**Edgar Cayce** Joseph Millard,1961      Edgar Cayce Joseph Millard,1961      **Edgar Cayce in Context** K. Paul Johnson,2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce s personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective      **Edgar Cayce: The “Sleeping” Medium & Spiritual Discernment** John Weldon,2013-02-09 Edgar Cayce 1877 1945 was one of the most famous trance mediums in the world and the best known psychic in America s history Not commonly placed under those occult classifications he is commonly referred to in a more soothing category as the sleeping prophet Through entering a self induced hypnotic trance he produced over 14300 health and spiritual Readings one of the largest psychic libraries in history allegedly from his unconscious mind and or the supposed akashic records Uniquely he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine His influence has extended to millions of people This book takes a critical look at the life readings and health spiritual impact of Edgar Cayce It illustrates the timely warning of the old adage that the road to hell may be paved with perfectly good intentions and how benevolent concepts such as improved health and spirituality may indeed become the devil s playground Ironically this is the very thing Cayce himself had worried about in reference to the Readings      The Haunting of Twentieth-Century America William J. Birnes,Joel Martin,2011-09-13 In this sequel to The Haunting of America national bestselling authors Joel Martin and William J Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events In unearthing the roots of America s fascination with the ghosts goblins and demons that possess our imaginations and nightmares Martin and Birnes show how the paranormal has driven America s political public and military policies The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions UFOs that frightened the nation s military into launching nuclear bomber squadrons toward the Soviet Union out of body experiences used to gather sensitive intelligence on other countries and even spirits summoned to communicate with living politicians The Haunting of Twentieth Century

America is a thrilling evidencebased exploration of the often unexpected influences of the paranormal on science medicine law the government the military psychology theology death and dying spirituality and pop culture At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied      **My Life as a Seer** Edgar Cayce,2014-09-30 For over seventy five years the prophecies and readings of Edgar Cayce The Sleeping Prophet have inspired millions of people around the world and been the subject of hundreds of books Over fifty years after his death Cayce is still regarded as the father of the new age movement and the foremost psychic of the twentieth century His thoughts on the soul s journey past lives dreams ancient civilizations and astrology are still closely studied and followed by practitioners in these fields But until now only those who knew and studied him have been able to tell Cayce s story and philosophy From Jess Stearn s The Sleeping Prophet to Thomas Sugrue s There Is a River many bestselling books have sold millions of copies and touched many lives Now for the first time Edgar Cayce tells his story in his own words Only recently discovered this new memoir delivers Cayce s important message to the world at a most crucial time the dawn of the twenty first century In this personal moving story readers learn how Cayce felt about his amazing powers Here Cayce speaks about the angelic presence that visited his childhood Kentucky home and told him that he would become a healer to millions We also learn about his extraordinary childhood ability to learn his school lessons simply by sleeping on his books Cayce also addresses the devastating throat paralysis that he miraculously overcame and how he ultimately realized that his powers could only be used to help and enable people and not for personal profit Cayce even gives a behind the scenes glimpse at his many psychic readings The combination of ability and humility compassion and caring turned Cayce from social outcast to world renowned psychic healer Throughout his life Edgar Cayce s was the voice people turned to for advice on issues as diverse as health and healing and philosophy and world issues Now Cayce speaks once more on these issues and delivers his ultimate message to humanity for the first time My Life as a Seer brings to life the emotional frustrations motivations fears and visions of the century s premier spiritualist      Secrets of the Light Flora Paul,2001-08 Secrets of the Light Provides the Bible student with fresh insight into the many levels of truth encoded in the Bible Provides the Biblical scholar with an abundance of references on Bible interpretation Provides everyone with an understanding of how light has been used in the Bible as a metaphor to pass wisdom down through generations who have often not understood its deeper meaning In Secrets of the Light author Flora E Paul first relates how her own evolution of religious understanding brought greater personal peace and fulfillment She then explores the meaning she has discovered hidden in plain sight within the symbolism used by the Bible She explains how the same profound truths are being provided to us through many different sources Secrets of the Light also provides an introduction to Theosophy an ancient blending of science and religion that gained wide attention early this century as the controversial Madame Blavatsky promoted it around the world As one of few books examining Theosophy that is not published by the Theosophical Society it speaks truthfully about differing biblical interpretations within the movement and
