

## IV. The Church in Medieval Life

The Church shaped many aspects of the lives of Medieval people and reigned supreme in all matters religious.

It served as a social and religious center and was also a powerful political entity, claiming authority (called papal supremacy) over all earthly leaders.

In fact, the Church was Europe's most powerful (and wealthy) secular force.

Other religions were not tolerated and heretics were tortured and killed.

In particular, Jews were often scapegoats for social problems, illnesses, and disease. Over time, many migrated to Eastern Europe where persecution was less severe.
