*The People* Gerhard Hirschfeld, No society at any time under any conditions has provided enduring freedom security justice or self determination for all of its citizens The problems that confront the human species today are so large so complex and so urgent that an effective solution requires a framework that considers mankind as a whole The alternative according to Gerhard Hirschfeld is global disaster These observations provide both the motivation and the focus for *The People* a book that proposes a radical departure from traditional perceptions of people in society Hirschfeld argues that the basic relationship between people leaders and the middle class has always been fixed in human society and that the people in all societies and at all times have been subject to domination and exploitation To change this condition to assure that the

people attain dignity and basic human rights he proposes the creation of a much broader social framework The work traces the development of the three sectors of society leaders distinguished by natural talents and the ability to furnish ideas design and organization second the people insecure dependent defenseless and exploited and third the middle class playing the part of an equalizer or moderator to the other two classes The heart of the book is a careful long range analysis of these three great historical forces leading to specific proposals of principles and procedures upon which the creation of a mankind oriented society might be based Whether used as a text or as a manifesto and call to action this exceptional work is a unique contribution that will ensure its appeal to diverse audiences Gerhard Hirschfeld was born in Berlin Germany After World War I he went to South America there combining work in the export business with a study of the cultures of the native peoples He published many articles papers and monographs and is the author of *An Essay on Mankind* Kenneth E Boulding 1910 1993 was president of many scholarly associations including the American Economic Association the Society for General Systems Research and the American Association for the Advancement of Science He authored numerous books including *Towards a New Economics* *Critical Essays on Ecology Distribution and Other Themes* *Three Faces of Power* and *The World as a Total System*

*Ideas for the Philosophy of the History of Mankind* Johann Gottfried Herder, 2024-02-27 One of the most important works of the Enlightenment in the first new unabridged English translation in more than two centuries Published in four volumes between 1784 and 1791 Herder's *Ideas for the Philosophy of the History of Mankind* is one of the most important works of the Enlightenment a bold original and encyclopedic synthesis of and contribution to the era's philosophical debates over nature history culture and the very meaning of human experience This is the first new unabridged English translation of the *Ideas* in more than two centuries Gregory Martin Moore's lively modern English text extensive introduction and commentary bring this neglected masterpiece back to life The *Ideas* which engages with many of the leading thinkers of the eighteenth century such as Montesquieu Kant Gibbon Ferguson Buffon and Rousseau is many things at once an inquiry into the unity and purpose of history a reflection on human nature and the place of humans in the cosmic order an examination of what was beginning to be called culture and a narrative of cultural progress across time among different peoples Along the way Herder considers a dizzying variety of topics including the formation of the earth and solar system species change race the immortality of the soul the establishment of society and the pursuit of happiness Above all the *Ideas* is an anthropology what Alexander Pope had termed an essay on man pervaded by an appropriately humane spirit A fresh and much needed modern translation of the complete *Ideas* this volume reintroduces English readers to a classic of Enlightenment thought

*Rethinking Secondary Education* Scherto Gill, Garrett Thomson, 2014-01-14 This is a timely accessible and engaging book of considerable intellectual stature bold imagination and practical wisdom Not only does it develop penetrating elegant analyses of what is wrong with current state controlled and alternative approaches to contemporary education it also offers imaginative practical suggestions for a more fulfilling human centred alternative

Professor Michael Fielding Institute of Education University of London UK With great sensitivity and force and in wonderfully clear prose Scherto Gill and Garrett Thomson explore some fundamental questions about what we want from our education system and what we can expect from it It is highly recommended for all who are interested in education whether from a more theoretical point of view or from a more practical point of view Professor Adrian W Moore Faculty of Philosophy University of Oxford UK Could we have a system of secondary education that provides alternatives to the current mainstream schooling and its emphasis on exams learning outcomes and the delivery of a fixed curriculum How could such a system focus on both human and educational values How could secondary education combine the personal development of students with good academic standards In response to these questions Gill and Thomson have written a new cutting edge text aimed at all those involved in the study of education or teacher training *Rethinking Secondary Education* explores debates and critiques new and alternative approaches to teaching young people today The book discusses a human centred approach to curriculum pedagogy assessment and the culture of schools and colleges It is grounded in theory and empirical research discussing the need for a curriculum for the future bridging a gap between mainstream and alternative education It also offers practical guidance on how these ideas can be put into practice making it an ideal resource for trainee teachers experienced practitioners and students of education alike Key features of the text A balanced approach comparing and contrasting both traditional and alternative approaches to education Strong grounding in theory and research The inclusion of young people s perspectives and voices on their education and on being an adolescent Links to practice showing how the theory and research can actually be put into practice to bring about change

*The Educational Significance of Human and Non-Human Animal Interactions* Suzanne Rice,A. G. Rud,2016-04-29 *The Educational Significance of Human and Non Human Animal Interactions* explores human animal non human animal interactions from different disciplinary perspectives from education policy to philosophy of education and ecopedagogy The authors refute the idea of anthropocentrism the belief that human beings are the central or most significant species on the planet through an ethical investigation into animal and human interactions and real life examples of humans and animals living and learning together In doing so Rice and Rud outline the idea that interactions between animals and humans are educationally significant and vital in the classroom
