The Private Journals of Edvard Munch Edvard Munch,J. Gill Holland,2005 Annotation Scandinavia s most famous painter the Norwegian Edvard Munch 1863 1944 is probably best known for his painting The Scream a universally recognized icon of terror and despair A version was stolen from the Munch Museum in Oslo Norway in August 2004 and has not yet been recovered But Munch considered himself a writer as well as a painter Munch began painting as a teenager and in his young adulthood studied and worked in Paris and Berlin where he evolved a highly personal style in paintings and works on paper And in diaries that he kept for decades he also experimented with reminiscence fiction prose portraits philosophical speculations and surrealism Known as an artist who captured both the ecstasies and the hellish depths of the human condition Munch conveys these emotions in his diaries but also reveals other facets of his personality in remarks and stories that are alternately droll compassionate romantic and cerebral This English translation of Edvard Munch s private diaries the most extensive edition to appear in any language captures the eloquent lyricism of the original Norwegian text The journal entries in this volume span the period from the 1880s when Munch was in his twenties until the 1930s reflecting the changes in his life and his work The book is illustrated with fifteen of Munch s drawings many of them rarely seen before While these diaries have been excerpted before no translation has captured the real passion and poetry of Munch s voice This is a translation that lets Munch speak for himself and evokes the primal passion of his diaries J Gill Holland s exceptional work adds a whole new level to our understanding of the artist and the depth of his scream Edvard Munch Paloma Alarcó,Jon-Ove Steihaug,2015 Edvard Munch Archetypes brings together a thematic selection of 80 works that examine the painter s long and prolific career and reveal his ability to synthesise the obsessions of modern humanity *Edvard Munch* Edvard Munch,Arne Eggum,1992 Briefly traces the life and career of the modern Norwegian painter discusses his series of paintings and prints the Frieze of Life and describes the background of each work **Edvard Munch** Frank H©if©idt,2012 Edvard Munch a Norwegian painter was a key figure in the development of painting in the twentieth century and an influential precursor to the expressionist movement in Europe *Edvard Munch* Edvard Munch,1978 Munch s reputation

achieved international stature during his lifetime however in the United States many still associate him with a few singular haunting images This exhibition catalog provides viewers an opportunity to experience the full range of Munch s genius both in painting and also in graphic work in which he was one of the virtuosos of his age Essays examine the emergence of expressionism in northern Europe and explore the relationships that recent scholarship has shown to exist between expressionism and the stylistic imperatives of impressionism and the School of Paris The catalog reexamines Munch as not only an artist who created a new tradition but also as an heir to existing 19th century traditions Many of the works included on loan from 20 collections had never before left Norway where over 90 percent of Munch s art remains Publisher s website
