Blackwell Companion to Latino/a Theology Orlando O. Espin, 2015-09-08 Latino a Theology The one volume Companion to Latino a Theology presents a systematic survey of the past present and future of Latino a theology introducing readers to this significant US theological movement Contributors to the Companion include many established scholars of the highest caliber together with some new and exciting voices within the various theological disciplines A mixture of Catholic Protestant and Evangelical scholars they discuss the publications and contributions of theologians who reflect from and participate in the faith and realities of US Latino a communities Providing unparalleled breadth and depth in the discussion of the key issues each chapter begins with a summary of the theological publications and thought within Latino a theology and then proceeds to develop a constructive contribution on the topic This invaluable and unique Companion edited by one of the foremost Latino theologians currently working and writing in the field is fully ecumenical comprehensive and wholly representative of the wide range of ecclesial and theological traditions It will become both an important resource for scholars and an unparalleled introduction to the entire discipline **Youth-Led Community Organizing** Melvin Delgado, Lee

Staples, 2008 Youth led organizing is increasingly receiving attention from scholars activists and the media Delgado and Staples have produced the first comprehensive study of this dynamic field Their well organized book takes an important step toward bridging the gap between academic knowledge and community practice in this growing area **Human Behavior in the Social Environment** Anissa Taun Rogers, 2013-04-26 This bestseller is ideal for use in either one semester or year long generalist human behavior courses Why Because the text is concise and easily used in a one semester course But the text also comes with a companion set of readings and five unique cases that encourage your students to learn by doing and to apply their knowledge of human behavior to best practices Go to www.routledgesw.com/hbse to learn more These additional resources easily allow you to use the text and its related resources in a two semester sequence **Human Behavior in the**

Social Environment Anissa Rogers, 2025-05-26 Human Behavior in the Social Environment Perspectives on Development and the Life Course returns for a seventh edition to provide students with an expansive overview of the major theories and issues related to human behavior and the social environment that are important to understand for professional practice across a variety of cases and contexts Maintaining its clarity and cohesion this edition has been updated to offer students current and relevant information on important topics in social work practice and expanded to help students understand the complexity of the issues they will face in the field including how poverty diversity and strengths affect human development and behavior Several new theoretical perspectives appear in this update including indigenous theory new feminism and

restorative justice and these additions complement the major psychological sociological life course and anti oppressive theories that have come to define this book s grounded and balanced coverage Illustrated and fully supported by a set of Quick Guides for students engaged in field work vignettes woven throughout the book and a full package of interactive cases and instructor led resources that are available on www.routledgesw.com the new edition of Human Behavior in the Social Environment is a perfect complement to this foundation course on the undergraduate and graduate level Its signature theoretical framework equips students to have a well rounded understanding to call upon and apply to the myriad client problems and situations they will need to practice social work

Christian in Public L. D. Hansen, 2008-02-01 Higher education has not escaped the imperative of transformation which has marked the post apartheid South African landscape The nature of the changes at universities however is open to critique Fundamental questions concerning the ideological moorings of knowledge and the politics of the curriculum have not yet been satisfactorily addressed During the apartheid era theology faculties played influential roles at traditional universities and were often characterised by unsettling exclusion of non Christian religions non Calvinist denominations and marginalised voices This volume of essays evidences a process at the University of the Free State s Faculty of Theology to reflect seriously about the need for transformation at the fundamental level that is of knowledge The challenge for theology at a public university is framed in terms of epistemological transformation A number of outstanding public intellectuals such as Jonathan Jansen Crain Soudien and Lis Lange have been invited to present papers to clarify the conceptual challenge and what this might entail for theology Well known theologians such as Conrad Wethmar Allan Boesak and Martin Prozesky reflect on the nature of theology and religion at universities amidst social exigencies Two international theologians Harold Attridge from the prestigious Yale Divinity School and Bram van de Beek from the Free University of Amsterdam share their experiences of institutions that exemplify excellence and ecumenical openness Theologians from the Departments of Practical Theology and Systematic Theology at the University of the Free State writing from the inside articulate the challenges they envision for theology in a post apartheid dispensation The essays represent a variety of perspectives but all attest to a commitment to re think the nature and task of theology at a public university accepting the challenge of knowledge and power of plurality and otherness and of restorative intellectual justice These timely essays make a unique contribution to the discourses on transformation and on theology at a public university

Vulnerability Theory and the Trinity Lectures Martha Albertson Fineman, 2025-05-27 Vulnerability theory offers an alternative to social contract and rights based paradigms Beginning with the corporeal body the theory argues we are inevitably and constantly dependent on social institutions that are generated and ideally monitored through law Accordingly vulnerability theory argues for a state attentive to the needs of the universally vulnerable subject Based on lectures at Trinity College Dublin that focused on four foundational concepts this book highlights how vulnerability theory differs from individualistic liberal frameworks Calling for a reorientation of law toward a collective responsibility based

Religion and Resistance in Appalachia Joseph D. Witt, 2016-12-09 In the last fifty years the Appalachian Mountains have suffered permanent and profound change due to the expansion of surface coal mining The irrevocable devastation caused by this practice has forced local citizens to redefine their identities their connections to global economic forces their pasts and their futures Religion is a key factor in the fierce debate over mountaintop removal some argue that it violates a divine mandate to protect the earth while others contend that coal mining is a God given gift to ensure human prosperity and comfort In Religion and Resistance in Appalachia Faith and the Fight against Mountaintop Removal Coal Mining Joseph D Witt examines how religious and environmental ethics foster resistance to mountaintop removal coal mining Drawing on extensive interviews with activists teachers preachers and community leaders Witt's research offers a fresh analysis of an important and dynamic topic His study reflects a diversity of denominational perspectives exploring Catholic and mainline Protestant views of social and environmental justice evangelical Christian readings of biblical ethics and Native and nontraditional spiritual traditions By placing Appalachian resistance to

mountaintop removal in a comparative international context Witt's work also provides new outlooks on the future of the region and its inhabitants His timely study enhances challenges and advances conversations not only about the region but also about the relationship between religion and environmental activism **A Critical Humanitarian Intervention**

Approach K. Butler, 2011-05-25 A Critical Humanitarian Intervention Approach explores ways of reconceptualising security in terms of Ken Booth's Theory of World Security This approach focusing on human development more broadly can improve upon the theoretical and practical limitations of solidarist theories on the subject of humanitarian intervention *The*
