Bottrell,1954 Eighth Pan American Child Congress, Washington, D. C., May 2-9, 1942 ,1948 *Research in Education* ,1974 **Research Relating to Children** ,1961-10 Life in Schools and Classrooms Rupert Maclean,2017-05-04 This book discusses key aspects of life in schools and classrooms and surveys the changes that have occurred over the years in educational research policy making and practice in these school and classroom settings It not only examines cutting edge research in these areas but also showcases good practices in the field Among the topics reviewed are recent developments in assessment methods for collecting and analysing data on classroom practice school leadership and the pros and cons of class size and small class teaching topics which are currently hotly debated in education systems around the globe As such the book objectively examines the various debates and surveys the full range of evidence available Education researchers policy makers and practitioners often hold differing views about the reasons for teacher and student behaviour in classrooms and for example its relevance to class size Many of these views are based on gut feelings rather than hard evidence Unfortunately these three groups with differing perspectives often talk past each other rather than engage in a productive mutually beneficial dialogue The book builds an effective bridge between researchers policy makers and practitioners regarding the impact of these various aspects of classroom life so that the viewpoints of each can be carefully considered and evaluated **Library of Congress Catalogs** Library of Congress,1955 **Resources in Education** ,2001-04 Annual Review of Comparative and International Education 2016 Alexander W.
