Blair,Laura A. Reese,1999 This Reader presents a selection of articles from Economic Development Quarterly the premier journal for practitioners and academics of local economic development The pieces chosen cover both the breadth and the cutting edge of real world economic development practices **Economic Research Studies of the Economic Development Administration** United States. Economic Development Administration,1974 Resources in Education ,1998 **Economic Development, Poverty, And Income Distribution** William Loehr,2019-04-10 The increasing inequality and poverty that seem inevitably to accompany economic growth in developing countries have become more and more evident in recent years The search for development paths that lead to growth with equality all too difficult to find is now an area of central concern for development economists One result of their concern is this volume in which internationally known representatives of a range of disciplines address themselves to ways in which growth with equity might be successfully achieved The book begins with both empirical and theoretical background to the development issues involved and with an overview of the experience of the international development assistance community focuses on operational definitions of the poor that will permit analytical policy oriented research to

lead to useful conclusions Specific concern is expressed for small business owners women peasants and recent migrants from rural to urban areas The basic question of course is what can be done about poverty and inequality includes suggestions for specific measures and provides a comprehensive comparison across a wide range of policy options The book does not solve the problem but it does point to directions that promise a reasonably high probability of success And throughout suggestions are made for the kind of interdisciplinary research required to raise that probability even further

The White House Conference on Balanced National Growth and Economic Development, 1978 **Job Creation and Local Economic Development** OECD, 2014-11-19 This publication highlights new evidence on policies to support job creation bringing together the latest research on labour market entrepreneurship and local economic development policy to help governments support job creation in the recovery Reform of the Unemployment Compensation Program United States. People and the Competitive Advantage of Place Shari Garmise, 2014-12-18 In the new global economy where rapid technological change is the norm the skills of the workforce are a key to local economic vitality This practical book shows how cities and regions can invest in their long term prosperity by expanding opportunities to ensure that all citizens have competitive skills and by aligning workforce development systems to existing and emerging industry needs Clearly written generously illustrated with an effective blend of theory and practice *People and the Competitive Advantage of Place* documents the challenges and opportunities involved in workforce development effective approaches for resolving contemporary problems what traps to avoid and strategies for investing in the workforce of the future The author integrates ideas and techniques from the fields of workforce development economic development and community development to present a comprehensive guide to approaching workforce needs from a city or region wide perspective Each chapter presents lessons from relevant research experiences from private public and community based approaches and evaluations of what is working and why *Economic Development* E. Wayne Nafziger, 2012-03-26 Nafziger explains the reasons for the recent fast growth of India Poland Brazil China and other Pacific Rim countries and the slow yet essential growth for a turnaround of sub Saharan Africa The book is suitable for those with a background in economics principles The fifth edition of the text written by a scholar of developing countries is replete with real world examples and up to date information Nafziger discusses poverty income inequality hunger unemployment the environment and carbon dioxide emissions and the widening gap between rich including middle income and poor countries Other new components include the rise and fall of models based on Russia Japan China Taiwan Korea and North America randomized experiments to assess aid an exploration of whether information technology and mobile phones can provide poor countries with a shortcut to prosperity and a discussion of how worldwide financial crises debt and trade and capital markets affect developing countries *The Balance Between Industry and Agriculture in Economic Development* Sukhamoy Chakravarty, 1989-08-14 *The Oxford Handbook of*

Industrial Hubs and Economic Development Arkebe Oqubay, Justin Yifu Lin, 2020-07-23 Industrialization supported by industrial hubs has been widely associated with structural transformation and catch up But while the direct economic benefits of industrial hubs are significant their value lies first and foremost in their contribution as incubators of industrialization production and technological capability and innovation The Oxford Handbook of Industrial Hubs and Economic Development adopts an interdisciplinary approach to examine the conceptual underpinnings review empirical evidence of regions and economies and extract pertinent lessons for policy researchers and practitioners on the key drivers of success and failure for industrial hubs This Handbook illustrates the diverse and complex nature of industrial hubs and shows how they promote industrialization economic structural transformation and technological catch up It explores the implications of emerging issues and trends such as environmental protection and sustainability technological advancement shifts in the global economy and urbanization Resources in Vocational Education ,1979 **Welfare States in**

Transition Gøsta Esping-Andersen, 1996-05-21 This wide ranging comparative analysis of contemporary and future changes in welfare states looks at the different trajectories of the welfare states of Europe North America the Antipodes and the emerging scenarios in Latin America East Asia and Central and Eastern Europe Leading experts on each of these regions examine the current structures of social protection consider the causes of the current welfare state crisis and highlight evolving trends for welfare policy Different welfare states are shown to manifest different forms of crisis Among the symptoms of crisis Welfare States in Transition suggests that the effect of population ageing is exaggerated and an at least equally fundamental challenge lies in the revolution of the modern family and the changing economic role of women The contributors are sceptical about the neo liberal formula for reform not only because it increases inequality but also because it does not address the growing need for an active social investment policy to ensure against entrapment in poverty or low paid jobs
