Educational And Psychosocial Aspects Of Deafness:

Educational and Psychosocial Aspects of Deafness Richard E. Hardy, John G. Cull, 1974-01-01 *Psychosocial Aspects of Deafness* Nanci A. Scheetz, 2004 Covers the development of one's identity the emergence of the healthy personality and the establishment of mental health services for deaf and hard of hearing individuals It provides the reader with a review of assessment instruments counseling techniques and therapeutic models Family dynamics are discussed from a multiplicity of ethnic backgrounds reflecting the cultural diversity that is evident within the Deaf community Furthermore strategies for classroom management are included that focus on enhancing the emotional growth of deaf and hard of hearing children The broad scope of the subject matter presented allows flexibility and provides fresh material for new approaches to courses related to this topic within the field of deaf education **Educational and Developmental Aspects of Deafness** Donald F. Moores, 1990 Educational and Developmental Aspects of Deafness details the ongoing revolution in the education of deaf children More than 20 researchers contributed their discoveries in anthropology education linguistics psychology sociology and other major disciplines with special concentration upon the education of deaf children Divided into two parts on education at home and in school this incisive book documents breakthroughs such as the public's interest in sign language the increasing availability of interpreters the growing perception of deafness as a social condition not a pathology and other positive trends It is unique as the first purely research based text and reference point for further study of the education of deaf children **Oxford Handbook of Deaf Studies, Language, and Education** Marc Marschark, Patricia Elizabeth Spencer, 2003 This title is a major professional reference work in the field of deafness research It covers all important aspects of deaf studies language social psychological issues neuropsychology culture technology and education

Postsecondary Education Susan B. Foster, Gerard G. Walter, 2018-09-03 First published in 1992 With an ever increasing number of deaf students entering higher education throughout the world major strides need to be made in provision and support for them This book recognises that the integration of deaf students into mainstream higher education raises complex and challenging problems It has proved extremely difficult for deaf students to enter fully into the social and extra curricular

fabric of campus life an essential factor in ensuring student success The authors provide an assessment of state of the art practice in postsecondary settings and suggest theoretical and practical approaches to providing support There is discussion of the attainments of deaf graduates with commentaries by deaf persons about their experiences in college In addition statistics support the theoretical contentions and clearly demonstrate the benefits of postsecondary education to deaf people

Departments of Labor, Health and Human Services, Education, and Related Agencies,1990 Psychological Aspects of Physical Disability James F. Garrett,1952 As workers in the field of rehabilitation we are realizing more and more that we do not rehabilitate people Rather we must be able to reach the heart and mind of the individual with whom we are dealing so he will want to avail himself of the services our program can provide for him His drive to accomplish his own rehabilitation must come from within himself and we must be sensitive too in the factors that can help or hinder establishing this indispensable primary base for rehabilitation Increasingly we are learning that human motivation is influenced by many things Especially important are the psychological and social factors of an individual s life These factors are important to consider early in our planning for the whole program of rehabilitation for the individual and in the evaluation of each step of its development This bulletin was written primarily for vocational rehabilitation counselors It is expected that it will assist them in planning better rehabilitation programs The need for awareness of the psychological adjustment mechanisms of the physically disabled is not confined to the counselor however and it is hoped that physicians social workers psychologists and placement specialists may profit from the contents of this publication The cooperation and coordination of the various specialties is the most important element today in providing rehabilitation services for the disabled whereby they may take their rightful place as contributing members of society The interest and cooperation of the authors and the organizations many of them represent is a practical demonstration of the vital nature of the material presented herein We are aware of the fact that successful rehabilitation programs depend on integrated community activity and in a sense this bulletin epitomizes that approach Foreword
