Educational Commune The Story Of Commonwealth College:

Educational Commune Raymond Koch, Charlotte Koch, 1972 Encyclopedia of American Communes, 1663-1963 Foster Stockwell, 2013-04-30 Swanendael the first communal experiment in America was established in 1663 by Mennonites from Holland The scant records available on the community show that 41 people led by Pieter Cornelisz Plockhoy settled in an area near Lewes Delaware in the late summer These souls as they were called shared all things in common refused to keep slaves practiced religious toleration for all but Catholics and stiff necked Quakers and had the first free school in the New World The opening of the New World made America the ideal location for many experimental communities Its unspoiled and inexpensive land encouraged social experimentation and as a result most of the world s communes have been established in the United States This encyclopedia details the more than 500 communes established in America from Swanendael 1663 through Tolstoy Farm founded in 1963 Entries include the name of the commune the years it operated the community s leaders a brief history a discussion of extant buildings or artifacts and sources for further study **Freedom and Tenure in the Academy** William W. Van Alstyne, 1993 Van Alstyne presents an unhurried historical review of the extent to which academic freedom has been accepted into domestic constitutional law Two essays deal with the issue of tenure and academic freedom Ralph S Brown and Jordan E Kurland agree that tenure reinforces academic freedom but wonder if there is not a large price to be paid for such a system In a highly instructive review Matthew Finkin looks at academic tenure and freedom in the light of labor law Focusing on freedom of artistic expression Robert O Neil raises difficult questions about what kinds of art displays taxpayers can be expected to tolerate in the colleges and universities they support Rodney A Smolla looks at the ways in which hate speech and offensive expression on campuses engage wide First Amendment jurisprudence Judith Jarvis Thomson examines the vexed issue of selecting and valuing individual faculty members or disciplines with regard to ideology Michael W **New Encyclopedia of Southern Culture, V. 17** Clarence L. Mohr, Charles Wilson, 2011 The New Encyclopedia of Southern Culture **The Formation of School Subjects** Thomas S. Popkewitz, 2018-10-03 Originally published in 1987 This volume focuses upon the emergence of the subject matter of the American school This provides entrance to looking at the interplay between social cultural economic and professional interests that give form to contemporary school practices The historical detail enables understanding of how school knowledge is shaped and fashioned by issues of structural continuity and social transformation This selection of chapters looks at how practices have been shaped by the struggles to define the American school curriculum in different subjects The authors bring out how particular social values are made into ideologies and examine the past to enable consideration of the possibilities for further development **Rehearsing Revolutions** Mary McAvoy, 2019-06-03 Choice Outstanding Academic Title 2019 George Freedley Memorial Award Finalist 2020 Between the world wars several labor colleges sprouted up across the U S These schools funded by unions sought to provide members with adult education while also indoctrinating them into the cause As

Mary McAvoy reveals a big part of that learning experience centered on the schools drama programs For the first time Rehearsing Revolutions shows how these left leaning drama programs prepared American workers for the on the ground activism emerging across the country In fact McAvoy argues these amateur stages served as training grounds for radical social activism in early twentieth century America Using a wealth of previously unpublished material such as director s reports course materials playscripts and reviews McAvoy traces the programs evolution from experimental teaching tool to radically politicized training that inspired overt even militant labor activism by the late 1930s All the while she keeps an eye on larger trends in public life connecting interwar labor drama to post war arts based activism in response to McCarthyism the Cold War and the Civil Rights movement Ultimately McAvoy asks What did labor drama do for the workers colleges and why did they pursue it She finds her answer through several different case studies in places like the Portland Labor College and the Highlander Folk School in Tennessee

The Modern School Movement Paul Avrich,2014-07-14 In this comprehensive study of the Modern School movement Paul Avrich narrates its history analyzes its successes and failures and assesses its place in American life In doing so he shows how the radical experimentation in art and communal living as well as in education during this period set the precedent for much of the artistic social and educational ferment of the 1960 s and 1970 s Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Red Dust and Broadsides Sis Cunningham,Gordon Friesen,1999 The engrossing story of two prominent American radicals

All That Is Native and Fine David E. Whisnant,2018-08-25 In the American imagination Appalachia designates more than a geographical region It evokes fiddle tunes patchwork quilts split rail fences and all the other artifacts that decorate a cherished romantic region in the American mind In this classic work David Whisnant challenges this view of Appalachia and consequently a broader imaginative tendency by exploring connections between the comforting simplicity of cultural myth and the troublesome complexities of cultural history Looking at the work of ballad hunters and collectors folk and settlement school founders folk festival promoters and other culture workers Whisnant examines a process of intentional and systematic cultural intervention that had and still has far reaching consequences He opens the way into a more sophisticated understanding of the politics of culture in Appalachia and other regions In a new foreword for this twenty fifth anniversary edition Whisnant reflects on how he came to write this book how readers responded to it and how some of its central concerns have animated his later work

Radical Education in the Rural South William H. Cobb,2000 Commonwealth College was the longest lived and most notorious of the resident labor colleges that operated during the 1920s and 1930s Founded in 1923 at NewLlano Cooperative

Colony in Vernon Parish Louisiana the school was modeled on the self maintenance characteristics of Florida's abortive prewar experiment in social education Ruskin College Disputes over priorities with New Llano Colony forced the College to relocate to rural Polk County Arkansas in 1924 where it took up permanent residence in the dense piney woods at the foot of Rich Mountain Commonwealth's early leaders were dedicated Debsian Socialists who were convinced that a different type of education for the new industrial class would result in a series of massive social changes that would transform American capitalism into the utopian cooperative commonwealth of their dreams The regional and national publicity that resulted from the allegations that the College was a Moscow driven red cell became a self fulfilling prophecy from the mid to late 1930s Commonwealth endured spectacular attacks by the American Legion in 1926 from a Communist student strike in 1933 from investigations by the Arkansas General Assembly in 1935 and 1937 and through its association with the Southern Tenant Farmer's Union By 1938 the school had exhausted the patience of the people it had been founded to educate the industrial workers Finally without any friends in the non Communist left Commonwealth attempted to become the southern campus of the New Theatre League but strident local opposition brought a court action that forced the College to close in September 1940 William H Cobb illuminates the history of the extraordinary group of students and staff of Commonwealth College and the rich intellectual life produced on the self sustaining communal farm in the Arkansas forest Although Cobb did not have access to Commonwealth College papers which disappeared after being impounded by the county court he reconstructs the history of the school through a rich assortment of primary documents from various university and state archives Scholars and students interested in union labor and southern history will welcome this book

The Quest for Utopia in Twentieth-Century America Timothy Miller, 1998-05-01 This book is the long anticipated first volume of a two volume work that will chronicle intentional communities in the twentieth century Timothy Miller's chronological account is likely to be the standard work on the subject Communities of the early twentieth century were often obscure and short lived enterprises that left little trace of themselves Historical accounts of them are few and the ephemera such ventures produced have rarely been collected Miller first looks at the older groups that were operating until 1900 He explores their impact of the early twentieth century art colonies and then turns to a decade by decade discussion of many dozens of new groups formed up to 1960 His comprehensive perspective a synopsis of the first sixty years of this century has never before been undertaken in the study of communal groups

Dixie Redux Raymond Arsenault, 2013-11-01 Dixie Redux Essays in Honor of Sheldon Hackney is a collection of original essays written by some of the nation's most distinguished historians Each of the contributors has a personal as well as a professional connection to Sheldon Hackney a distinguished scholar in his own right who has served as Provost of Princeton University president of Tulane University and the University of Pennsylvania and the chairman of the National Endowment for the Humanities In a variety of roles teacher mentor colleague administrator writer and friend Sheldon Hackney has been a source of wisdom empowerment and wise counsel during more than four decades of historical

and educational achievement His life both inside and outside the academy has focused on issues closely related to civil rights social justice and the vagaries of race class regional culture and national identity Each of the essays in this volume touches upon one or more of these important issues themes that have animated Sheldon Hackney s scholarly and professional life

Rebel Against Injustice Peter H. Buckingham,1996 In 1911 Frank his wife and their four children moved to St Louis where they transformed the National Rip Saw into a popular Socialist monthly magazine It was there that Frank found his niche as a Socialist impresario editing the writings and arranging the tours of his stars Kate O Hare and Eugene Debs

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1975 *The Cultural Front* Michael Denning,1998 As garment workers longshoremen autoworkers sharecroppers and clerks took to the streets striking and organizing unions in the midst of the Depression artists writers and filmmakers joined the insurgent social movement by creating a cultural front Disney cartoonists walked picket lines and Billie Holiday sand Strange Fruit at the left wing cabaret Caf Society Duke Ellington produced a radical musical Jump for Joy New York garment workers staged the legendary Broadway revue Pins and Needles and Orson Welles and his Mercury players took their labor operas and anti fascist Shakespeare to Hollywood and made Citizen Kane A major reassessment of US cultural history The Cultural Front is a vivid mural of this extraordinary upheaval which reshaped American culture in the twentieth century

Resources in Education ,2001-04 **Two Hundred Years of American Communes** Yaacov Oved,2017-09-08 The United States is the only modern nation in which communes have continuously existed for the past two hundred years This definitive history of communes in America examines the major factors that have supported the existence and growth of communes throughout American history The most impressive survey of the communal experience since the works of Noyes and Nordhoff it is informed by a deep respect for the human subjects and organizational forms of American communes The findings in the analytical chapters are of considerably theoretical import beyond the historical narrative Oved details the founding growth development and sometimes failure of alternative societies from 1735 to 1939 Icaria Ephrata Oneida Shaker religious secular and socialist communes Extensive reference material cited will assure this work a special place in the archives of the literature on communes **A History of Education in Kentucky** William E. Ellis,2011-06-17 Kentucky is nationally renowned for horses bourbon rich natural resources and unfortunately hindered by a deficient educational system Though its reputation is not always justified in national rankings for grades K 12 and higher education Kentucky consistently ranks among the lowest states in education funding literacy and student achievement In A History of Education in Kentucky William E Ellis illuminates the successes and failures of public and private education in the commonwealth since its settlement Ellis demonstrates how political leaders in the nineteenth century created a culture that devalued public education and refused to adequately fund it He also analyzes efforts by teachers and policy makers to enact vital reforms and establish adequate equal education and discusses ongoing battles related to religious instruction integration and the

Kentucky Education Reform Act KERA A History of Education in Kentucky is the only up to date single volume history of education in the commonwealth Offering more than mere policy analysis this comprehensive work tells the story of passionate students teachers and leaders who have worked for progress from the 1770s to the present day Despite the prevailing pessimism about education in Kentucky Ellis acknowledges signs of a vibrant educational atmosphere in the state By advocating a better understanding of the past Ellis looks to the future and challenges Kentuckians to avoid historic failures and build on their successes **Research in Education** ,1973 **Lonesome Traveler** Doris Willens,1993-01-01

During the Great Depression Lee Hays the son of a Southern Methodist minister used his music to life the hearts of sharecroppers and miners and union organizers He helped bring black music to America s consciousness He could make people laugh in times when there seemed little to laugh about An Arkansas traveler and radical minstrel he commented wryly on events and impaled reactionary southern congressmen on their own words A kind of Mark Twain of the left people said But Lee Hays for all his great size and talents and humor was also a difficult man plagued by self doubts and a driving need to discombobulate any person or group that struck him as self satisfied Lonesome Traveler is the story of a prodigious talent with a zeal for changing the world With Pete Seeger he formed the popular folksinging group the Weavers which sang songs of social justice just as a tidal wave of red hunting hit America The rest of his legendary story will anger touch and delight

Decoding **Educational Commune The Story Of Commonwealth College**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
