in this book draws out historical political cultural and organizational implications that can be employed to understand other Native and non Native contexts Given the increasing cultural diversity of the United States and the perceived failure of the American educational system in light of these changes this book provides an exceptionally appropriate starting point to begin a discussion about past present and future schooling for our nation s children Because it is written and comes from a Native perspective the value of the insider view is illuminated This underlying reminder of the Native eye is woven throughout the book in Ha awina No ono o the sharing of thoughts from the Native Hawaiian author With its primary focus on the education of native groups this book is an extraordinary and useful work for scholars thoughtful practitioners policymakers and those interested in Hawai i Hawaiian education and educational policy and theory

**From Technicians to Teachers** Leon Benade,2012-08-02 From Technicians to Teachers provides theoretical and practical reasons for suggesting that widespread international curriculum reform of the post 1990 period need not deprofessionalise teaching The widely held deprofessionalisation thesis is both compelling and fatalistic leading to a despairing sense that teachers are either no more than technicians or that they can be reprofessionalised through definitions of effective teachers promoted by the reforms However there are many teachers who do not see their work in either of these ways The book is structured around an in depth case study detailing the implementation of The New Zealand Curriculum in that nation one of the best international examples of neoliberal reform Benade argues that curriculum policy can and should be analysed critically while pointing out the dangers for ethical teachers that can exist in national or state curricula Energising and inspiring this book reminds teachers and teacher educators that although they work in a globalised context their own role is fundamental and has a profoundly ethical basis despite the negative impacts of three decades of education reform

*Curriculum and Environmental Education* Alan Reid,2019-11-14 This collection traces the development and findings of curriculum studies of environmental education since the mid 1970s Based on a virtual special issue of the Journal of Curriculum Studies the volume

identifies a series of curriculum challenges for and from environmental education These include key questions in curriculum politics planning and implementation including which educative experiences should a curriculum foster and why what the scope of a worthwhile curriculum should be and how it should be decided organised and reworked why distinctive curricula are provided to different groups of students and how curriculum should best be enacted and evaluated The editor and contributors call for renewed attention to the possibilities for future directions in research in light of previously published work and innovations in scholarship They also offer critical commentary on curriculum critique and crisis in environmental education through new material and previous studies from the journal by addressing three key themes perspectives on curriculum and environment education accounting for curriculum in environmental education and changes in curriculum for environmental education

**Multicultural Education, Critical Pedagogy, and the Politics of Difference** Christine E. Sleeter, Peter L. McLaren, 1995-08-03 This book explores and expands upon linkages between multicultural education and critical pedagogy drawing on the shared goal of challenging oppressive social relationships

*The Curriculum* Landon E. Beyer, Michael W. Apple, 1998-04-09 This new edition of the classic text extends the scope of critically oriented work in curriculum studies

*Emerging Issues and Trends in Education* Theodore S. Ransaw, Richard Majors, 2017-08-01 As classrooms across the globe become increasingly more diverse it is imperative that educators understand how to meet the needs of students with varying demographic backgrounds *Emerging Issues and Trends in Education* presents case studies from academics who have all at one point been teachers in K 12 classrooms addressing topics such as STEM as well as global issues related to race gender education education policy and parental engagement The contributors take an international approach including research about Nigerian Chinese Native American and Mexican American classrooms With a focus on multidisciplinary perspectives *Emerging Issues and Trends in Education* is reflective of the need to embrace different ways of looking at problems to improve education for all students

**The History of Education Under Apartheid, 1948-1994** Peter Kallaway, 2002

**Inside - Out** Rebecca A. Martusewicz, William M. Reynolds, 1995-05 First Published in 1995 Routledge is an imprint of Taylor Francis an informa company

*Marxism Against Postmodernism in Educational Theory* Mike Cole, Dave Hill, Peter McLaren, 2002-12-11 Postmodernism has become the orthodoxy in educational theory It heralds the end of grand theories like Marxism and liberalism scorning any notion of a united feminist challenge to patriarchy of united anti racist struggle and of united working class movements against capitalist exploitation and oppression For postmodernists the world is fragmented history is ended and all struggles are local and particularistic Written by internationally renowned British and American educational theorists *Marxism Against Postmodernism in Educational Theory* a substantially revised edition of the original 1999 work *Postmodernism in Educational Theory* critically examines the infusion of postmodernism and theories of postmodernity into educational theory policy and research The writers argue that postmodernism provides neither a viable educational politics nor the foundation for effective radical educational practice and

offer an alternative politics of human resistance which puts the challenge to capitalism firmly on the agenda of educational theory politics and practice
