Economic Philosophy And American Problems Classical Mechanism Marxist Dialectic And Cultural Evolution:

Economic Philosophy and American Problems Floyd B. McFarland, 1991-10-07 invites readers to re examine their own paradigmatic assumptions and rethink the causes and cures for the malaise that is pervasive in our political economy Rick Tilman University of Nevada Las Vegas **International Bibliography of Economics** British Library of Political and Economic Science, 1993 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Thorstein Veblen in the Twenty-first Century Douglas M. Brown, 1998 1999 is the 100th year anniversary of the publication of Veblen s *The Theory of the Leisure Class* This volume commemorates and celebrates Veblen s seminal contribution to the analysis of consumerist capitalism and assesses the book s relevance to the twenty first century Veblen s *Leisure Class* was a pioneering effort to come to terms with industrial capitalism s consumer culture and it became the foundation for much of contemporary institutional economics This book examines Veblen s contribution to the analysis of the new global economy the growth of the women s movement inequality consumption and gambling at the turn of the century It concludes by analysing the effects of the globalization of capitalism This book will be of great interest to scholars of the history of economic thought and particularly those interested in how we can relate Veblen s classic work to society today and in the future *Southern Economic Journal* , 1992 Contains section Book reviews Population, Environment, Development - Interactions John Innes Clarke, Léon Tabah, 1995 Bibliographic Guide to Business and Economics New York Public Library. liberalism's deep complicity with fascism The Japanese Ideology provides a materialist analysis of the reactionary ideology then overtaking Japan with profound significance for anywhere fascism has taken root Modeled after Marx and Engels's The German Ideology it critiques idealism as the common ground for liberalism and fascism against which only historical materialism can suffice Tosaka demonstrates how liberal and fascist ideas at once justified and concealed Japan's colonization of East Asia and he investigates the many traces of fascism in Japanese thought and society The Japanese Ideology makes an important intervention in Marxist theory by criticizing reliance on the East West binary and the notion of the Asiatic mode of production Robert Stolz's translation introduces Anglophone readers to a classic of twentieth century Marxist thought by an unsung peer of Gramsci and Benjamin with striking relevance today **Sociological Abstracts** Leo P. Chall,1998 **Encyclopedia of Geography** Barney Warf,2010-09-21 Simply stated geography studies the locations of things and the explanations that underlie spatial distributions Profound forces at work throughout the world have made geographical knowledge increasingly important for understanding numerous human dilemmas and our capacities to address them With more than 1 200 entries the Encyclopedia of Geography reflects how the growth of geography has propelled a demand for intermediaries between the abstract language of academia and the ordinary language of everyday life The six volumes of this encyclopedia encapsulate a diverse array of topics to offer a comprehensive and useful summary of the state of the discipline in the early 21st century Key Features Gives a concise historical sketch of geography's long rich and fascinating history including human geography physical geography and GIS Provides succinct summaries of trends such as globalization environmental destruction new geospatial technologies and cyberspace Decomposes geography into the six broad subject areas physical geography human geography nature and society methods models and GIS history of geography and geographer biographies geographic organizations and important social movements Provides hundreds of color illustrations and images that lend depth and realism to the text Includes a special map section Key Themes Physical Geography Human Geography Nature and Society Methods Models and GIS People Organizations and Movements History of Geography This encyclopedia strategically reflects the enormous diversity of the discipline the multiple meanings of space itself and the diverse views of geographers It brings together the diversity of geographical knowledge making it an invaluable resource for any academic library *The Social Lens* Kenneth Allan,2010-05-13 The Social Lens An Invitation to Social and Sociological Theory Second Edition is an upper division undergraduate social theory textbook that introduces the student to the major classical and contemporary theorists The theorists were chosen for the diversity of their perspectives as well as their ability to introduce the student to contemporary theory Dr Allan uses a lively informative writing style to engage the students in the eras of social change that spawned the major sociological theories and then applies them to the current era which also is experiencing major social change [An Encyclopedic Dictionary of Marxism, Socialism and Communism](#) Jozef Wilczynski,1981 Encyclopaedia on Marxism socialism and communism political theory economic theory social theory
