Hastings,2019-03-13 This book presents attitudes information and tools for a holistic approach to medicine health and mental health In our discussions among ourselves and with the contributing authors we defined three aspects of a holistic approach First such an approach involves expanding our focus to include the many personal familial social and environmental factors that promote health prevent illness and encourage healing Second a holistic approach views the patient as an individual person not as a symptom bearing organism This attitude emphasizes the self responsibility of the person for his or her health and the importance of mobilizing the person s own health capacities rather than treating illness only from the outside Third the holistic approach tries to make wise use of the many diagnostic treatment and health modalities that are available in addition to the standard materia medica including alternative medical and healing systems as well as psychological techniques and physical modalities Some of these methods of treatment and health practices are already accepted others are accepted but not applied in practice and still others need further research to explore the range of their uses **Epilepsy - Jody's Journey** Linda Caputi,2005-08 This is the remarkable true story of a young woman s seven year struggle and final victory over epilepsy Jody had been diagnosed with epilepsy when she was a teenager and initially chose the conventional approach of trying various medications to control the seizures The medications didn t help Jody was cured by Cayce s remedies Cellular Awakening Barbara Wren,2010-09-15 What if almost everything you ve been told about health and the human body is wrong What if you had within you the ability to heal from any condition This fascinating book by Barbara Wren shatters many of the myths that currently exist regarding health and illness and presents a vision of the human body and healing that is both practical and inspirational In essence no matter what ailment you re dealing with you have the potential to heal yourself and if you already enjoy great health you can illuminate your consciousness in ways beyond your imagining Whatever your current situation is you can begin to feel a true connection to who you really are as well as understand your ability to create your own reality Your human potential is far greater than you can possibly imagine and is intrinsically linked to what is unfolding within you at a cellular level Each and every one of the trillions of cells within your amazing body has the potential to hold and utilize light in the form of bio photons subatomic particles of light When a cell is illuminated the DNA within that cell is also illuminated giving you access to the universal wisdom that is held within its matrix By matching your microcosm the cell with the macrocosm the universal energies you can begin to unlock your true nature and realize your potential for greatness Chicorel Index to Parapsychology and Occult Books Marietta Chicorel,1978 **Born to Live** Gladys Taylor McGarey,2008 **Parapsychology, New Age, and the Occult** ,1993 *The One Earth Herbal Sourcebook* Alan Keith Tillotson,2001 Provides herbal remedies drawing upon Asian and Western traditions for gastrointestinal cardiovascular nervous system endocrinological musculoskeletal
